C. Smith, 1987 Smith and Thomas J. C. Smith (Cbe Qc Lld Fba (Professor Of Common L. Law, University Of Nottingham And Honorary Fellow), J.C. Smith, Joseph Anthony Charles Thomas, 1992 **A Casebook on Contract** John Cyril Smith, J. A. C. Thomas, Joseph Anthony Charles Thomas, 1969 **Anson's Law of Contract** J. Burrows, John Cartwright, 2010-08-19 This edition provides an authoritative and detailed account of contract law It is essential reading for any student of contract law and a valuable source of reference for practitioners and academics *Contract as Assumption* Brian Coote, 2010-04-02 It has many times been said that contracts involve assumptions of obligation or liability but what that means and what it is that is assumed have not often been discussed It is to further such discussion that some of the author's previously published writings around this subject have been brought together in this book His basic premises are that contractual obligation and liability in this context are two sides to the same coin and that an assumption of one is an assumption of both Parties are bound not because liability has been imposed upon them by law as a result of their having entered into a contract but because in the act of assuming they have imposed it upon themselves Contract provides a facility the purpose of which is to enable this to be done within the limits prescribed by law The implication of these premises are much more significant than might be supposed when applied to such areas of contract as formation consideration intention to contract exception clauses privity and damages The book concludes with a treatment of the role of assumption in tort Because of the importance of its subject matter and its wide ranging treatment this book should appeal not only to teachers and postgraduate students of contract but also to practitioners in the field and to anyone else with an interest in contract theory *Comparative Contract Law, Fourth Edition* Thomas Kadner Graziano, 2025-05-14 Comparative Contract Law is the

Mitchell, Paul Mitchell, 2008-05-30 Landmark Cases in the Law of Contract offers twelve original essays by leading contract scholars As with the essays in the companion volume Landmark Cases in the Law of Restitution Hart 2006 each essay takes as its focus a particular leading case and analyses that case in its historical or theoretical context The cases range from the early eighteenth to the late twentieth centuries and deal with an array of contractual doctrines Some of the essays call for their case to be stripped of its landmark status whilst others argue that it has more to offer than we have previously appreciated The particular historical context of these landmark cases as revealed by the authors often shows that our current assumptions about the case and what it stands for are either mistaken or require radical modification The book also explores several common themes which are fundamental to the development of the law of contract for instance the influence of commercial expectations appeals to reason and the significance of particular judicial ideologies and techniques **Contract Law in Hong Kong** Michael Fisher, Desmond G.
