that connects migrants to their communities of origin This ethnographic anthology challenges that position by reframing the religious experiences of migrants as a transformative force capable of refashioning narratives of displacement into journeys of spiritual awakening and missionary calling These essays explore migrants motivations in support of an argument that to travel inspires a search for new meaning in religion *Becoming Apostolic* Catherine Sexton, 2024-07-01 This book explores the experience and understanding of Roman Catholic sisters of their vocation to the apostolic form of religious life as they age Based on interviews with twelve religious women it draws on the practice of Lectio Divina to explore how these women describe their call to service and activity at a time in life when these might be curtailed by physical diminishment and increasingly reduced social interaction and influence As the very institutions of religious life are themselves under threat the book identifies new emerging forms of ministry through presence to each other and to their carers *Becoming a Sage* Sharon Wegscheider-Cruse, 2016-02-16 As a pioneer in the adult children of alcoholics movement Sharon Wegscheider Cruse helped countless people heal from their painful pasts and forge a better tomorrow for themselves and future generations Here she reflects on her own life journey the deep lows the soaring highs the mundane and the magnificent and shows us that our lives are a tapestry of our experiences Stitched together we can see the purpose in every moment and when we weave in the wisdom of those who have come before us uncover valuable lessons that we can impart to others In this process we become a sage someone who has reached a time of inner wisdom and peace and yet wants more Wherever you are in life s journey *Becoming a Sage* will encourage you to be courageous and confident to become of teller of the truth and embrace your past both the good and the bad with grateful acceptance By doing so you too will become a sage and realize your radiant vitality and worth in the world Publisher [Losing My Religion](#) Ria Barna, 2008-03-31 We all own a very special key It is the key that unlocks all that we are and all that we could ever want and dream of wanting Access to this key is so simple yet we make it so hard This key is always there waiting for us to use it to unlock our treasure chest and to release the power within it We all want so badly to be the winner of the big lottery but little do we know we already are the winner We think winning the lottery will give us the power to do what we want with our lives If we only knew that all the power is already within us They say that in the last days the hearts of many men will fail because of fear Our hearts fail every time we make a decision based in fear instead of believing to trust what is in our hearts Our heart is each and everyones very own treasure chest that is open every time we choose to believe what is in it Now if the key to all our happiness is in our treasure chest which lies within our heart wouldnt it make sense that our number one priority in life would be to discover our heart and what lies within it Every time we make a decision aligned with our heart we tap into our power and release a potent and invisible energy into the world This energy in turn orchestrates the universe to reflect back into our lives that ultimately leads us to fulfill our purpose We must believe that all of lifes experiences situations and relationships are there to take us on a great journey A journey that creates opportunities for self discovery and that promotes self growth and awareness One

experience of life is death However it is not death in the physical sense but in a spiritual sense It is dying to who we thought we were and dying to what we thought we believed and to how we defined ourselves A lot of what we thought really isn't even our own thoughts They are actually thoughts we adopted from others They are thoughts and beliefs imposed on us by others beginning right down to when we were babies In this process to self discovery we must cut off the junk we gathered in life that are not our own in order to become in alignment to who we are God is the very essence of life the life within us and the life outside us As we continue the path of self discovery happiness is sure to follow The compass that should aid us in our journey is called bliss Following our bliss is the key to what is in your heart and ultimately to be one with God The key to our fulfillment in life is not to create separation between who God is and who we are We are one with God We are cocreators with God and we have the power to create whatever we want
