Suzanne Raitt,1993 When I finished your book I cried aloud Phew And Phew meant that I wish I had written it It seems to me remarkable that someone who never knew Vita and Virginia can understand them so much better than me who knew both well And I think of you spending all those years writing researching contemplating finding so much that I have never read never imagined and coming up with a book that is a marvel of condensation and commitment Nigel Nicolson When Virginia Woolf first met Vita Sackville West at Clive Bell s house in 1922 she wrote that Vita made her feel virgin shy and schoolgirlish But over the next three years Vita charmed away her shyness and at the end of 1925 made Virginia her lover Vita and Virginia examines the creative intimacy between the two interpreting their relationship in the light of their experience as married lesbians The contradictions and conflicts of their situation are worked out through the construction of different narratives of femininity in letters novels diaries and other texts The book discusses the two women s continual renegotiation of what it means to be female and suggests that the mutual exchange of different versions of womanhood is crucial to the development of their friendship Vita and Virginia offers innovative readings of both women s fiction their autobiographical texts and a long overdue study of Sackville West s work as a biographer and a novelist Emphasizing also wider contexts Suzanne Raitt assesses the links between homosexual desire and literary innovation public politics and private lives Her work provides an invaluable new perspective on the relations between sexuality and feminism in modernism
