The Illustrated History Of Airforces Of World War I And World War Ii:

The Illustrated History of the Air Forces of World War I & World War II Christopher Chant, 1979 Luftwaffe John Pimlott, 1998 This stunning pictorial record of the German Air Force from its establishment in the 1930s through service in World War II from 1939 to 1945 features a wealth of rare images complemented by dramatic and thoroughly researched <u>United States Air Force and Its Antecedents</u> James T. Controvich, Martin Gordon, 2004-06-24 This expanded and revised edition of the bibliography originally compiled for the United States Air Force Historical Research Agency is the most comprehensive listing of unofficial published histories of the United States Air Force and its antecedents It covers the air force from its genesis as the US Army Signal Corps Aviation Section to the present These titles are a rich source of information for anyone interested in the history of combat and peacetime operations of the Air Force Researchers and libraries will find the organization of titles easy to use Entries include private sponsored or unofficial histories often written by the unit historian personal narratives purely photographic or pictorial histories route of battle maps published or printed rosters officially produced titles This is an indispensable resource for military aviation historians libraries with strong collections in military and air force history and unit history collectors It is also of special interest to genealogists as many unit histories contain rosters and photos of personnel The Eighth Air Force: A Photographic Journey Through Time Pasquale De Marco, The Eighth Air Force was one of the most important and effective fighting forces of World War II Based in England the Eighth Air Force conducted strategic bombing raids against Germany and its Axis allies helping to cripple the German war machine and hasten the end of the war This book tells the story of the Eighth Air Force from its humble beginnings to its triumphant victory The book is based on extensive research including interviews with veterans of the Eighth Air Force and is illustrated with hundreds of photographs many of which have never been published before The book is divided into ten chapters each of which covers a different aspect of the Eighth Air Force's history. The chapters cover the Eighth Air Force s early days its coming of age its finest hour its aircrews its aircraft its ground crews its bases in England its contribution to victory its aftermath and its legacy The book is a must read for anyone interested in World War II history Aviation history Military history It is also a fitting tribute to the brave men of the Eighth Air Force who risked their lives to help win the war In addition to the chapters on the Eighth Air Force s history the book also includes a section on the Eighth Air Force Museum in Savannah Georgia The museum is home to a large collection of Eighth Air Force artifacts including aircraft uniforms and personal items. The museum is a great place to learn more about the Eighth Air Force and its role in World War II The Eighth Air Force A Photographic Journey Through Time is a comprehensive and richly illustrated history of one of the most important air forces in history The book is a must have for anyone interested in World War II history aviation history or military history If you like this book write a review The Organization and Order of Battle of Militaries in World War II Charles D. Pettibone, 2010-12 Book contains 1 All branches of country's military 2 Their structure and organization 3

Order of Battle can follow officers through their commands 4 Unit ship insignia or design The Organization and Order or Battle of Militaries in World War Ii Charles D. Pettibone, 2012-01-16 There are numerous Order of Battle books on the market So what makes this one so special Why should one decide on this particular book Most Order of Battle books usually deal only at the division and corps level of a countrys army Most higher commands are not covered This book deals with all the branches of a countrys military giving a breakdown of all the major echelons of command from theater down to brigade under each component army group armies corps division and brigade and the equivalent command for the other military branches are included Second it attempts to give an overall command structure of the countrys military showing the central headquarters command structure as well as the major components army groups armies corps etc Third most Order of Battle books list the commander and their dates of tenure This one includes those but also lists their next duty assignments or where they went after leaving the post One can literally trace a general officers career through the upper echelons of command making this series completely different from all the others on the market *Air Power at the Battlefront Dr Ian* Gooderson, 2013-05-13 Ian Gooderson presents a study of close air support in World War II with the analysis focusing on the use of tactical air power by British and American forces during the campaigns in Italy and northwestern Europe between 1943 and 1945 U.S. Government Books ,1987 The Allies Strike Back, 1941-1943 James Holland, 2020-02-26 Volume two in this expert anecdote filled thoroughly entertaining history of WWII follows The Rise of Germany as the Allied forces turn the tides Kirkus James Holland's The Rise of Germany the first volume in his War in the West trilogy was widely praised for his impeccable research and lively narrative Covering the dawn of World War II it ended at a point when the Nazi war machine appeared to be unstoppable Germany had taken Poland and France with shocking speed London was bombed and U boats harried shipping on the Atlantic But Germany hadn t actually won the Battle of Britain or the Battle of the Atlantic It was not producing airplanes or submarines fast enough And what looked like victory in Greece and Crete had expended crucial resources in short supply The Allies Strike Back continues the narrative as Germany's invasion of Russia unfolds in the east while in the west the Americans formally enter the war In North Africa following major setbacks at the hands of Rommel the Allies storm to victory Meanwhile the bombing of Germany escalates aiming to not only destroy the its military industrial and economic system but also relentlessly crush civilian morale Comprehensive and impeccably researched Holland brings a fresh eye to the ebb and flow of the conflict in this majestic saga of 20th century history Literary Review UK

Fortress Against The Sun Gene E. Salecker, E Salecker, 2007-10-09 Most often remembered for its role in the air war against Germany no book has ever before been devoted to the B 17 s Pacific operations. The author combines technical and operational detail with eyewitness accounts by crews and commanders to present a fascinating account of a famous aircraft at war
