The Past That Poets Make:

The Past that Poets Make Harold E. Toliver, 1981 This analysis of the literary art of recapturing the past as the artist perceives it examines such questions as how a fictional narrative differs from other ways of seeing a past time to what extent literature is nontemporal and to what extent it is tied to the institutions and traditions of its era and how given works conjure up a sense of time *Poetry and the Making of the English Literary Past, 1660-1781* Richard G. Terry, 2001 The book

concludes that the opening up and ordering of the English literary past occurs earlier than is generally supposed and the same also applies to the process by which women writers achieve their own distinctive form of canonical recognition BOOK JACKET *Poetry, Print, and the Making of Postcolonial Literature* Nathan Suhr-Sytsma, 2017-07-10 The book reveals how mid twentieth century African Caribbean Irish and British poets profoundly affected each other in person and in print

Poetry in the Making Daniel Tyler, 2021 An edited collection on poetic creation in the Victorian period that studies nine major Victorian poets Wordsworth Tennyson Robert and Elizabeth Barrett Browning Clough Christina Rossetti Hopkins Swinburne and Yeats *Schubert's Poets and the Making of Lieder* Susan Youens, 1999-10-28 Lieder began with words with the composer's discovery of a poet and a poetic work but the scholarly study of lieder has tended to bypass those origins Schubert's choice of poets has traditionally come under fire for the preponderance of mediocre talent and yet many of these writers were highly esteemed in their day In her highly acclaimed study Susan Youens has chosen four such poets Gabriele von Baumberg Theodor Körner Johann Mayrhofer and Ernst Schulze in order to re-examine their lives works and Schubert's music to their verse All four poets were vivid inhabitants of a vivid era and their tribulations afford us added insight into the upheavals the manners and mores of their day **Making the Past Present** Paul Robichaud, 2007 Robichaud charts the

growth of Jones's medievalism from his earliest Pre-Raphaelite influences showing how his commitment to modernist aesthetics transformed his vision of the Middle Ages **The Art of English Poetry. Containing I. Rules for Making Verses. II. A Collection of the Most ... Sublime Thoughts ... in the Best English Poets. III. A Dictionary of Rhymes.**

-3. Ed Edward I Bysshe, 1708 *Chaucer and the Making of English Poetry, Volume 1* P. M. Kean, 2019-09-23 Originally published in 1972 This important work of Chaucerian scholarship deals with two aspects of the poet and his work his individual achievement and his place in history and demonstrates that in both these senses Chaucer is a maker of English poetry The author assesses the extent of Chaucer's debt to the English tradition She considers the development of his urbane manner as a new poetic technique and with reference to such poems as the Parlement of Foules and the House of Fame discusses new themes in the Love Vision She concludes with a detailed study of Chaucer's great debate on love Troilus and Criseyde *Albertino Mussato: The Making of a Poet Laureate* Aislinn McCabe, 2022-01-27 This book examines the life and political career of Albertino Mussato 1261-1329 a Paduan poet historian and politician Mussato was one of the first writers of the late medieval period to begin reviving classical Latin in his works His classical style tragic drama Ecerinis inspired by the

writings of Seneca paved the way for him to be crowned as the first poet laureate since antiquity This work outlines how Mussato depicted the course of his own career from being an impoverished teenager of insignificant birth to becoming a celebrated poet and scholar as well as an influential political figure It looks specifically at the years leading up to Mussato's public coronation on 3rd December 1315 as poet laureate for his city His writings are a key component of his political manoeuvres as he tried to navigate through the troubled waters of northern Italian politics The book demonstrates how the sources pertaining to Mussato's life and career are part of an exercise in self promotion and self fashioning intended to secure his position within factional politics but rooted in a philosophical approach derived from his early classical studies Accordingly this book acts as a fully fledged account of the interaction between Mussato's writings and his political career and how this contributed to his rise to fame

Make It the Same Jacob Edmond, 2019-07-30 The world is full of copies This proliferation includes not just the copying that occurs online and the replication enabled by globalization but the works of avant garde writers challenging cultural and political authority In *Make It the Same* Jacob Edmond examines the turn toward repetition in poetry using the explosion of copying to offer a deeply inventive account of modern and contemporary literature *Make It the Same* explores how poetry an art form associated with the singular inimitable utterance is increasingly made from other texts through sampling appropriation translation remediation performance and other forms of repetition Edmond tracks the rise of copy poetry across media from the tape recorder to the computer and through various cultures and languages reading across aesthetic linguistic geopolitical and technological divides He illuminates the common form that unites a diverse range of writers from dub poets in the Caribbean to digital parodists in China samizdat wordsmiths in Russia to Twitter trolling provocateurs in the United States analyzing the works of such writers as Kamau Brathwaite Dmitri Prigov Yang Lian John Cayley Caroline Bergvall M NourbeSe Philip Kenneth Goldsmith Vanessa Place Christian B k Yi Sha Hsia Y and Tan Lin Edmond develops an alternative account of modernist and contemporary literature as defined not by innovation as in Ezra Pound's oft repeated slogan make it new but by a system of continuous copying *Make It the Same* transforms global literary history showing how the old hierarchies of original and derivative center and periphery are overturned when we recognize copying as the engine of literary change

Paths in Heidegger's Later Thought Günter Figal, Diego D'Angelo, Tobias Keiling, Guang Yang, 2020-03-10 If one takes Heidegger at his word then his philosophy is about pursuing different paths of thought rather than defining a single set of truths This volume gathers the work of an international group of scholars to present a range of ways in which Heidegger can be read and a diversity of styles in which his thought can be continued Despite their many approaches to Heidegger their hermeneutic orientation brings these scholars together The essays span themes from the ontic to the ontological from the specific to the speculative While the volume does not aim to present a comprehensive interpretation of Heidegger's later thought it covers much of the terrain of his later thinking and presents new directions for how Heidegger should and should not be read today Scholars of Heidegger's later thought will

find rich and original readings that expand considerations of Heidegger's entire oeuvre **Of Making Many Books** M. Edwards, 1990-10-19 **The Making of Restoration Poetry** Paul Hammond, 2006 A survey of Restoration poetry from the forms in which it was disseminated to studies of important texts This book explores the complex ways in which authors, publishers and readers contributed to the making of Restoration poetry The essays in Part I map some principal aspects of Restoration poetic culture: how poetic canons were established through both print and manuscript; how censorship operated within the manuscript transmission of erotic and politically sensitive poems; the poetic functions of authorial anonymity; the work of allusion and intertextual reference; the translation and adaptation of classical poetry; and the poetic representations of Charles II Part II turns to individual poets and charts the making of Dryden's canon; the ways in which Mac Flecknoe operates through intertextual allusions; the relationship of the variant texts of Marvell's 'To his Coy Mistress' and the treatment of Rochester's canon and text by his modern editors The discussions are complemented by illustrations drawn from both printed books and manuscripts PAUL HAMMOND is Professor of Seventeenth Century Literature at the University of Leeds

Quotable English couplets Mulki Radhakrishna Shetty, 2007 **Reading Thomas Hardy** C. Pettit, 2016-07-27 The wide-ranging and lively essays in *Reading Thomas Hardy* will appeal to anyone interested in Hardy Specialists and Hardy enthusiasts will find a showcase for the work of many of the world's leading Hardy scholars Subjects covered include Hardy the writer and Hardy the man; individual texts and wider themes; and Hardy's relationships to other artists Whether presenting new research embodying the best of traditional approaches or challenging the reader with new interpretations, all the papers are authoritative and accessible **Experimentalism in Wordsworth's Later Poetry** Tim Fulford, 2023-06-29

Tim Fulford provides detailed readings of a range of little-known late and difficult poems which together present an alternative Wordsworth to the one we are used to This newly revealed Wordsworth continued experimenting with form, genre and style as his career progressed so as to ponder the challenging experiences presented by later life Fulford invites the reader to engage through Wordsworth's poetry with such broadly felt concerns as quarantine, isolation, mental illness and bereavement Focused yet broad in chronological scope, this study also considers the literature of Wordsworth's old age in relation to his earlier work *The Rise of the Greek Epic* Gilbert Murray, 1924 *Plato and the Poets* Pierre

Destrée, Fritz-Gregor Herrmann, 2011-03-21 The nineteen essays presented here aim to illuminate the ways poetry and the poets are discussed by Plato throughout his writing career As well as throwing new light on old topics such as mimesis and poetic inspiration, the volume introduces fresh approaches to Plato's philosophy of poetry and literature **Tradition and Influence in Anglo-Irish Poetry** Terence Brown, Nicholas Grene, 1989-06-18 A collection of essays presenting an insider view of the Irish poetic tradition It brings together some of the best-known poets and critics writing in Ireland today, exploring the multiple traditions and influences within Anglo-Irish poetry from the 19th century to the present Notes to Make the Sound Come Right T.J. Anderson III, 2004-07-01 In *When Malindy Sings* the great African American poet Paul

Laurence Dunbar writes about the power of African American music the notes to make the sound come right In this book T J Anderson III son of the brilliant composer Thomas Anderson Jr asserts that jazz became in the twentieth century not only a way of revising old musical forms such as the spiritual and work song but also a way of examining the African American social and cultural experience He traces the growing history of jazz poetry and examines the work of four innovative and critically acclaimed African American poets whose work is informed by a jazz aesthetic Stephen Jonas 1925 1970 and the unjustly overlooked Bob Kaufman 1925 1986 who have affinities with Beat poetry Jayne Cortez 1936 whose work is rooted in surrealism and the difficult and demanding Nathaniel Mackey 1947 who has links to the language writers Each fashioned a significant and vibrant body of work that employs several of the key elements of jazz Anderson shows that through their use of complex musical and narrative weaves these poets incorporate both the tonal and performative structures of jazz and create work that articulates the African journey From improvisation to polyrhythm they crafted a unique poetics that expresses a profound debt to African American culture one that highlights the crucial connection between music and literary production and links them to such contemporary writers as Michael Harper Amiri Baraka and Yusef Komunyakaa as well as young recording artists United Future Organization Us3 and Groove Collection who have successfully merged hip hop poetry and jazz
