Garfield, Sonam Thakchöe, 2025 This book is a study of Candrak irti s c 600 660 CE philosophy and of his place in the history of the Madhyamaka or Middle Way school of Buddhist philosophy as it has developed in India Tibet and in modernity We show how the structure of Candrak irti s epistemology ontology and ethical theory hang together We do so with attention to how his thought might inform contemporary philosophical debates We want to understand how Candrak irti takes things to hang together and how the various projects he undertakes themselves hang together to the extent that he offers us a single coherent Madhyamaka vision and we achieve this understanding by attention to all of Candrak irti s principal philosophical texts We argue that canonical and contemporary readings of Candrak irti according to which he is a nihilist are incorrect and that his program takes conventional truth seriously and presupposes the reality of the world Provided by publisher [Buddhist Text Information](#), 1988 **Readings of the Lotus Sutra** Stephen F.
