The Iconography Of The Mouth Of Hell Eighthcentury Britain To The Fifteenth Century:

The Iconography of the Mouth of Hell Gary D. Schmidt,1995 **'You Shall Surely Not Die'** Jill Bradley,2008 Using medieval miniatures to complement written sources this book gives a new insight into how ideas of death sin and salvation altered and developed in order to meet the needs of a changing society in the Middle Ages Medieval Iconography John B. Friedman,Jessica M. Wegmann,2021-11-18 First published in 1998 the present volume aims to help the researcher locate visual motifs whether in medieval art or in literature and to understand how they function in yet other medieval literary or artistic works **Cannibalism in High Medieval English Literature** H. Blurton,2016-09-23 This book reads the surprisingly widespread representations of cannibals and cannibalism in medieval English literature as political metaphors that were central to England s on going process of articulating cultural and national identity *Sin and Filth in Medieval Culture* Martha Bayless,2013-07-03 This important new contribution to the history of the body analyzes the role of filth as the material counterpart of sin in medieval thought Using a wide range of texts including theology historical documents and literature from Augustine to Chaucer the book shows how filth was regarded as fundamental to an understanding of human history This theological significance explains the prominence of filth and dung in all genres of medieval writing there is more dung in theology than there is in Chaucer The author also demonstrates the ways in which the religious understanding of filth and sin influenced the secular world from town planning to the execution of traitors As part of this investigation the book looks at the symbolic order of the body and the ways in which the different aspects of the body were assigned moral meanings The book also lays out the realities of medieval sanitation providing the first comprehensive view of real life attempts to cope with filth This book will be essential reading for those interested in medieval religious thought literature and social history Filled with a wealth of entertaining examples it will also appeal to those who simply want to glimpse the medieval world as it really was **Experiencing the Last Judgement** Niamh Bhalla,2021-09-30 Experiencing the Last Judgement opens up new ways of understanding a Byzantine image type that has hitherto been considered largely uniform in its manifestations and to a great extent frightening coercive and paralysing It moves beyond a purely didactic understanding of the Byzantine image of the Last Judgement as a visual eschatological text to be read and learned from and proposes instead an appreciation of each unique image as a dynamic site to be experienced Paintings icons and mosaics from the tenth to the fourteenth century from inside and outside of the Byzantine Empire are placed within their specific socio historical milieus their immediate decorative programmes and their architectural contexts to demonstrate that each unique image constituted a carefully orchestrated and immersive experience of judgement Each case study outlines the differences that exist in reality between these images that are often subsumed under one iconographic label making a case against condensing dynamic lived images into apparently static pictorial types Images of the Last Judgement needed the body mind and memory of the viewer for the creation of meaning and so the experience of these images was unavoidably spatial

gendered corporeal mnemonic emotional rhetorical and most often liturgical Unpacking Byzantine images of judgement in light of these various facets of experience for the first time helps to elucidate the interaction of past individuals with the image and the ways in which such encounters were intended to benefit the communities that made and lived alongside them

Performing Objects and Theatrical Things Marlis Schweitzer, Joanne Zerdy, 2014-08-14 This book rethinks historical and contemporary theatre performance and cultural events by scrutinizing and theorizing the objects and things that activate stages venues environments and archives

The Ecology of the English Outlaw in Medieval Literature Sarah Harlan-Haughey, 2016-03-31 Arguing that outlaw narratives become particularly popular and poignant at moments of national ecological and political crisis Sarah Harlan Haughey examines the figure of the outlaw in Anglo Saxon poetry and Old English exile lyrics such as Beowulf works dealing with the life and actions of Hereward the Anglo Norman romance of Fulc Fitz Waryn the Robin Hood ballads and the Tale of Gamelyn Although the outlaw's wilderness shelter changed dramatically from the menacing fens and forests of Anglo Saxon England to the bright known and mapped greenwood of the late outlaw romances and ballads Harlan Haughey observes that the outlaw remained strongly animalistic other and liminal His brutality points to a deep literary ambivalence towards wilderness and the animal at the same time that figures such as the Anglo Saxon resistance fighter Hereward the brutal yet courtly Gamelyn and Robin Hood often represent a lost England imagined as pristine and forested In analyzing outlaw literature as a form of nature writing Harlan Haughey suggests that it often reveals more about medieval anxieties respecting humanity's place in nature than it does about the political realities of the period

Thresholds and Boundaries Lynn F. Jacobs, 2017-09-25 Although liminality has been studied by scholars of medieval and seventeenth century art the role of the threshold motif in Netherlandish art of the late fourteenth fifteenth and early sixteenth centuries this late medieval early early modern period has been much less fully investigated Thresholds and Boundaries Liminality in Netherlandish Art 1385 1550 addresses this issue through a focus on key case studies Sluter's portal of the Chartreuse de Champmol and the calendar pages of the Limbourg Brothers Tr's Riches Heures and on important formats altarpieces and illuminated manuscripts Lynn F Jacobs examines how the visual thresholds established within Netherlandish paintings sculptures and manuscript illuminations become sites where artists could address relations between life and death aristocrat and peasant holy and profane and man and God and where artists could exploit the betwixt and between nature of the threshold to communicate paradoxically both connections and divisions between these different states and different worlds Building on literary and anthropological interpretations of liminality this book demonstrates how the exploration of boundaries in Netherlandish art infused the works with greater meaning The book's probing of the often ignored meanings of the threshold motif casts new light on key works of Netherlandish art

Anxieties of Interiority and Dissection in Early Modern Spain Enrique Fernandez, 2015-01-01 Anxieties of Interiority and Dissection in Early Modern Spain brings the study of Europe's culture of dissection to the Iberian peninsula presenting a neglected episode in the

development of the modern concept of the self Enrique Fernandez explores the ways in which sixteenth and seventeenth century anatomical research stimulated both a sense of interiority and a fear of that interior's exposure and punishment by the early modern state Examining works by Miguel de Cervantes Mar a de Zayas Fray Luis de Granada and Francisco de Quevedo Fernandez highlights the existence of narratives in which the author creates a surrogate self on paper then dissects it He argues that these texts share a fearful awareness of having a complex inner self in a country where one's interiority was under permanent threat of punitive exposure by the Inquisition or the state A sophisticated analysis of literary religious and medical practice in early modern Spain Fernandez's work will interest scholars working on questions of early modern science medicine and body politics
