LORENZO, Ana Isabel ZAMORANO
RUEDA**

The Patient Particulars American Modernism And The Technique Of Originality:

The Patient Particulars Christopher J. Knight, 1995 *The Patient Particulars American Modernism and the Technique of Originality* is a literary history that focuses on four canonical texts Stein's *Tender Buttons* 1914 Hemingway's *In Our Time* 1925 Williams's *Spring and All* 1923 and Moore's *Observations* 1924 grouped together for the purpose of raising a question about the manner in which American literary modernism is traditionally described. Author Christopher J. Knight is interested in the way that the classical covenant between word and world now considered fractured experienced undue pressure from the modernists' earlier project to bridge the gap. With respect to the texts named Knight argues that there is an evinced desire to think of the work as a vertical veridical act of discovery. There is as such an ambition to collapse representation into presentation and even revelation an ambition that while quixotic is not without formal the technique of originality and political consequences. These consequences are in fact the main focus of the book and in turn are brought forward to ask further questions about how we periodize American literary modernism's. **BOOK JACKET Title Summary** field provided by Blackwell North America Inc All Rights Reserved **American Literature and Culture, 1900 - 1960** Gail

McDonald, 2008-04-15 This introduction to American literature and culture from 1900 to 1960 is organized around four major ideas about America that is it big new rich and free. Illustrates the artistic and social climate in the USA during this period. Juxtaposes discussion of history popular culture literature and other art forms in ways that foster discussion questioning and continued study. An appendix lists relevant primary and secondary works including websites. An ideal supplement to primary texts taught in American literature courses. **Charles Taylor's Vision of Modernity** Christopher Garbowski, Jan Hudzik, Jan Kłos, 2009-05-27 Charles Taylor is currently one of the most renowned and influential contemporary philosophers. He is also widely quoted and discussed both in the social sciences and humanities. Taylor earns this attention through his remarkable capacity for presenting his conceptions in the broadest possible intellectual and cultural context. His philosophical intuition is fundamentally antinaturalistic and tends toward developing broad syntheses without a trace of systematizing thinking or any anarchic postmodernist methodology. His thought unites the past with the present while culture is treated as a broad mosaic of discourses. Religion art science philosophy politics and ethics are all fields through which the Canadian philosopher deftly moves about in his search for their hidden structures and deepest sense. Taylor's philosophical output is prodigious. Recently as his monumental study *A Secular Age* 2007 indicates he has been concentrating much of his attention on the problem of secularization. The selection of contributions in the current volume proffer a penetrating cross section of Taylor's thought. They are derived from a conference held in October 2008 in Lublin Poland. Although some of the articles are focused on a reconstruction of the philosopher's concepts most either engage in a polemic with elements of his thought or find inspiration in it for their own reflections. The contributions are grouped in four parts 1 philosophy and the modern self 2 the problem of secularization 3 between liberalism and communitarianism and 4 language literature and

culture **Gertrude Stein's Surrealist Years** Ery Shin, 2020-06-23 Examines how surrealism enriches our understanding of Stein's writing through its poetics of oppositions Gertrude Stein's Surrealist Years brings to life Stein's surrealist sensibilities and personal values borne from her WWII anxieties not least of which originated in a dread of anti-Semitism Stein's earlier works such as *Tender Buttons* and *Lucy Church Amiably* tend to prioritize formal innovations over narrative building and overt political motifs However Ery Shin argues that Stein's later works engage more with storytelling and life writing in startling ways most emphatically and poignantly through the surrealist lens Beginning with *The Autobiography of Alice B. Toklas* and continuing in later works Stein renders legible her war-torn era's jarring dystopian energies through narratives filled with hallucinatory visions teleportation extreme coincidences action reversals doppelgängers dream sequences spanning both sleeping and waking states and great whiffs of the occult Such surrealist gestures are predicated on Stein's return to the independent clause and by extension to plot characterization and anecdotes By summoning the marvelous in a historically situated world Stein joins her surrealist contemporaries in their own ambivalent crusade on behalf of historiography Besides illuminating Stein's art and life the surrealist framework developed here brings readers deeper into those philosophical ideas invoked by war Topics of discussion emphasize how varied Jewish experiences were in Hitler's Europe how outliers like Stein can be included in the surrealist project surrealism's theoretical bind in the face of WWII and the age-old question of artistic legacy *William Gaddis* Aaron Tillman, 2009 Presents a collection of critical essays on the works of William Gaddis *Impossible Women* Valerie Rohy, 2018-10-18 *Impossible Women* fills a critical gap in queer theory by spotlighting representations of lesbian sexuality in nineteenth and twentieth century American literature Reading through the lens of feminist and psychoanalytic theory Valerie Rohy considers texts by Nathaniel Hawthorne Kate Chopin Henry James Zora Neale Hurston Ernest Hemingway and Elizabeth Bishop Addressing American ideologies of reproduction and representation *Impossible Women* suggests that lesbian figures are made to symbolize both the unrepresentable and the failures of meaning inherent in language Rohy traces the ways lesbian sexuality relegated to the domain of the ineffable yet endlessly subject to inscription appears in tropes of transference and displacement the disembodied voice repetition compulsion and the uncanny *Impossible Women* also asks what cultural work such figures perform locating lesbian desire in American literary history and engaging issues of genre and narrative social formations such as the rhetoric of the New Woman and intersections of racism sexism and homophobia *Critics and Poets on Marianne Moore* Linda Leavell, Cristanne Miller, Robin G. Schulze, 2005 The first collection of essays about Marianne Moore to appear in fifteen years this book brings together the work of well-established Moore scholars such as Patricia C. Willis Elizabeth Gregory Cristanne Miller Linda Leavell and Robin G. Schulze with that of new contributors to the field The essays in this volume written from a variety of international perspectives range across the most pressing concerns of contemporary literary study and reassert Moore's centrality to a critical and poetic field in which she has been surprisingly marginalized This book also includes

poems written by contemporary poets many of them significant contributors to scholarship on Moore as a way of acknowledging the importance of Moore's verse to living writers The poems compliment the scholarly essays by demonstrating in verse the important ways in which Moore's artistic achievements have stimulated her successors

Modern and Contemporary American Literature María Magdalena GARCÍA LORENZO, Ana Isabel ZAMORANO RUEDA, 2013-02-06 Dirigido a estudiantes de la UNED para la asignatura Literatura Norteamericana y Contemporánea del grado Estudios Ingleses Lengua Literatura y Cultura Ofrece un recorrido por la vida de los autores las preocupaciones del siglo XX en la literatura americana y presta principal atención al modernismo y al posmodernismo como grandes momentos culturales

Radical Empiricists Helen Thaventhiran, 2015 Radical Empiricists presents a new history of criticism in the first half of the twentieth century against the backdrop of the modernist crisis of meaning Our received idea of modernist criticism is that its novelty lay in being very empirical critics believed in looking closely at words on the page Such close reading has since been easy to ridicule but this book seeks to consider whether this is fair have we in the rush either to dismiss or even to defend the idea of close reading often failed to look closely at what it involves in practice Against this oversight Radical Empiricists turns close reading back on itself proposing some innovative readings of the prose of five major modernist poet critics I A Richards T S Eliot William Empson R P Blackmur and Marianne Moore The book is divided into two parts preceded by an introduction that explores what these five writers share a radical self consciousness about the key critical concept meaning Part I How to read considers the prose techniques of Eliot Richards and Empson as they push at the boundaries of verbal analysis in other disciplines experimental psychology and anthropology classical commentary and textual criticism Part II introduces Blackmur and Moore alongside Empson and takes a more polemical look at how their critical styles defy various modernist orthodoxies about how not to read for example that paraphrase always destroys poetic meaning Many of these orthodoxies remain current re-visiting their history and attending to the rich detail of critical prose styles can allow us to lift some old unreflective constraints on our ways of knowing about poems *The Critics and Hemingway, 1924-2014* Laurence W. Mazzeno, 2015 Traces Hemingway's critical fortunes over the ninety years of his prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly

edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work *Tracing Hemingway's critical fortunes* tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's *Literary Criticism in Perspective* series

The Patient Particulars American Modernism And The Technique Of Originality Book Review: Unveiling the Magic of Language

The Patient Particulars American Modernism And The Technique Of Originality Introduction

In today's digital age, the availability of The Patient Particulars American Modernism And The Technique Of Originality books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Patient Particulars American Modernism And The Technique Of Originality books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Patient Particulars American Modernism And The Technique Of Originality books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Patient Particulars American Modernism And The Technique Of Originality versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Patient Particulars American Modernism And The Technique Of Originality books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Patient Particulars American Modernism And The Technique Of Originality

books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Patient Particulars American Modernism And The Technique Of Originality books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Patient Particulars American Modernism And The Technique Of Originality books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Patient Particulars American Modernism And The Technique Of Originality books and manuals for download and embark on your journey of knowledge?

FAQs About The Patient Particulars American Modernism And The Technique Of Originality Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.

The Patient Particulars American Modernism And The Technique Of Originality

What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
