The Life And Genius Of Poushkin

Svetlana Evdokimova

The Life And Genius Of Poushkin:

The Life and Death of Alexander Pushkin Илья Дружников, 2006 In this monograph Druzhnikov explores the final seven years in the life of Russian poet Alexander Pushkin 1799-1837 In examining the circumstances that eventually led to this cultural hero's untimely death he constructs a new scholarly version of Pushkin as an artist profoundly at odds not only with his society but also with himself Druzhnikov teaches Russian literature at the U of California Davis Annotation 2006 Book News Inc Portland OR booknews.com [Pushkin's Lyric Intelligence](#) Andrew Kahn, 2012-05-31 Pushkin's lyric intelligence is his capacity to transform philosophical and aesthetic ideas into poetry that questions the creative process This first major study of his lyrics reveals the links between Pushkin's conceptual vocabulary and his intellectual life and between his writing and the influences of French and English authors and movements **Wingless Desire in Modernist Russia** Yelena Zotova, 2020-12-10 In Wingless Desire in Modernist Russia Yelena Zotova argues that the concept of envy underwent a peculiar transformation in the Russian Modernist prose of the 1920s due to a series of radical shifts in societal values with each subsequent change thwarting Russia's volatile axiological hierarchy Industriousness and austerity inferior to playful genius in Pushkin's Mozart and Salieri became virtues while the intrinsic value of nonutilitarian art was officially nullified by the Bolshevik state Consequently a new literary type emerged and envy described as wingless desire by Russia's chief poet Alexander Pushkin obtained new ownership as the envied became the envier Superimposing twentieth century theories of envy onto Mikhail Bakhtin's Author and Hero in the Aesthetic Activity 1923 Zotova proposes that Salieri's envy could be the wingless embryo of the Bakhtinian authorship **Soviet Life**, 1966 [The Eclectic Magazine of Foreign Literature, Science, and Art](#), 1861 [The Eclectic Magazine](#) John Holmes Agnew, Walter Hilliard Bidwell, 1859 **Eclectic Magazine, and Monthly Edition of the Living Age** John Holmes Agnew, Walter Hilliard Bidwell, 1859 *Blackwood's Edinburgh Magazine*, 1845 **Writing History in Late Imperial Russia** Frances Nethercott, 2019-12-26 It is commonly held that a strict divide between literature and history emerged in the 19th century with the latter evolving into a more serious disciple of rigorous science Yet in turning to works of historical writing during late Imperial Russia Frances Nethercott reveals how this was not so rather she argues fiction lyric poetry and sometimes even the lives of artists consistently and significantly shaped historical enquiry Grounding its analysis in the works of historians Timofei Granovskii Vasilii Klyuchevskii and Ivan Grevs Writing History in Late Imperial Russia explores how Russian thinkers being sensitive to the social cultural and psychological resonances of creative writing drew on the literary canon as a valuable resource for understanding the past The result is a novel and nuanced discussion of the influences of literature on the development of Russian historiography which shines new light on late Imperial attitudes to historical investigation and considers the legacy of such historical practice on Russia today [National Review](#), 1858 [The National Review](#), 1858 *Pushkin's Mozart and Salieri* Robert Reid, 2023-11-20 Mozart and Salieri probably the best known of Pushkin's Little Tragedies was written in 1830 during the

peak of the poet's creative powers. Like the other Little Tragedies it is a closet drama which concentrates on the devastating effects of an all-consuming human passion in this case envy. Mozart and Salieri typifies Pushkin's implicational technique of character construction: the salient points of a fictional psyche are highlighted sufficiently to suggest inner depth while stopping short of precise concretization; this allows full play to lectorial inference on a plurality of connotational levels: thematic, psychological and sociological. The present work, the first of its kind in English, isolates two major thematic dominants in the play: envy and music, and these form the focus for its aesthetic and psychological preoccupations respectively. A variety of psychological approaches are brought to bear on the play's protagonists including adaptations of the theories of Freud, Adler, Jung and Klages. The readiness with which these contrastive but complementary approaches yield new insights into the nature and motivations of the protagonists of Mozart and Salieri points to a work of profound cultural significance, something all the more remarkable given its modest compass. The sociological and anthropological approaches applied to the drama in this study dwell particularly on theories of social interaction and theories of alienation, anomie and suicide. Pushkin has often been regarded as an enigmatic phenomenon in the West; the compactness and economy of his works often seeming at odds with the degree of impact which they have made on subsequent generations of Russian writers. The present work seeks to lay bare what is typical for Pushkin: the intimation of great psychological and philosophical truths via a superficially unassuming medium. It is not surprising therefore that the influence of Pushkin's Mozart and Salieri and of the aesthetic and ideological positions they represent can be felt in the works of later Russian writers, notably Dostoyevsky.

University of California Chronicle, 1928

Alexander Pushkin's Little Tragedies Svetlana Evdokimova, 2003

Alexander Pushkin's four compact plays, later known as The Little Tragedies, were written at the height of the author's creative powers, and their influence on many Russian and Western writers cannot be overestimated. Yet Western readers are far more familiar with Pushkin's lyrics, narrative poems and prose than with his drama. The Little Tragedies have received few translations or scholarly examinations. Setting out to redress this and to reclaim a cornerstone of Pushkin's work,

Evdokimova and her distinguished contributors offer the first thorough critical study of these plays. They examine the historical roots and connective themes of the plays, offer close readings and track the transformation of the works into other genres. This volume includes a significant new translation by James Falen of the plays *The Covetous Knight*, *Mozart and Salieri*, *The Stone Guest* and *A Feast in Time of Plague*.

Lotman and Cultural Studies Andreas Schonle, 2007-01-01 One of the most widely read and translated theorists of the former Soviet Union, Yuri Lotman was a daring and imaginative thinker. A cofounder of the Tartu-Moscow school of semiotics, he analyzed a broad range of cultural phenomena from the opposition between Russia and the West to the symbolic construction of space, from cinema to card playing, from the impact of theater on painting to the impact of landscape design on poetry. His insights have been particularly important in conceptualizing the creation of meaning and understanding the function of art and literature in society, and they have enriched the work of such

diverse figures as Paul Ricoeur Stephen Greenblatt Umberto Eco Wolfgang Iser Julia Kristeva and Frederic Jameson In this volume edited by Andreas Sch nle contributors extend Lotman s theories to a number of fields Focusing on his less frequently studied later period Lotman and Cultural Studies engages with such ideas as the semiosphere the fluid dynamic semiotic environment out of which meaning emerges auto communication the way in which people create narratives about themselves that in turn shape their self identity change as both gradual evolution and an abrupt unpredictable explosion power law and mercy Russia and the West center and periphery As William Mills Todd observes in his afterword the contributors to this volume test Lotman s legacy in a new context Their research agendas Iranian and American politics contemporary Russian and Czech politics sexuality and the body are distant from Lotman s own but his concepts and awareness yield invariably illuminating results

The National Review Richard Holt Hutton, Walter Bagehot, 1858 *Sketches of Russian Life in the Caucasus* Mikhail IľUľr'evich Lermontov, 1853 *My Life in Art* Konstantin Stanislavski, 2018-05-08 Konstantin Stanislavski was a Russian director who transformed theatre in the West with his contributions to the birth of Realist theatre and his unprecedented approach to teaching acting He lived through extraordinary times and his unique contribution to the arts still endures in the twenty first century He established the Moscow Art Theatre in 1898 with among other plays the premiere of Chekhov s *The Seagull* He also survived revolutions lost his fortune found wide fame in America and lived in internal exile under Stalin s Soviet Union Before writing his classic manual on acting Stanislavski began writing an autobiography that he hoped would both chronicle his rich and tumultuous life and serve as a justification of his aesthetic philosophy But when the project grew to impossible lengths his publisher Little Brown insisted on many cuts and changes to keep it to its deadline and to a manageable length The result was a version published in English in 1924 which Stanislavski hated and completely revised for a Soviet edition that came out in 1926 Now for the first time translator Jean Benedetti brings us Stanislavski s complete unabridged autobiography as the author himself wanted it from the re edited 1926 version The text in clear and lively English is supplemented by a wealth of photos and illustrations many previously unpublished

The Life and Artistry of Maria Olenina-d'Alheim Alexander Tumanov, 2000-03 In 1908 Maria and her husband music critic and writer Pierre d Alheim established the House of Song Dom pesni in Russia La Maison du Lied in France Through her performances his lectures their publishing activities and by hosting international competitions the House of Song influenced the musical climate of Europe

Life Has Become More Joyous, Comrades Karen Petrone, 2000-11-22 *Life Has Become More Joyous Comrades Celebrations in the Time of Stalin* Karen Petrone A lively investigation of the official and unofficial meanings of Stalinist celebrations An impressive and highly readable book that casts a clear and disturbing light on the relationship of Stalinist mythology state power popular participation and the unending complexities of social and cultural survival mechanisms and daily life Richard Stites In the Soviet Union in the 1930s public celebrations flourished while Stalinist repression intensified What explains this coincidence of terror and celebration Using popular media and drawing extensively

on documents from previously inaccessible Soviet archives Karen Petrone demonstrates that to dismiss Soviet celebrations as mere diversion is to lose a valuable opportunity for understanding how the Soviet system operated As the state attempted to mobilize citizens to participate in the project to create New Soviet men and women celebration culture became more than a means to distract a population suffering from poverty and deprivation The planning and execution of celebrations reflected the Soviet intelligentsia's efforts to bring social and cultural enlightenment to the people Physical culture demonstrations celebrations of Arctic and aviation exploits the Pushkin Centennial of 1937 and the 20th Anniversary of the October Revolution and the celebration of New Year's Day were opportunities for the Soviet leadership to fuse traditional prerevolutionary values and practices with socialist ideology in an effort to educate its citizens and build support for the state and its policies However official celebrations were often appropriated by citizens for purposes that were unanticipated and unsanctioned by the state Through celebrations Soviet citizens created hybrid identities and defined their places in the emerging Stalinist hierarchy allowing them to uphold the Soviet order while arrests and executions were rampant This rich look at celebrations reveals the complex dialogues and negotiations between citizens and leaders in the endeavor to create Soviet culture Karen Petrone is Assistant Professor of History at the University of Kentucky Indiana Michigan Series in Russian and East European Studies Alexander Rabinowitch and William G Rosenberg editors Contents Interpreting Soviet Celebrations Part 1 Soviet Popular Culture and Mass Mobilization Parading the Nation Demonstrations and the Construction of Soviet Identities Imagining the Motherland The Celebration of Soviet Aviation and Polar Exploits Fir Trees and Carnivals The Celebration of Soviet New Year's Day Part 2 The Intelligentsia and Soviet Enlightenment A Double edged Discourse on Freedom The Pushkin Centennial of 1937 Anniversary of Turmoil The Twentieth Anniversary of the October Revolution Celebrating Civic Participation The Stalin Constitution and Elections as Rituals of Democracy Celebrations and Power

Eventually, you will completely discover a further experience and skill by spending more cash. yet when? get you receive that you require to get those every needs like having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more on the subject of the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your definitely own get older to function reviewing habit. among guides you could enjoy now is **The Life And Genius Of Poushkin** below.
