# The Persecution Of The Catholic Church In The Third Reich

**Michael Burleigh**

## **The Persecution Of The Catholic Church In The Third Reich:**

The Persecution of the Catholic Church in the Third Reich, 1940      **The Persecution of the Catholic Church in the Third Reich** Anonymous, Pelican Publishing, 2003 Here are the writings and speeches of the Pope and the German hierarchy the official decrees and instructions of the government and the speeches and teachings of the Nazi Party The cumulative weight of this testimony is sufficient to establish the German persecution as the worst because it is the most efficient of modern times The Commonwealth 1941 Complete and devastating The facts are authentic and incontrovertible The documents are likewise authentic and thoroughly substantiated To anyone who thinks there is no persecution of the Catholic Church in Germany we recommend this volume America 1941 Originally published in 1941 this volume exists as a potent archive of the Catholic Church's early vigorous resistance to the German National Socialist Party's brutal policies against religion Included here is everything from brief speeches given even to small groups as early as 1933 expressing the church's grave concern over increasing governmental anti-Christian and anti-Catholic policies to internal church documents The book also includes Pope Pius XI's encyclical denouncing Nazism the full text of the concordat between the Third Reich and Holy See and sixteen editorial cartoons capturing the virulence and vulgarity of the Nazi anti-Catholic campaign The Persecution of the Catholic Church in the Third Reich is an important documentation of this often overlooked resistance movement      The Persecution of the Catholic Church in the Third Reich Roger A. McCaffrey Publishing, 2002-02-01      *The Nazi Persecution of the Churches, 1933-1945* John S. Conway, 1997 Conway presents a landmark text on the history of German churches during the Nazi era      **The Persecution of the Catholic Church in the Third Reich. Facts and Documents. Translated from the German. [With Plates.]** Roman Catholics (Germany), 1940      Catholic Citizens in the Third Reich Donald J. Dietrich, 1988-01-01 Why did some German Catholics support and others oppose the police state that was the Third Reich In this insightful analysis Donald Dietrich explores the social psychological dynamics behind the religious reactions of German Catholics to political and moral issues during the late Weimar and Third Reich eras Along with many other Germans Catholics were enmeshed in a cruel dilemma Assenting to Nazi ideals would mean a loss of moral credibility opposing them would result in persecution Dietrich shows how Catholics accommodated and sometimes resisted totalitarianism and the Final Solution Three groups of Catholics are examined the hierarchy the theologians and the laity The literature on Nazi Germany is enormous But this is the first analysis of the dynamics shaping individual motivations and group response to Nazi ideals This comprehensive work fuses results derived from social science research with the massive amount of historical data available It is an interdisciplinary study relating religious values to patterns of behavior an issue that retains its significance today      **The Persecution of the Catholic Church in the Third Reich**, 1942 Appendix I Concordat between the Holy See and the German Reich      *The Third Reich* Michael Burleigh, 2001-11 Michael Burleigh's *The Third Reich* presents a major study of one of the twentieth century's darkest periods Until now there has been no up to date one volume international

history of Nazi Germany despite its being among the most studied phenomena of our time The Third Reich restores a broad perspective and intellectual unity to issues that have become academic subspecialties and offers a brilliant new interpretation of Hitler's evil rule Filled with human and moral considerations that are missing from theoretical accounts Michael Burleigh's book gives full weight to the experience of ordinary people who were swept up in or repelled by Hitler's movement and emphasizes how international themes for Nazi Germany appealed to many European nations It also focuses on the Nazi's wartime conduct to dominate the Continental economy and involve gigantic population transfers and exterminations recruitment of foreign labor and multinational armies

*Popular Opinion and Political Dissent in the Third Reich, Bavaria 1933-1945* Ian Kershaw, 2002 Now updated with a new introduction and bibliography Ian Kershaw's classic study of popular responses to Nazi policy and ideology explores the political mentality of ordinary Germans in one part of Hitler's Reich Basing his account on many unpublished sources the author analyses socio-economic discontent and the popular reaction to the anti-Church and anti-Jewish policies of the Nazis and reveals the bitter divisions and dissent of everyday reality in the Third Reich in stark contrast to the propaganda image of a National Community united behind its leaders The focus on one particular region makes possible a depth of analysis that takes full account of local and social variations and avoids easy generalization but the findings of this study of ordinary behaviour in a police state have implications extending far beyond the confines of Bavaria or indeed Germany in this period

The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum Thomas Alexander Blüger, 2021-03-09 Thomas has been researching his family's Jewish background for the last thirty years Herein he investigates how his Jewish grandparents and aunt defined as a nonprivileged Mischling survived the war while living in the heart of Nazi Germany This led Thomas to research Hitler's fear of having partial Jewish ancestry and expanded into a full-blown study of following Christianity's understanding of the Jewish identity of Jesus of Nazareth throughout history Not leaving matters here Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church's long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius in 1854 This happened twenty-seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer Years later with the emergence of Nazi racial ideology many anti-Christian Christians attempted to invert Christianity's core message of salvation through faith toward biological ends This would not do Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology According to that same end the ideal of ensoulment since the time of the Church's renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization This is the first book the author knows of that follows Augustine's concept of ensoulment as well as Aquinas's thinking on the matter while linking these to Karl Ernst

von Baer's discovery of the human ovum in 1827 up until the events of Shoah and beyond This study is phenomenological in nature in that it does not follow Jesus of Nazareth the Virgin Mary throughout history but rather follows the image of Jesus of Nazareth the Virgin Mary a monumental difference This study supports the Second Vatican Council the Church's latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary John Paul II's call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations This study builds upon the author's past article Following the Virgin Mary through Auschwitz Marian Dogmatic Theology at the Time of the Shoah published in Holocaust Studies A Journal of Culture and History Vol 14 winter 2008 No 3 pp 1-24 **The Pius War** Joseph Bottum, David G. Dalin, 2010-03-16 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII leader of the Catholic Church during World War II the Holocaust and the early years of the Cold War the task of defending the Pope has fallen primarily to reviewers These reviewers formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers magazines and scholarly journals making it nearly impossible for the average reader to gauge the results In The Pius War Weekly Standard's Joseph Bottum has joined with Rabbi David G Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications Together with a team of professors historians and other experts the reviewers conclusively investigate the claims attacking Pius XII The Pius War and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students destined to become a major resource for anyone interested in questions of Catholicism the Holocaust and World War II Confronting the Nazi War on Christianity Richard Bonney, 2009 Contemporaries and historians have found it difficult to interpret the ambiguous relationship between National Socialism and Christianity Both the Catholic and Protestant Churches tended to agree with National Socialists in their authoritarianism their attacks on socialism and communism and their campaign against the Versailles Treaty but the doctrinal position of the Churches could not be reconciled with the principle of racism a foreign policy of unlimited aggressive warfare or a domestic agenda involving the complete subservience of Church to State Important sections of the Nazi Party sought the complete extirpation of Christianity and its substitution by a purely racial religion but considerations of expediency made it impossible for the National Socialist leadership to adopt this radical anti-Christian stance as official policy The Kulturkampf Newsletters which have not appeared in English since the 1930s were produced by German Catholic exiles in France They scrupulously document the tensions between various strands of Nazi policy and the nature of the policy eventually adopted this was to reduce the Churches influence in all areas of public life through the use of every available means yet without provoking the difficulties diplomatic as well as domestic which an openly declared war of extermination might have caused The Gestapo Frank McDonough, 2015-08-27 Named as a 2016 Book of the Year by the Spectator A Daily Telegraph Book of the Week August 2015 Longlisted for 2016 PEN Hessel Tiltman Prize Ranked in 100 Best Books of 2015 in the Daily Telegraph

Professor Frank McDonough is one of the leading scholars and most popular writers on the history of Nazi Germany Frank McDonough's work has been described as modern history writing at its very best Ground breaking fascinating occasionally deeply revisionist by renowned historian Andrew Roberts Drawing on a detailed examination of previously unpublished Gestapo case files this book relates the fascinating vivid and disturbing accounts of a cross section of ordinary and extraordinary people who opposed the Nazi regime It also tells the equally disturbing stories of their friends neighbours colleagues and even relatives who were often drawn into the Gestapo's web of intrigue The book reveals too the cold blooded and efficient methods of the Gestapo officers This book will also show that the Gestapo lacked the manpower and resources to spy on everyone as it was reliant on tip offs from the general public Yet this did not mean the Gestapo was a weak or inefficient instrument of Nazi terror On the contrary it ruthlessly and efficiently targeted its officers against clearly defined political and racial enemies of the people The Gestapo will provide a chilling new doorway into the everyday life of the Third Reich and give powerful testimony from the victims of Nazi terror and poignant life stories of those who opposed Hitler's regime while challenging popular myths about the Gestapo

*The Shaping of the Nazi State (RLE Nazi Germany & Holocaust)* Peter D. Stachura, 2014-09-19 Representing the scholarship of historians who have largely based their findings on previously unpublished material this volume originally published in 1978 provides a critical and provocative assessment of many established opinions on significant themes related to the dramatic rise and development of Adolf Hitler's Nazi Movement The volume discusses among other things The development of Hitler's foreign policy ideas The contributions of Gottfried Feder and Gregor Strasser to the successful growth of the Nazi party The social composition of the Stormtroopers The bureaucratic structure of the Third Reich The character and scope of resistance within Germany to the regime

Popular Opinion and Political Dissent in the Third Reich Ian Kershaw, 1983-02-17 Now updated with a new introduction and bibliography Ian Kershaw's classic study of popular responses to Nazi policy and ideology explores the political mentality of ordinary Germans in one part of Hitler's Reich Basing his account on many unpublished sources the author analyses socio economic discontent and the popular reaction to the anti Church and anti Jewish policies of the Nazis and reveals the bitter divisions and dissent of everyday reality in the Third Reich in stark contrast to the propaganda image of a National Community united behind its leaders The focus on one particular region makes possible a depth of analysis that takes full account of local and social variations and avoids easy generalization but the findings of this study of ordinary behaviour in a police state have implications extending far beyond the confines of Bavaria or indeed Germany in this period

**Hitler, the War, and the Pope, Revised and Expanded** Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak

has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O Connor 1920 2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute *The Dark Side of Church/State Separation* Stephen Strehle, 2017-09-08 The Dark Side of Church State Separation analyzes the Enlightenment s attack upon the Judeo Christian tradition and its impact upon the development of secular regimes in France Germany and Russia Such regimes followed the anti Semitic anti Christian agenda of the French Enlightenment in blaming the Judeo Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means apart from any revelation from God or Scripture Stephen Strehle s analysis extends our understanding of church state relations and its history He confirms the spiritual roots of modern anti-Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti-Semitism and anti Christianity Strehle questions the absolute doctrine of church state separation given its background in the bigotries of the philosophes He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious community with the state and its secular ideology This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions Readers will gain an understanding of the most influential ideas shaping the modern world and present day culture *The Blessed Abyss* Nanda Herbermann, 2000-09-01 One woman s memories of her deportation to Ravensbrück Concentration Camp for Women in July 1941 On February 4 1941 Nanda Herbermann a German Catholic writer and editor was arrested by the Gestapo in Münster Germany Accused of collaboration with the Catholic movement Herbermann was deported to Ravensbrück Concentration Camp for Women in July 1941 and later released upon direct orders from Heinrich Himmler on March 19 1943 Although she was instructed by the Gestapo not to reveal information about the camp Herbermann soon began to record her memories of her experiences The Blessed Abyss was originally published in

German under the imprint of the Allied occupation forces in 1946 and it now appears in English for the first time Hester Baer and Elizabeth Baer include an extensive introduction that situates Herbermann's work within current debates about gender and the Holocaust and provides historical and biographical information about Herbermann Ravensbrück and the Third Reich

*The Third Reich* Martin Kitchen, 2014-01-14 The twelve years of the Third Reich casts a dark shadow over history Fierce debates still rage over many of the hows whys and wherefores of this perplexing period Leading expert on German history Martin Kitchen provides a concise accessible and provocative account of Nazi Germany It takes into account the political social economic and cultural ramifications and sets it within the context of the times while pointing out those areas that still defy our understanding This lively account addresses major issues such as the reasons for Hitler's extraordinary popularity his hold over the German people even when all seemed lost the role of ideology the cooption of the elites and the descent into war for race and space culminating in the horrors of the holocaust

*The Catholic Church And Nazi Germany* Guenter Lewy, 2009-09-09 The subject matter of this book is controversial Guenter Lewy states plainly in his preface To show the German Catholic Church's congeniality with some of the goals of National Socialism and its gradual entrapment in Nazi policies and programs Lewy describes the episcopate's support of Hitler's expansionist policies and its failures to speak out on the persecution of the Jews To this tragic history Lewy brings new focus and research illuminating one of the darkest corners of our century with scholarship and intellectual honesty in a riveting and often painful narrative
