The People Of Great Russia A Psychological Study:

The People of Great Russia Geoffrey Gorer, John Rickman, 1949 For contents see Author Catalog **The People of Great Russia** Geoffrey Gorer, John Rickman, 1962 **Russian Culture** Margaret Mead, John Rickman, 2001 This volume brings together two classic works on the culture of the Russian people which have been long out of print Gorer's Great Russian Culture and Mead's Soviet Attitudes towards Authority An Interdisciplinary Approach to Problems of Soviet Character were among the first attempts by anthropologists to analyze Russian society They were influential both for several generations of anthropologists and in shaping American governmental attitudes toward the Soviet Union during the Cold War period Additionally they offer fascinating insights into the early anthropological use of psychological data to analyze cultural patterns Read as part of the history of the anthropology of complex contemporary societies they are as fascinating for their more questionable conclusions as for their accurate characterizations of Russian life *The People of Great Russia* Geoffrey Edgar Gorer, John Rickman, 1959 **Dictionary of Race, Ethnicity and Culture** Guido Bolaffi, 2003 Race ethnicity and culture are concepts that are interpreted in various and often contradictory ways This Dictionary of Race Ethnicity and Culture provides the historical background and etymology of a wide number of words related to these concepts looking at discourses of race ethnicity and culture from a broadly multicultural perspective This new and up to date dictionary contains numerous references to both European and American concepts debates and terms Contributors to the dictionary include well known anthropologists biologists lawyers philosophers sociologists and psychologists enabling the Dictionary to bring an interdisciplinary approach to the subject matter and a rich variety of voice and content that would otherwise [The World of the Russian Peasant](#) Ben Eklof, Stephen P. Frank, 2023-10-13 First published in 1990 The World of the Russian Peasant is designed to provide a wide ranging survey of new developments in Russian peasant studies Editors Eklof and Frank paint a broad picture of what life was like for the vast majority of Russia's population before 1917 Individual authors treat the intricacies of the village community and peasant commune social structure the everyday life and labour of peasant women the impact of migration the spread of education and peasant art religion justice and politics The result is a portrait of a people greatly influenced by rapid and radical changes in the world yet seeking to maintain control over their lives and their communities This is a must read for students of Russian history Russian peasantry and rural sociology **THE PEOPLE OF GREAT RUSSIA** GEOFFREY GORER, JOHN RICKMAN, M.D., 1962 **Fundamentals of Research on Culture and Psychology** Valery Chirkov, 2015-11-19 This unique text covers the core research methods and the philosophical assumptions that underlie various strategies designs and methodologies used when researching cultural issues It teaches readers why and for what purpose one conducts research on cultural issues so as to give them a better sense of the thinking that should happen before they go out and collect data More than a methods text it is about all the steps that go into doing cross cultural research It discusses how to select the most appropriate methods for data analysis and which approach to use and details

quantitative qualitative and mixed methods for experimental lab studies and ethnographic field work *The Collected Works of D.W. Winnicott* Donald Woods Winnicott, 2016-12-31 Donald Woods Winnicott 1896 1971 was one of Britain's leading psychoanalysts and pediatricians. The author of some of the most enduring theories of the child and of child analysis, he coined terms such as the good enough mother and the transitional object, known to most as the security blanket. Winnicott's work is still used today by child and family therapists, social workers, teachers, and psychologists, and his papers and clinical observations are routinely studied by trainees in psychiatry and clinical psychology. Beyond the expected audiences of psychoanalysts and psychoanalytic psychotherapists, Winnicott also wrote for parents, teachers, social workers, childcare specialists, pediatricians, psychologists, art and play therapists, and others in the field of child development. Now for the first time, virtually all of Winnicott's writings are presented chronologically in 12 volumes, edited and annotated by leading Winnicott scholars. *The Collected Works of D.W. Winnicott* brings together letters, clinical case reports, child consultations, psychoanalytic articles, and papers, including previously unpublished works on topics of continuing interest to contemporary readers, such as delinquency, antisocial behavior, corporal punishment, and child care. *The Collected Works* begins with an authoritative General Introduction by editors Lesley Caldwell and Helen Taylor Robinson, while each of the volumes features an original introduction examining that volume's major themes, and written by an international Winnicott scholar and psychoanalyst. Throughout *The Collected Works*, editorial annotations provide historical context and background information of scholarly and clinical value. The final volume contains new and illuminating appendices, comprehensive bibliographies of Winnicott's publications and letters, documentation of his lectures and broadcasts, and a selection of his drawings. This extraordinary publication will be an essential resource for Winnicott admirers, the world over, and those interested in the history and origins of the fields of child development and psychoanalysis , *Psychology and History* Cristian Tileagă, Jovan Byford, 2014-02-20 As disciplines, psychology and history share a primary concern with the human condition. Yet historically, the relationship between the two fields has been uneasy, marked by a long-standing climate of mutual suspicion. This book engages with the history of this relationship and possibilities for its future intellectual and empirical development. Bringing together internationally renowned psychologists and historians, it explores the ways in which the two disciplines could benefit from a closer dialogue. Thirteen chapters span a broad range of topics, including social memory, prejudice, stereotyping, affect, and emotion, cognition, personality, gender, and the self. Contributors draw on examples from different cultural contexts, from eighteenth-century Britain to apartheid South Africa, to conflict-torn Yugoslavia, to offer fresh impetus to interdisciplinary scholarship. Generating new ideas, research questions, and problems, this book encourages researchers to engage in genuine dialogue and place their own explorations in new intellectual contexts *Nicholas and Alexandra* Robert K. Massie, 2012-09-18 A magnificent and intimate Harper's modern classic of Russian history, the spellbinding story of the love that ended an empire, from the Pulitzer Prize-winning author of *Peter the Great*, *The Romanovs*, and *Catherine the Great*.

A moving rich book This revealing densely documented account of the last Romanovs focuses not on the great events but on the royal family and their evil nemesis The tale is so bizarre no melodrama is equal to it Newsweek In this commanding book New York Times bestselling author Robert K Massie sweeps readers back to the extraordinary world of the Russian empire to tell the story of the Romanovs lives Nicholas s political na vet Alexandra s obsession with the corrupt mystic Rasputin and little Alexis s brave struggle with hemophilia Against a lavish backdrop of luxury and intrigue Massie unfolds a powerful drama of passion and history the story of a doomed empire and the death marked royals who watched it crumble

Textbook of Applied Psychoanalysis Salman Akhtar, Stuart Twemlow, 2020-09-10 The Textbook of Applied Psychoanalysis is a unique and original contribution to the field of psychoanalysis Emphasizing and underscoring the need for interdisciplinary discourse in understanding the dialectical relationship between mind and culture this volume addresses a multiplicity of realms These include anthropology religion philosophy history as well as evolutionary psychology medicine race poverty migration and prejudice Dimensions of social praxis such as education health policy and cyberpsychology are also addressed The enrichment of our understanding of the fine arts e g painting sculpture poetry and performing arts e g music dance cinema by the application of psychoanalytic principles and the enhancement of psychoanalysis by bringing such arts to bear upon it also form areas of this book s concern This magisterial volume brings distinguished psychoanalysts philosophers musicians poets businessmen architects and movie critics together to create a chorus of modern anthropologically informed and culturally sensitive psychoanalysis

Searching for a Self: Identity in Popular Culture, Media and Society Arthur Asa Berger, 2022-03-22 How do people turn out the way they do How do they arrive at themselves and attain an identity How are our identities affected by our birth order our hair color how tall or short we are our intelligence our occupation our race our religion our nationality the socio economic level of our parents or our being raised in a single parent family where we are born and where we grow up the language we learn the way we use language our fashion tastes our gender our education our psychological makeup chance experiences we have the people we marry if we marry and countless other factors There are numerous matters to consider when dealing with identity which as Nigel Denis the author of *Cards of Identity* reminds us is the answer to everything *Searching for a Self* takes a deep dive into the question of identity formation from various perspectives it is written in a reader friendly accessible style and makes use of insightful quotations from seminal thinkers who have dealt with the topic Split into two parts the first *Theories of Identity* offers evaluations of identity from semioticians psychologists sociologists and Marxists while the second *Applications* offers case studies on topics such as Russian identity Donald Trump s identity fashion and identity LGBTQIA identity Orthodox Jewish identity elite university education and identity tattoos and identity travel and identity and politics and identity Covering a wide array of subject areas this book will be a valuable resource for undergraduate students taking courses in identity sociology psychology cultural studies and other related fields

Modernization from the Other Shore David C.

Engerman,2004-01-15 From the late 19th century to the eve of World War II America's experts on Russia watched as Russia and the USSR embarked on a course of rapid industrialization In his examination of this era Engerman underscores the key role economic development played in America's understanding of Russia and explores its profound effects on U S policy

The Revolutionary Ascetic Bruce Mazlish,2017-07-05 Why have the great revolutionary leaders of modern times from Robespierre to Lenin and Mao Tse tung so often been ascetics austere puritans with few emotional ties What functions political as well as personal do these ascetic traits perform for the modern revolutionary leader and for his followers Noted historian and author Bruce Mazlish is convinced that beginning in the nineteenth century the needs of modernizing revolutions have produced a distinct new type of political leader the revolutionary ascetic This individual's denial of personal pleasures and commitments both enables him to perform politically necessary if personally repulsive revolutionary acts and to command the allegiance of his more worldly followers Starting with Cromwell and the religious ascetics of the Puritan Revolution Mazlish shows in a series of fascinating personality sketches how this asceticism first became secularized with the French Revolution and then in the nineteenth and twentieth centuries was put to the service of a new kind of total modernizing revolution in Russia China and elsewhere In two remarkably vivid portraits of Lenin and Mao Tse tung Mazlish shows us precisely how two of the century's best known revolutionaries consciously and unconsciously used their personal asceticism to induce revolutionary change

Constitutionalism in Asia Wen-Chen Chang,Li-ann Thio,Kevin YL Tan,Jiunn-rong Yeh,2014-02-19 This book of text cases and materials from Asia is designed for scholars and students of constitutional law and comparative constitutional law The book is divided into 11 chapters arranged thematically around key ideas and controversies enabling the reader to work through the major facets of constitutionalism in the region The book begins with a lengthy introduction that critically examines the study of constitutional orders in Asia highlighting the histories colonial influences and cultural particularities extant in the region This chapter serves both as a provisional orientation towards the major constitutional developments seen in Asia both unique and shared with other regions and as a guide to the controversies encountered in the study of constitutional law in Asia Each of the following chapters is framed by an introductory essay setting out the issues and succinctly highlighting critical perspectives and themes The approach is one of challenge and response whereby questions of constitutional importance are posed and the reader is then led by engaging with primary and secondary materials through the way the various Asian states respond to these questions and challenges Chapter segments are accompanied by notes comments and questions to facilitate critical and comparative analysis as well as recommendations for further reading The book presents a representative range of Asian materials from jurisdictions including Bangladesh China Hong Kong India Japan Mongolia Nepal Pakistan South Korea Sri Lanka Taiwan Timor Leste and the 10 ASEAN states

Introducing Anthropological Economics Sujay Rao Mandavilli, This paper attempts to merge the concepts and theoretical frameworks of the disciplines of Anthropology and Economics and attempts to create a new sub

field in Economics called Anthropological Economics which is mired in Anthropological concepts and principles and seeks to maximize not only human welfare and happiness but also wealth maximization across cultures while considering both the psychic unity of man universal human needs and culture specific factors Thus Anthropological Economics is expected to be inter related to other disciplines of Economics but remain complementary to them i e it is not expected that it will intrude into other sub fields of economics replace them or override their principles in any way It will therefore draw upon other aspects of economic theory and enrich them suitably It is therefore expected that all aspects of Economic theory will be taken into consideration for policy formulation and decision making including those of Anthropological economics and independent context specific judgment will always be applied The new proposed field of Anthropological Economics proposes to take the idea of Human Welfare to its logical conclusion by extending the work already carried out in various sub disciplines of economics and integrating it more tightly with various concepts in Anthropology Many new tools and techniques are therefore proposed as a part of this paper and we believe these will suitably enrich the field of Economics as well While many attempts have been made in the past to integrate the fields of Anthropology and Economics we hope this endeavour will take this exercise to a much higher level by creating a new generation of Anthroecconomists We also hope it will eventually help move mainstream economics away from Neo classical approaches to Anthropological and human centric approaches

Crowds in American Culture, Society and Politics Arthur Asa Berger, 2023-05-02 This book builds on Le Bon s classic *The Crowd* to evaluate the role of crowds in American culture society and politics It offers a detailed description of Le Bon s book along with material on Freud s book on group psychology crowds and cults the semiotics of crowds American national character and crowds the 1 6 attack on the Capitol and crowds and COVID 19 Mothers of Misery David L. Ransel, 2014-07-14 At the height of its operation in the second half of the nineteenth century the central foundling home in Moscow was receiving 17 000 children each year The home dispatched most to wet nurses and foster care in the countryside where at any one time it supervised over 40 000 children in Moscow province and six adjoining provinces Established by Empress Catherine II in the middle of the eighteenth century the two central foundling homes the other was in St Petersburg were intended to deal humanely with the growing problems of abandonment and infanticide and to serve as social laboratories for educating artisans and craftspeople David Ransel explores the creation and management of these institutions shows how they functioned as a point of contact between educated society and the village and compares them to the European foundling care programs on which they were modeled There were two central foundling homes in Russia one in Moscow one in St Petersburg In this book no significant aspect of their history is left untouched and many issues are described and analyzed in rich detail the book becomes in part a history of rural Russia over a one hundred fifty year period or more accurately of the provincial hinterlands of the two capitals The interaction between city and countryside turns out to be much more than a cliché in this fascinating study Reginald E Zelnik *American Historical Review* Originally published in
