Wisely, 2004 An analysis of the scholarly criticism of the great Viennese writer up to the year 2000 Schnitzler one of the most prolific Austrian writers of the 20th century ruthlessly dissected his society s erotic posturing and phobias about sex and death His most penetrating analyses include Lieutenant Gustl the first stream of consciousness novella in German Reigen a devastating cycle of one acts mapping the social limits of a sexual daisy chain and Der Weg ins Freie a novel that combines a love story with a discussion of the roadblocks facing Austria s Jews Today his popularity is reflected by new editions and translations and by adaptations for theater television and film by artists such as Tom Stoppard and Stanley Kubrick This book examines Schnitzler reception up to 2000 beginning with the journalistic reception of the early plays Before being suspended by a decade of Nazism criticism in the 1920s and 30s emphasized Schnitzler s determinism and decadence Not until the early 60s was humanist scholarship able to challenge this verdict by pointing out Schnitzler s ethical indictment of impressionism in the late novellas During the same period Schnitzler whom Freud considered his literary Doppelgänger was often subjected to Freudian psychoanalytical criticism but by the 80s scholarship was citing his own thoroughgoing objections to such categories Since the 70s Schnitzler s remonstrance toward the Austrian establishment has been examined by social historians and feminist critics alike and the recently completed ten volume edition of Schnitzler s diary has met with vibrant interest Andrew C Wisely is associate professor of German at Baylor University **The Routledge Encyclopedia of Jewish Writers of the Twentieth Century** Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a

Back to Freud's Texts Ilse Grubrich-Simitis, 1996-01-01 This book blazes a trail in Freud research Ilse Grubrich Simitis a prominent authority on Freud examines and deciphers Freud's original manuscripts which had remained disregarded for decades From these she analyzes Freud's method of working and points out what the writings reveal of his psychological states the events in his life and the development of his thinking over time The book is at once a study of Freud's creativity as a scientist and writer an important reference on the texts themselves and a commentary on previously unexplored aspects of Freud's life and work Examining many hitherto unknown texts Grubrich Simitis provides a fresh and authentic picture of the discoverer of the unconscious at work observing listening to his patients gathering the raw material for his oeuvre fantasizing drawing conclusions drafting rewriting and correcting She refutes the legend of the facility of Freud's production for the notes drafts fair copies and variants she identifies bear witness to the fact that almost every work actually came into being by a process of consuming hard labor Grubrich Simitis's analysis of Freud's manuscripts is flanked by two shorter sections on Freud's printed texts in one she recounts the history of the editions from the beginnings in Vienna to the present day and in the other she offers a detailed plan for a new historical critical edition of his works Arthur Schnitzler's Late Plays G. J. Weinberger, 1997 Challenges the widespread notion that the work of Schnitzler 1862-1931 the leading German language dramatist of his time steadily declined in quality after his Professor Bernhardt in 1912 Examines seven subsequent plays to argue that they deal with enduring concerns and are as relevant in the late 20th century as they were after World War I The excerpts are in German No index Annotation copyrighted by Book News Inc Portland OR *Vienna and the Jews, 1867-1938* Steven Beller, 1989 This book studies the role played by Jews in the explosion of cultural innovation in Vienna at the turn of the century which had its roots in the years following the Ausgleich of 1867 and its demise in the sweeping events of the 1930s The author shows that in terms of personnel Jews were predominant throughout most of Viennese high culture and so any attempts to dismiss the Jewish aspect of the intelligentsia are refuted The book goes on to explain this Jewish aspect dismissing any unitary static model and adopting a historical approach that sees the Jewishness of Viennese modern culture as a result of the specific Jewish backgrounds of most of the leading cultural figures and their reactions to being Jewish Schubert in the European Imagination Scott Messing, 2006 The concept of Schubert as a feminine type began in 1838 This work examines the historical reception of Franz Schubert as conveyed through the gendered imagery and language of 19th and early 20th century European culture The figures discussed include Musset Sand Nerval Maupassant George Eliot and others **The Cambridge Introduction to Literature and Psychoanalysis** Jean-Michel Rabaté, 2014-09-22 This volume is an introduction to the relationship between psychoanalysis and literature Jean Michel

Rabat takes Sigmund Freud as his point of departure studying in detail Freud's integration of literature in the training of psychoanalysts and how literature provided crucial terms for his myriad theories such as the Oedipus complex. Rabat subsequently surveys other theoreticians such as Wilfred Bion, Marie Bonaparte, Carl Jung, Jacques Lacan, and Slavoj Žižek. This Introduction is organized thematically, examining in detail important terms like deferred action, fantasy, hysteria, paranoia, sublimation, the uncanny, trauma, and perversion. Using examples from Miguel de Cervantes and William Shakespeare to Sophie Calle and Yann Martel, Rabat demonstrates that the psychoanalytic approach to literature, despite its erstwhile controversy, has recently reemerged as a dynamic method of interpretation.

Love Letters and the Romantic Novel during the Napoleonic Wars Sharon Worley, 2017-01-06 Love letters during the Napoleonic wars were largely framed by concepts of love which were promoted through novels and philosophy. The standard texts, so to speak, which were written by major authors who inherited this Enlightenment bearing responded to the emerging concepts of love found in novels and philosophical essays. Love among this Napoleonic coterie is unique because it demonstrates the reciprocal relationship between the love letter and the romantic novel. Germaine de Staël, Juliette de Caumont de La Force, Chateaubriand, Benjamin Constant, Lady Emma Hamilton, Napoleon Bonaparte, and his brother Lucien Bonaparte were the authors and recipients of some of the most passionate love letters of this period. They were also avid readers of the newly emerging genre of the romantic novel, and many of them were also authors of such works where they projected their personal romances onto the characterization of their fictional heroes and heroines. In addition, these authors had lived through the recent French Revolution and the Terror. Imprisoned during the Revolution or branded as emigrants upon their return to Paris, their mature adult lives were spent in the shadows of the Napoleonic wars, in which they shifted political loyalties as the specter of Napoleon's powers grew from First Consul to Emperor of Europe. The looming threat of war ignited the depths of their passions and inspired their intellectual analysis of love, happiness, and suicide. Their evolving concept of love was a romantic, all-consuming passion which gripped the lovers in fatal embraces. This book's analysis of their love letters and romantic novels reveals the emerging political landscape of the period through extended metaphors of love and patriotism.

Identity and Ethos Solomon Liptzin, 1986 The essays collected in this Festschrift have been written by colleagues, friends, students, and admirers of Sol Liptzin to be presented to him on the occasion of his 85th birthday. The essays are concerned with topics within the domains of literary and cultural study pursued and enriched by Sol Liptzin himself: I Yiddish literature, II German Jewish studies and German literature proper, III English-German literary relations, IV Jews and Jewish literature in America, V Biblical themes in world literature and Jewish cultural history. The partial selected bibliography of his publications included in this volume indicates in a complementary way the scope and energy of his engaging and lively mind.

Nietzsche and Jewish Culture Jacob Golomb, 2002-01-04 Friedrich Nietzsche occupies a contradictory position in the history of ideas: he came up with the concept of a master race, yet an eminent Jewish scholar like

Martin Buber translated his *Also sprach Zarathustra* into Polish and remained in a lifelong intellectual dialogue with Nietzsche. Sigmund Freud admired his intellectual courage and was not at all reluctant to admit that Nietzsche had anticipated many of his basic ideas. This unique collection of essays explores the reciprocal relationship between Nietzsche and Jewish culture. It is organized in two parts: the first examines Nietzsche's attitudes towards Jews and Judaism; the second, Nietzsche's influence on Jewish intellectuals as diverse and as famous as Franz Kafka, Martin Buber, Franz Rosenzweig, and Sigmund Freud. Each carefully selected essay explores one aspect of Nietzsche's relation to Judaism and German intellectual history from Heinrich Heine to Nazism.

Remembering Anna O. Mikkel Borch-Jacobsen, 2014-06-11. *Remembering Anna O.* offers a devastating examination of the very foundations of psychoanalytic theory and practice which was born with the publication of Breuer and Freud's *Studies on Hysteria* in 1895. Breuer described the case of Anna O, a young woman afflicted with a severe hysteria whom he had cured of her symptoms by having her recount under hypnosis the traumatic events that precipitated her illness. Drawing on the most recent Freud scholarship and on long secret documents, Borch-Jacobsen demonstrates, however, that Anna O (Bertha Pappenheim) was never cured by Breuer's talking cure and that both Breuer and Freud knowingly falsified the historical record. Borch-Jacobsen points out the numerous inconsistencies in Breuer's account that suggests that Anna O's symptoms were simulated to meet Breuer's theoretical expectations and that her famed reminiscences were in fact fictitious memories induced by Breuer in the course of a hypnotic treatment.

The Austrian Enlightenment and Its Aftermath Ritchie Robertson, Edward Timms, 1991. *Stefan Zweig Reconsidered* Mark H. Gelber, 2012-03-12. This volume is comprised of 14 contributions which are revised and expanded versions of lectures held at an international conference on Stefan Zweig that took place in Israel in 2004. The essays focus on Zweig's biographical writings for example Erasmus and Fouch as well as on several aspects of his literary works that have been neglected since the revival of academic studies of his writings and career commenced some 25 years ago. These include Zweig's conception of the daemonic, Zweig and Christianity, the discourse of love in his writings, Zweig as an Austrian eulogist, his understanding of theater etc. Contributors from Austria, Germany, France, Belgium, Slovenia, and Israel bring refreshingly diverse perspectives and new concerns to this scholarly project. With contributions from Vera Apfelthaler, Matjaz Birk, Denis Charbit, Sarah Fraiman, Morris Mark H. Gelber, Jacob Golomb, Bernhard Greiner, Gert Kerschbaumer, Hanni Mittelman, Klaus Mueller, Michel Reffet, Ingrid Spoerk, Robert Wistrich.
