Sisters Sexperts Queers Beyond The Lesbian Nation:

Sisters, Sexperts, Queers Arlene Stein, 1993 This collection of essays illustrates both the vitality and the variety within the lesbian community with topics such as the politics of butch femme identity lesbian pop music stars and class differences in the lesbian community **Solidarity of Strangers** Jodi Dean, 2024-06-21 Solidarity of Strangers is a crucial intervention in feminist multicultural and legal debates that will ignite a rethinking of the meaning of difference community and participatory democracy Arguing for a solidarity rooted in a respect for difference Dean offers a broad vision of the shape of postmodern democracies that moves beyond the limitations and dangers of identity politics This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996

Not My Mother's Sister Astrid Henry, 2004-09-07 No matter how wise a mother's advice is we listen to our peers At least that's writer Naomi Wolf's take on the differences between her generation of feminists the third wave and the feminists who came before her and developed in the late 60s and 70s the second wave In Not My Mother's Sister Astrid Henry agrees with Wolf that this has been the case with American feminism but says there are problems inherent in drawing generational lines Henry begins by examining texts written by women in the second wave and illustrates how that generation identified with yet also disassociated itself from its feminist foremothers Younger feminists now claim the movement as their own by distancing themselves from the past By focusing on feminism's debates about sexuality they are able to reject the so called victim feminism of Catherine MacKinnon and Andrea Dworkin Rejecting the orthodoxies of the second wave younger feminists celebrate a woman's right to pleasure Henry asserts however that by ignoring diverse older voices the new generation has oversimplified generational conflict and has underestimated the contributions of earlier feminists to women's rights They have focused on issues relating to personal identity at the expense of collective political action Just as writers like Wolf Katie Roiphe and Rene Denfeld celebrate a new feminist hetero sexuality posited in generational terms queer and lesbian feminists of the third wave similarly distance themselves from those who came before Henry shows how 1970s lesbian feminism is represented in ways that are remarkably similar to the puritanical portrait of feminism offered by straight third wavers She concludes by examining the central role played by feminists of color in the development of third wave feminism Indeed the term third wave itself was coined by Rebecca Walker daughter of Alice Walker Not My Mother's Sister is an important contribution to the exchange of ideas among feminists of all ages and persuasions **Bisexual Women in the Twenty-First Century** Dawn Atkins, 2013-11-19 Bisexual Women in the Twenty First Century reflects the brave new world of bisexual women's lives through an eclectic collection of articles that typifies an ongoing feminist process of theory grounded in life experience The book's broad scope addresses a world created in response to lesbian feminism homophobia

within the mainstream women's movement and sexism within the gay rights movement The book includes Carol Queen's memoirs of the swinging lesbian scene in the 1970s a critical examination of Alice Walker's novel *The Temple of My Familiar* and a look back at the controversy surrounding bisexual inclusion in the Northampton Lesbian and Gay Pride March in Massachusetts in the early 90s Previous groundbreaking work on bisexuality had to focus on breaking the silence around bisexual invisibility This collection works from that foundation to explore the complexities and histories of bisexual women's lives *Bisexual Women in the Twenty First Century* examines tensions between lesbians and bisexual women the shifting place of bisexual women in society the use of skin color as a charged metaphor the inclusion of bisexuality into queer theory groundbreaking new work on bisexual youth the creative use of the sacred whore archetype *Bisexual Women in the Twenty First Century* is an essential source of social and political critique and a vital resource for anyone interested in the complex dynamics of human sexuality regardless of sexual orientation *A Critical Introduction to Queer Theory* Nikki Sullivan, 2003-10 This book begins by putting gay lesbian sexuality and politics in historical context and demonstrates how and why queer theory emerged *Queer Fictions of the Past* Scott Bravmann, 1997-10-09 In *Queer Fictions of the Past* Scott Bravmann explores the complexity of lesbian and gay engagement with history and considers how historical discourses animate the present Characterising historical representations as dynamic conversations between then and now he demonstrates their powerful role in constructing present identities differences politics and communities In particular his is the first book to explore the ways in which lesbians and gay men have used history to define themselves as social cultural and political subjects *Feminist Thought* Rosemarie Putnam Tong, 2013-07-09 A classic resource on feminist theory *Feminist Thought* offers a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism and ecofeminism The fifth edition has been thoroughly revised and now includes a new chapter on Third Wave and Third Space Feminism Also added to this edition are significantly expanded discussions on women of color feminisms psychoanalytic and care feminisms as well as new examinations of queer theory LGBTQ and trans feminism Learning tools like end of chapter discussion questions and the bibliography make *Feminist Thought* an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates **Global Emergence Of Gay & Lesbian Pol** Barry Adam, Jan Willem Duyvendak, André Krouwel, 1999 This text brings together stories of the emergence and growth of the gay and lesbian movement in more than a dozen nations on five continents It addresses both older and newer movements and examines the conditions that shape movement opportunities *Encyclopedia of Lesbian and Gay Histories and Cultures* Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of
