## **The Parsons Ladies:**

*The Parson's Wedding* Thomas Killigrew, 1663      **The Parson's Daughter** Theodore Edward Hook, 1833      **The Ladies' Companion**, 1861      **The Parson's Daughter** Theodore Hook, 2022-02-12 Reprint of the original first published in 1867      The English Woman's Journal ,      **The Parson's Daughter. A novel. By T. E. H.** Theodore Edward Hook, 1867      The Works of Mrs. Gaskell: My Lady Ludlow, and other tales Elizabeth Cleghorn Gaskell, 1906      Brotherhood of Locomotive Firemen and Enginemen's Magazine , 1928      **My Lady Ludlow** Elizabeth Cleghorn Gaskell, 1861      *Lady and the Carpenter* Larry B. Bachman, 2018-08-08 Out of an unfortunate chain of events comes a clear reaffirmation of faith and a reuniting of family Even though her heart was always in the right place Lady Parsons did not always make the right choices When Jesse James comes into her life during her tender teenage years Lady thinks that together they can conquer the world However she follows her music dream to Hollywood leaving her family and most importantly Jesse behind Because of this choice she feels that family friendship and love are lost that SHE is lost But in the end the prodigal daughter returns to fulfill a promise made and to claim the victory that was already hers      **Memoirs of a Highland Lady** Elizabeth Grant, 1897

*My Lady Ludlow* Elizabeth Cleghorn Gaskell, 2016-01-14 CHAPTER I I am an old woman now and things are very different to what they were in my youth Then we who travelled travelled in coaches carrying six inside and making a two days journey out of what people now go over in a couple of hours with a whizz and a flash and a screaming whistle enough to deafen one Then letters came in but three times a week indeed in some places in Scotland where I have stayed when I was a girl the post came in but once a month but letters were letters then and we made great prizes of them and read them and studied them like books Now the post comes rattling in twice a day bringing short jerky notes some without beginning or end but just a little sharp sentence which well bred folks would think too abrupt to be spoken Well well they may all be improvements I dare say they are but you will never meet with a Lady Ludlow in these days I will try and tell you about her It is no story it has as I said neither beginning middle nor end My father was a poor clergyman with a large family My mother was always said to have good blood in her veins and when she wanted to maintain her position with the people she was thrown among principally rich democratic manufacturers all for liberty and the French Revolution she would put on a pair of ruffles trimmed with real old English point very much darned to be sure but which could not be bought new for love or money as the art of making it was lost years before These ruffles showed as she said that her ancestors had been Somebodies when the grandfathers of the rich folk who now looked down upon her had been Nobodies if indeed they had any grandfathers at all      **My Lady Ludlow** Elizabeth Gaskell, 2011-07-01 This beloved novella from author Elizabeth Gaskell offers a fascinating glimpse into the lives of women in the nineteenth century particularly those who were widowed or unmarried The lack of legal rights afforded to these women may come as a shock to contemporary readers but Gaskell addresses the unique challenges they faced and often triumphed over with grace and keen insight      Women at Work in World Wars I and II Paul

Chrystal,2024-04-04 This book is about women in World Wars I II women working in factories and on farms or toiling perilously in field stations just behind the front lines in inhospitable hospitals and convalescent homes It is therefore about the prodigious contribution women made to the war efforts from 1914 1918 and 1939 1945 standing in for the men who had left their places of work for the various theatres of war from Greece and Italy to Belgium from Mesopotamia to France Their tasks were many and various keeping the troops supplied with shells bullets and explosives keeping the nation from starving to death keeping hundreds of thousands of wounded troops alive so that they might fight another day The book is in short the uplifting but sometimes tragic story of the many women who stepped up to work in the factories hospitals field stations in transport and in civil defense on the farms and shipyards or signed up to the various military and civil services during the two world wars of the 20th century wars to end all wars The book is different because it deals with women s labour in both world wars and in all occupations it covers the discrimination and prejudice they faced from men at every level military and civilian even when they had demonstrated beyond doubt that they were quick learners industrious and proficient and usually as good as any man The book raises the embarrassing question why it has taken so long for the prodigious contribution women made in both wars to be recognized and why some women workers still remain air brushed from our military history after more than a century As it turned out little was beyond their capabilities and it is reasonable to suppose that without their huge efforts and accomplishments both wars might have turned out very differently for us **The parson's daughter, by the author of 'Sayings and doings'. By T. Hook** Theodore Edward Hook,1867 **The Magnetic Lady** Ben Jonson,1914 *The Women Who Professionalized Interior Design* Peter Dedek,2022-03-10 The Women Who Professionalized Interior Design explores the history of interior decorating and design from the late nineteenth century to the present highlighting the careers and contributions of significant American female interior designers who were instrumental in the creation of the field of residential and commercial interior design in the United States This book explores how interior design emerged as a distinct paying occupation in the nineteenth century thanks to a growing middle class and an increase in available cheap household goods following the Industrial Revolution Focusing primarily on the period from 1905 to 1960 it addresses the complex relationships among professionals in the design fields the social dynamics of designer client relationships and how class culture and family influenced their lives and careers The book emphasizes significant female interior decorators and writers on design including Candace Wheeler Elsie de Wolfe Edith Wharton Nancy McClelland Ruby Ross Wood Dorothy Draper Eleanor McMillen Brown and Sister Parish all of whom are underrepresented in the historical record relating their stories within the context of the history of design and architecture This book is an ideal and concise resource for students and faculty of interior design and women s history **Lady Beauclerc and Socialism** Henry Theodore Perfect,1908 **The Lady in the Car** William Le Queux,2021-05-21 The Lady in the Car 1908 is a novel by Anglo French writer William Le Queux Published at the height of Le Queux s career as a leading author of popular thrillers The

Lady in the Car is a story of romance adventure and international crime Using his own research and experience as a journalist and adventurer Le Queux crafts an accessible entertaining world for readers in search of a literary escape Known for his works of fiction and nonfiction on the possibility of Germany invading Britain a paranoia common in the early twentieth century William Le Queux also wrote dozens of thrillers and adventure novels for a dedicated public audience Although critical acclaim eluded him popular success made him one of England s bestselling writers In The Lady in the Car the narrator reveals his firsthand knowledge of the shadowy figure known across Europe as Prince Albert of Hesse Holstein in addition to a number of other elaborate aliases Renowned for his international connections debonair attitude and remarkable generosity the Prince is a smooth criminal who with the help of his trusted accomplices runs a lucrative criminal enterprise in broad daylight Gifted with a chameleon like ability to change his appearance the Prince targets wealthy men and women looking for a way to raise their influence in aristocratic society Using his state of the art Mercedes as both a symbol of his power and a powerful getaway vehicle the Prince is more than happy to oblige the fantasies of those with wealth to spare When an unsuspecting victim turns out to be an extremely powerful woman the Prince and his gang of thieves find themselves scrambling to not only keep their operation secret but to keep themselves from going to prison for the rest of their lives With a beautifully designed cover and professionally typeset manuscript this edition of William Le Queux s The Lady in the Car is a classic novel reimagined for modern readers

**In a New Light** Abigail Harrison Moore,R.W. Sandwell,2021-07-15 In the early 1970s a German study estimated that women expended as many calories cleaning their coal mining husbands work clothes as their husbands did working below ground arguably making the home as much a site of industrialized work as factories and mines But while energy studies are beginning to acknowledge the importance of social and historical contexts and to produce more inclusive histories of the unprecedented energy transitions that powered industrialization women have remained notably absent from these accounts In a New Light explores the vital place of women in the shift to fossil fuels that spurred the Industrial Revolution illuminating the variety of ways in which gender and energy intersected in women s lives in nineteenth and twentieth century Europe and North America From their labour in the home where they managed the adoption of new energy sources to their work as educators in electrical housecraft and their protests against the effects of industrialization women took on active roles to influence energy decisions Together these essays deepen our understanding of the significance of gender in the history of energy and of energy transitions in the history of women and gender By foregrounding women s energetic labours and concerns the authors shed new light on energy use in the past and provide important insights as societies move towards a carbon neutral future
