The Paul Mellon Bequest Treasures Of A Lifetime:

The Paul Mellon Bequest Malcolm Warner, Yale Center for British Art, 2001 **Paul Mellon's Legacy** John Baskett, Jules David Prown, Duncan Robinson, Brian Allen, William S. Reese, William J. Reese, Yale Center for British Art, Royal Academy of Arts (Great Britain), 2007-01-01 Paul Mellon 1907-1999 was an unparalleled collector of British art. His collection now at Yale in the museum and study center he founded to house it rivals those in Britain's national museums and is unquestionably the most comprehensive representation of British art held outside of the United Kingdom. This book and the exhibition that it accompanies celebrate the centenary of his birth. Five introductory essays examine Mellon's extraordinary collecting activity as well as his role in creating both the Yale Center for British Art and the Paul Mellon Centre for Studies in British Art in London as gifts to his alma mater Yale. 1929 A lavishly illustrated catalogue section showcases 148 of the most exquisite and important paintings, watercolors, drawings, prints, sculpture, rare books, and manuscript material in the Yale Center's collection, including major works by Thomas Gainsborough, Joshua Reynolds, George Stubbs, John Constable, and J. M. W. Turner.

Priceless Roy Miles, 2003 Roy Miles is one of the most prolific, talented, and knowledgeable art dealers in the world. He once owned one of the largest galleries in London, from Manet to Gainsborough, from Toulouse-Lautrec to Stubbs; there are few great artists whose work has not passed through his hands. Moving in the upper reaches of society, Roy has met a host of famous and fascinating people, including Prince Charles, Princess Margaret, Ted Heath, and Ivana Trump. He has organized portraits to be painted for Rudolf Nuryev and for Margaret Thatcher. This is a tale of money, deals, scandal, and intrigue. Roy's life has been a blend of art, travel, the rich, and the famous, and this book gives you a glimpse into a world where money does the talking and the deal is all that matters.

This Sporting Life Robert Colls, 2020-08-28 Why did killing a fox mean liberty? What did parish revels have to do with the Peterloo Massacre? What did animal cruelty have to do with the English constitution? What did the Factory Acts mean for modern football? In *This Sporting Life*, Robert Colls explains sport as one of England's great civil cultures. The lived experiences of people from all walks of life are reclaimed to tell England's history through its great sporting cultures, from the horseback pursuits of the wealthy and politically connected to the street games in working-class neighbourhoods which needed nothing but a ball. It observes people at play, describes how they felt, and thought, carries the reader along to a match or a hunt or a fight, draws out the sounds and smells of humans and animals, showing that sport has been as important in defining British culture as gender, politics, education, class, and religion. "*The Compleat Horseman*" Yale Center for British Art, 2001

Art Lover's Travel Guide to American Museums Judith Swirsky, 2001 With over 750 listings, this travel guide to American art museums provides a directory of permanent collections and a year of special exhibitions. Organized by state and city by city, there is practical information about each venue's hours, ticket prices, handicap accessibility, and facilities, in addition to concise descriptions of collections and special shows. A calendar of temporary exhibits is provided for each museum. There are additional indexes of travelling exhibition itineraries.

and exhibits featuring Acoustiguide tours Picturing Animals in Britain, 1750-1850 Diana Donald, 2007-01-01 From fine art paintings by such artists as Stubbs and Landseer to zoological illustrations and popular prints a vast array of animal images was created in Britain during the century from 1750 to 1850 This highly original book investigates the rich meanings of these visual representations as well as the ways in which animals were actually used and abused What Diana Donald discovers in this fascinating study is a deep and unresolved ambivalence that lies at the heart of human attitudes toward animals The author brings to light dichotomies in human thinking about animals throughout this key period awestruck with the beauty and spirit of wild animals people nevertheless desired to capture and tame them the belief that other species are inferior was firmly held yet at the same time animals in stories and fables were given human attributes though laws against animal cruelty were introduced the overworking of horses and the allure of sport hunting persisted Animals are central in cultural history Donald concludes and compelling questions about them then and now remain unanswered On Exhibit , 2001
