The Parousia In The New Testament:

The Parousia in the New Testament Arthur Lewis Moore, 1966 **The Parousia** James Stuart Russell, 1887 The Parousia James Stuart Russell, 1878 The Parousia is a New Testament commentary by James Stuart Russell wherein the authority attempts to clarify and explain aspects of prophecy explained in the Gospels and elsewhere in the NT The term Parousia is derived from a Greek word meaning simply a coming or a presence In the context of the Bible and Christianity it refers to the return of Jesus Christ as a core prophecy of the New Testament scripture It is by investigating all of this material that James Russell seeks to make clear what exactly the Bible predicts and what specifically believers may expect in the future and what aspects of the prophecy have already occurred in the distant past Exhaustively researched and painstakingly compiled Russell's thesis is lengthy and split into three parts firstly he analyses the four Gospels of Christ secondly he examines the Acts of the Apostles and lastly he looks at the Book of Revelation and the visions therein No detail is spared from the author's learned gaze with aspects of the Bible lore clarified and explained For his part Russell believed that most aspects of the Bible prophecy have already been fulfilled in history only certain passages of Revelation have not yet corresponded to real world events Quoting and narrating the Biblical passages at length Russell's efforts to clarify are not in vain at the time this work was first published in the 1870s then edited and republished in the 1880s the reaction was one of praise Christians for whom the Bible's words and ideas had hitherto been a mystery at last had a book to consult whose wisdom was soundly supported by the very words of the Holy Bible It is thus with a measure of joy that the publisher presents this new reprint which unites all three parts of Russell's work in one volume A Theology of the New Testament George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974 Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology an augmented bibliography and an entirely new subject index *Theology of the New Testament* Georg Strecker, 2012-10-25 Contents are the theological conceptions of the authors of the New Testament considered from systematic viewpoints in the following sequence Paul the synoptics Jesus the saying source the Johannine literature including the Apocalypse of John the deutero Pauline writings the catholic epistles The Parousia in the New Testament A. L. Moore, 1964 **New Testament Words** William Barclay, 2000-01-01 Studies the meaning of such key New Testament words as agape charisma and hubris in classical and Hellenistic Greek the Septuagint and the papyri **Where Is the Promise of His Coming?** David L. Mathewson, 2018-10-26 The New Testament contains numerous statements by Jesus and New Testament authors that seem to suggest that Jesus was coming back soon in their lifetime But two thousand years later here we still are How do we handle this apparent failed prophecy Did Jesus and his followers get it wrong Did they miscalculate the timing of Jesus' return Or were Jesus and the authors of the New Testament anticipating something else The purpose of this book is to examine this issue by looking in detail at the New

Testament texts that seem to promise that Christ is coming back right away It will provide a possible answer to these questions in light of the tension between the promised imminent return of Christ and its delay **New Testament Theology** Gerhard Hasel, 1978-09-26 This book gives an overview about the varieties of approaches in the New Testament debate Abbreviations Introduction 1 Beginnings and the development of NT theology 2 Methodology in NT theology 3 The center and unity in NT theology 4 NT theology and the OT 5 Basic proposals toward a NT theology a multiplex approach Selectes bibliography Index of names Index of subjects **Theological Dictionary of the New Testament** Gerhard Kittel, Geoffrey William Bromiley, Gerhard Friedrich, 1964 Substantial articles on 2000 Greek words that are theologically significant in the New Testament Traces usage in classical Greek literature the Septuagint intertestamental texts and the New Testament
