Sir Gawain Thomas Hahn, 1995-07-01 This volume is the first affordable modern collection of all eleven of the known Middle English Gawain tales and aims to make these texts accessible to a wider contemporary audience These poems The Wedding of Sir Gawain and Dame Ragnelle Sir Gawain and the Carle of Carlisle The Avowyng of Arthur The Awyntrs off Arthur The Knightly Tale of Gologras and Gawain The Greene Knight The Turke and Sir Gawain The Marriage of Sir Gawain The Carle of Carlisle The Jeaste of Sir Gawain and King Arthur and King Cornwall are united by their common concern with the theme of chivalry Sir Gawain was by far the most popular of Arthur's knights in medieval England and the verses collected here offer a window not only into English views on Gawain but also attitudes towards the knightly ideal and chivalry Incorporating glosses and introductions for each text as well as an extensive glossary this edition is excellent for students of Middle English romance

The Cambridge Companion to Medieval Romance Roberta L. Krueger, 2000-06-22 This Companion presents fifteen original and engaging essays by leading scholars on one of the most influential genres of Western literature Chapters describe the origins of early verse romance in twelfth century French and Anglo Norman courts and analyze the evolution of verse and prose romance in France Germany England Italy and Spain throughout the Middle Ages The volume introduces a rich array of traditions and texts and offers fresh perspectives on the manuscript context of romance the relationship of romance to other genres popular romance in urban contexts romance as mirror of familiar and social tensions and the representation of courtly love chivalry other worlds and gender roles Together the essays demonstrate that European romances not only helped to promulgate the ideals of elite societies in formation but also held those values up for questioning An introduction a chronology and a bibliography of texts and translations complete this lively useful overview

Convention and the Individual in Medieval English Romance Lucy Brookes, 2025-04 Offers a nuanced reading of character and subjectivity in medieval romance via an exploration of its conventions Medieval romances can be characterised by their formulaic motifs predictable plots and stock figures and character types This book offers a fresh perspective on these conventions arguing that authors used them and the expectations they generate as a form of shorthand to interiority Understanding romance conventions in this way reveals that romance characters complex and often contradictory inner lives are made available precisely through the genre's narrative structures shapes and norms Drawing upon recent work in the History of Emotions and Affect Theory the author explores character and subjectivity in a variety of English romance texts from 1100 to 1500 such as Amis and Amiloun Le Bone Florence of Rome The Squire of Low Degree Sir Orfeo Sir Gawain and the Green Knight and Malory's Le Morte Darthur Through new readings of these texts the book demonstrates the contribution made by romance to the growing significance of the individual in fiction after the twelfth century by paying particular attention to the ways in which convention expectation and genre intersect with character formation and the representation of identity

Magic and the Supernatural in Medieval English Romance Corinne J. Saunders, 2010

This study looks at a wide range of medieval English romance texts including the works of Chaucer and Malory from a broad cultural perspective to show that while they employ magic in order to create exotic escapist worlds they are also grounded in a sense of possibility and reflect a complex web of inherited and current ideas

Bodily and Spiritual Hygiene

in Medieval and Early Modern Literature Albrecht Classen, 2017-03-20

While most people today take hygiene and medicine for granted they both have had their own history We can gain deep insights into the pre modern world by studying its health care system its approaches to medicine and concept of hygiene Already the early Middle Ages witnessed great interest in bathing hot and cold swimming and good personal hygiene Medical activities grew over time but even early medieval monks were already great experts in treating the sick The contributions examine literary medical historical texts and images and probe the information we can glean from them The interdisciplinary approach of this volume makes it possible to view this large field in a complex and diversified manner taking into account both early medieval and early modern treatises on medicine water bathing and health Such a cultural historical perspective creates a most valuable bridge connecting literary and scientific documents under the umbrella of the history of mentality and history of everyday life The volume does not aim at idealizing the past but it definitely intends to deconstruct modern myths about the dirty and unhealthy Middle Ages and early modern age

Ríkharðsdóttir, 2022-07-05 Voice is a fleeting physical phenomenon that leaves behind traces of its existence Medieval literary voices offers a wide reaching approach to the concept of literary voices both the vanished authorial ones and the implicit textual ones Its impressive lineup deepens our understanding of how literary voices evoke the elusive voices lurking beyond the text capturing the absent authorial voice the traces of scribal voices and the soundscape of the uttered text It explores multiple dimensions of medieval voice and vocalisations and the interactions between literary voices and their authorial scribal and socio political settings It contends that through the theorizing of literary voices we can begin to understand the ways in which medieval voices mediate or proclaim an embodied selfhood or material presence how they dictate or contest moral conventions and how they create and sustain narrative soundscapes *Narrating Medicine in Middle English Poetry* Eve Salisbury, 2022-08-11 Exploring medical writing in England in the 100 years after the advent of the Great Mortality this book examines the storytelling practices of poets patients and physicians in the midst of a medieval public health crisis and demonstrates how literary narratives enable us to see a kinship between poetry and the healing arts Looking at how we can learn to diagnose a text as if we were diagnosing a body Salisbury provides new insights into how we can recuperate the voices of those afflicted by illness in medieval texts when we have no direct testimony She considers how we interpret stories told by patients in narratives mediated by others ways that women factor into the shaping of a medical canon how medical writing intersects with religious belief and memorial practices governed by the Church and ways that regimens of health benefit a population in the throes of an epidemic *Food and Feast in Premodern Outlaw Tales* Melissa Ridley Elmes, Kristin Bovaird-Abbo, 2021-04-08 In Food and Feast in Premodern Outlaw Tales editors Melissa Ridley Elmes and Kristin Bovaird Abbo gather eleven original studies examining scenes of food and feasting in premodern outlaw texts ranging from the tenth through the seventeenth centuries and forward to their cinematic adaptations Along with fresh insights into the popular Robin Hood legend these essays investigate the intersections of outlawry food studies and feasting in Old English Middle English and French outlaw narratives Anglo Scottish border ballads early modern ballads and dramatic works and cinematic medievalism The range of critical and disciplinary approaches employed including history literary studies cultural studies food studies gender studies and film studies highlights the inherently interdisciplinary nature of outlaw narratives The overall volume offers an example of the ways in which examining a subject through interdisciplinary

cross geographic and cross temporal lenses can yield fresh insights places canonic and well known works in conversation with lesser known texts to showcase the dynamic nature and cultural influence and impact of premodern outlaw tales and presents an introductory foray into the intersection of literary and food studies in premodern contexts which will be of value and interest to specialists and a general audience alike
