from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit s doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book s reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future
