Launching Your Kids for Life Bob Reccord, Cheryl Reccord, 2005-03-20 Ask any parent what they want most for their child and most likely you'll hear the same answer again and again to see their children grow up into happy healthy adults whose lives count for something. But ask those same parents what they're doing to equip their children for such a life and you'll get embarrassed silence. Finally parents can find help for this crucial task in a book that is encouraging, easy to grasp and filled with great practical suggestions. In *Launching Your Kids for Life* Bob and Cheryl Reccord liken the job of equipping your children for success in life to the procedure that NASA undertakes to prepare for a shuttle launch. The Reccords along with their friends Dr Tommy Holloway, past director of the NASA Space Program and three-time shuttle astronaut David Leetsma, point out that just as the shuttle must break through the Earth's gravitational force into space, so too must children break free into adulthood. But our children can't do it on their own. They need our help. They need us to equip them to prepare them to help them discover their life's mission and to celebrate the milestones along the way. If we learn how to do this then we can be sure that they can fly anywhere their wings will take them. *Film Bulletin*, 1980 [Intercultural Communication](#)

Martin S. Reiland, Tricia S. Jones, Anita Foeman, Dolores Rafter Arévalo, 2014-08-27 We live in an increasingly more globalized world where living and working with people of various cultures is a nearly everyday occurrence. These interactions combined with ever-growing opportunities for students to explore and study in foreign settings make it important to master effective ways to engage and learn from these experiences. *Intercultural Communication* will engage readers interested in developing intercultural competence with an eye towards fostering diverse and vibrant communities that coexist peacefully. The authors begin by defining competent communication and describing how it contributes to peaceful communities before considering how cultural differences relate to the effects of cultural frames, emotions, and nonverbal and verbal communication. The second half of the book surveys how culture influences friendships, families, classrooms, workplaces, the media, and our visits to cultures different from our own. Recognizing the effects of these influences allows readers to take advantage of opportunities and overcome obstacles to more fully immerse themselves in a different way of life. Each chapter offers various boxed inserts with important and entertaining insights to supplement topics and provide opportunities for discussion. [Booktalk!](#) Joni Richards Bodart, 1988
