The Identity Of Anglican Worship:

The Identity of Anglican Worship Kenneth W. Stevenson, Bryan D. Spinks, 1991 Does Anglican worship have an identity This rich collection of essays demonstrates a great diversity of conviction styles and perception of issues from when children should be confirmed through the status and future of the Eucharist to the inculturation of liturgy within modern societies From this rich tapestry emerges a common thread of deeply held identity that offers insight into the role of Anglicanism in today's and tomorrow's world

The Identity of Anglican Worship Kenneth William Stevenson (Bp. of Portsmouth.), 1991

Beyond Common Worship Mark Earey, 2013-10-14 The introduction of Common Worship services in the Church of England has gone remarkably smoothly considering the immensity of the task But despite its overall success the sheer variety of material coupled with the complex rules about what is and is not allowed have left some parishes clergy and Readers wondering if this is really the best way to produce good worship A question such as How do we use Common Worship for a Messy Church service of Holy Communion focuses the issue but it is a question being asked in different ways in lots of different places In this book Mark Earey turns to the future asking whether the framework of canon law notes and rubrics within which Common Worship operates is any longer fit for purpose In a mixed economy Church in which fresh expressions of church alt worship and new monasticism all sit alongside traditional parish churches he asks whether it is time for the current rules based approach to Church of England liturgy to make way for an approach based on trust and accountability Such an approach would allow for more local flexibility and creativity but raises big questions about how such worship can be truly indigenous yet authentically Anglican

Orthodox Anglican Identity Charles Erlandson, 2020-04-28 While the postmodern world we inhabit is highly fragmented contested and conflicted we all have one thing in common we are experiencing identity crises Religious traditions are not immune to these crises and orthodox Anglicans have been experiencing their own issues with identity since the 2003 consecration of an openly homosexual man Orthodox Anglicans want to say who they are as both orthodox and Anglican but they are also finding it difficult to articulate a clear and coherent identity especially an Anglican one This orthodox Anglican pursuit of a renewed sense of self in a complex and fragmented world is a microcosm of our postmodern context and an examination of their quest holds enticing clues to our own urgent searches for meaning and identity Think of this book as a kind of story the story of a worldwide church who when its identity was threatened took counsel together to renew and revitalize its sense of self In the process it not only faced many dangers and difficulties but also learned much about who it was and who it wanted to be

Anglican Liturgical Identity Christopher Irvine, 2008 International Anglican Liturgical Consultations IALC have been convened at two or four year intervals since 1985 This study presents an expansion of a preparatory paper for the Consultation

Christ the Stranger: The Theology of Rowan Williams Benjamin Myers, 2012-01-26 An introduction to the thought of one of the most fascinating theologians and at the same time most controversial church leaders of our time

The Influence of Early

Keswick Theology of Sanctification in the Socio-ethical Life of the East African Revival Movement Robinson Kariuki Mwangi, 2025-03-31 Sanctification is an essential part of every Christian life But how do its differing theologies shape our Christian walk and wider socio ethic contexts Grounded in the East Africa Revival Movement EARM this work seeks to answer how the Keswick theology of sanctification contributes to the socio ethical understanding of walking in the light and consequently influences the mission of the Anglican Church in the Mount Kenya region Dr Robinson Kariuki Mwangi uses careful exegetical analysis to understand the biblical roots of revival and calls us to action in showing what our faith stands for integrating practical theology with pastoral practice Scholars of theology and lived Christianity will find the observations in this work informative for further study

Aspects of Anglican Identity Colin Podmore, 2005 A collection of essays exploring the underlying issues facing the Anglican Communion and setting them in their historical context including the roles of synods bishops and primates the ministry of the Archbishop of Canterbury being in and out of communion and the significance of diocesan boundaries in an age of globalization

Migration and Christian Identity in Congo (DRC) Emma Wild-Wood, 2008 Christianity and migration have greatly influenced society and culture of sub Saharan Africa yet their mutual impact is rarely studied Through oral history research in north eastern Congo DRC this book studies the migration of Anglicans and the subsequent reconfiguring of their Christian identity It engages with issues of religious contextualisation revivalism and the rise of Pentecostalism It examines shifting ethnic national gender and generational expressions the influence of tradition contemporaneity local needs and international networks to reveal mobile group identities developing through migration Borrowing the metaphor of home from those interviewed the book suggests in what ways religious affiliation aids a process of belonging The result is an original exploration of important themes in an often neglected region of Africa

Theology Shaped by Society Robin Gill, 2017-05-15 Theology Shaped by Society argues that the sociology of knowledge can make an important contribution to theology Part I argues that theology can be seen as a socially constructed reality that is sometimes dangerously related to power but at other times that is a positively engaged discipline taking the risk of being shaped by particular societies and cultures From this second perspective theology is seen properly as a thoroughly relational discipline as itself a social system Part II examines mission shaped by society and maps this in practical terms by examining recent and surprising religious trends in York Part III shows how music can imaginatively shape theology and reveal unexpected resonances Over the last 30 years a number of theologians have been using aspects of sociology alongside the more traditional resources of philosophy In turn sociologists with an interest in theology have also contributed to an interaction between theology and sociology The time is right to revisit the dialogue between theologians and sociologists In his new trilogy on Sociological Theology Robin Gill makes a renewed contribution to the mapping of three abiding ways of relating theology and sociology with the three volumes covering Theology in a Social Context Theology Shaped by Society and Society Shaped by Theology
