Paul Getty Museum** Charissa Bremer-David,1997-07-24 French Tapestries and Textiles is a survey of the Getty Museum's seventeenth and eighteenth century French textiles one of the world's finest collections. Featuring twenty five extraordinary tapestries woven at the Gobelins and Beauvais manufactories the catalogue also highlights three carpets two knotted pile screens and two sets of embroidered bed hangings one of which is the only complete lit la duchesse surviving from the period. Among the magnificent textiles discussed in this lavish volume are the Emperor of China tapestry series the whimsical Story of Don Quixote and Boucher's cycle The Story of Psyche. A gatefold in the book opens to reveal a photograph of the stately twenty nine foot carpet commissioned for Louis XIV's Galerie du Bord de l'Eau at the Louvre a piece never publicly displayed in this century. Each entry includes a listing of artists and weavers date and place of manufacture and materials and techniques used followed by a complete description and a condition statement. The accompanying commentary provides information on the literary historical and visual source of design imagery as well as the context of the textile's commission and production. In addition each textile shown has a complete provenance exhibition history and bibliography. For lovers of French decorative arts and connoisseurs of textiles this book offers a study both of the art of tapestry and textile making and of the aesthetic tradition exemplified by these remarkable objects.
