the point when Douglass composed this book in 1845 slavery was as yet legitimate in a significant part of the United States He turned into an open speaker and author to attempt to stop it He accepted that on the off chance that he indicated individuals what subjugation was truly similar to they would comprehend why it should have been canceled What's more who superior to a previous slave to come clean about slavery So despite the fact that he needs to reveal to us his own story he always remembers the bigger objective of nullifying slavery Why you should read the Frederick Douglass Narrative Life Of An American Slave Frederick Douglass book is not just a narrative It is a Historical document that paints the powerful picture of what it was like to be a slave A lesson to show that freedom is something that is not given but something we have to find by ourselves Strength that everybody should have when we want to achieve our goal Publication Of Frederick Douglass Narrative Life Of An American Slave The narrative life of Frederick Douglass book was an instant success selling over 35 thousand copies in the U S and Europe and was quickly translated into both French and German The publication of Frederick Douglass Narrative Life of An American Slave has opened several doors not only for Douglass's ambitious work but also for the anti slavery movement of that time Having read all these get a copy of Frederick Douglass book from us today
