**The Light and the Lens** Mark P. Shea, Diane Eriksen, 2004 Sez Who teaches about the Christian concept of authority and truth why Jesus established the authority of the Church and guides her by the Holy Spirit how Church doctrines are not intended to constrict or burden us rather help us to know and live the truth according to God's will when and how the Church speaks infallibly how lay people are called to be informed and mindful not mindless regarding Church teachings **The**

**Light and the Lens** Mark Shea, 2005-01-01 The Light and the Lens teaches how revelation has been handed down in both written and unwritten form Scripture and Tradition where we got the Bible how the covenants in the Old Testament lead us to the new and everlasting covenant of the New Testament Jesus Christ about the role of Scripture in the Church and guidelines for sensible scripture reading and that Scripture is vital to our life as disciples of Jesus Christ **Saved By**

**Faithfulness: How The Covenant Shapes Our Understanding of Salvation** Mark Skillin, 2009-09-21 Evangelical Christianity has long been founded on the theological tradition of justification by faith alone This is the heart of the Protestant gospel But how close is it to the Gospel revealed in Scripture In *Saved by Faithfulness* Mark Skillin highlights the interpretational problems that emerge when one holds to a faith alone paradigm He talks about the importance of the concept of covenant in Scripture and demonstrates through a survey of the biblical covenants that God has always placed faith and obedience in very close relationship to each other as necessary for the salvation of His people *Saved by Faithfulness* challenges centuries of Scriptural interpretation and consequent church practice which have enshrined a distorted gospel with far reaching consequences for the church It is a call to return to faithful biblical interpretation and faithful Christian lives Introduction to Biblical Studies Steve Moyise, 2013-06-20 This is an ideal introduction to modern biblical studies

Readers are introduced to questions of inspiration canon and authority This is followed by chapters on historical approaches to the Bible such as source form and redaction criticism Comparisons with other literature such as ancient flood stories or Egyptian psalms help to set the context for this Moyise also asks such questions as How did we get the Bible and why do modern versions of the Bible differ among themselves Moyise considers a number of approaches to the Bible Beginning with literary criticism he shows how texts speak to readers and influence their attitudes emotions and behaviour This is followed by liberation feminist and finally a variety of theological approaches used by those who consider the Bible to be sacred scripture For the third edition Moyise has added two sections one giving a basic outline of the biblical story together with a timeline and key dates and another on dating the New Testament *Delighting in the Old Testament* Jason

DeRouchie, 2025-02-13 Understanding the Old Testament's Purpose in the Christian's Life Today The Old Testament makes up the majority of the Christian Bible yet incorrect teaching of its texts abounds in the church Without effectively studying these stories covenants and kingdoms within their close continuing and complete biblical contexts believers miss the beauty of the Old Testament including how it points to Jesus and why it still matters today Jason DeRouchie helps Christians delight

in the books of the Old Testament and read them the way God intended as relevant parts of Christian Scripture This accessible guide stresses the need to keep Christ at the center and to account for the progress of salvation history when applying the Old Testament today It helps Christians interpret the Old Testament see how it testifies to Jesus believe that Jesus secured every divine promise and understand how Jesus makes Moses s law still matter By more strongly comprehending Old Testament teachings and how they relate to the New Christians will better enjoy the Old Testament itself and increasingly understand all that Jesus came to fulfill In Depth Study Shows the lasting relevance of Old Testament laws history prophecy and wisdom and gives insight into the authors and audience of Old Testament books A Great Resource for Pastors Students and Small Groups Prepares Christian leaders to faithfully teach the Old Testament and equips all Christians to embrace that the Old Testament is Christian Scripture Accessible Includes numerous case studies Review and Reflection points for every chapter and a glossary of key terms

**Faith Moves Mountains** Sage Earthkeeper, AI, 2025-02-27 Faith Moves Mountains offers a compelling interdisciplinary exploration bridging Biblical Studies and Earth Sciences to examine the profound connection between faith and the natural world It investigates how the biblical metaphor of moving mountains reflects an ancient awareness of the earth s dynamic geological forces specifically tectonic shifts The book uniquely interprets biblical texts through a geological lens providing a novel scientific approach to understanding religious symbolism The study presents evidence from detailed analyses of biblical texts and geological data on Middle Eastern tectonic activity By cross referencing mentions of mountains and earth shaking events in the Bible with tectonic plate data the book argues this metaphor isn t just spiritual symbolism but an expression of human understanding of powerful geological transformations The book progresses by introducing core concepts of biblical metaphor and tectonic theory then develops themes including the geological context of biblical lands and the impact of natural events on ancient spiritual lives This approach offers a fresh perspective challenging conventional interpretations and enriching our comprehension of the interplay between nature culture and belief It s valuable for those seeking a deeper understanding of the symbolic language of the Bible and the relationship between religious beliefs and the natural world potentially informing contemporary discussions about environmental stewardship and the interpretation of sacred spaces

The Lotus , 1848 Retrieving Apologetics Glenn B. Siniscalchi, 2016-01-07 Given the popes recent statements of their desires to implement the New Evangelization it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics For the New Evangelization places particular emphasis on repropounding the Gospel to those who have experienced a crisis of faith due to secularization One salient method of Catholic apologetics used to be characterized by three demonstrations each of which assumes the conclusions established in the previous step s Some might think that this classical method of apologetics has been abandoned in the postconciliar Church but Siniscalchi s book updates it Unlike the classical apologetics of the preconciliar era Siniscalchi engages contemporary scholarship in a variety of academic disciplines

such as philosophy history biblical studies sociology and theology to develop the steps that are necessary for showing the reasonableness of faith

*EXPOSING CORRUPT SCIENCE* PSJ (Peet) Schutte, **Writing the Gospels** Catherine Sider Hamilton, Joel Willits, 2019-02-21 In this book prominent biblical scholars engage with Francis Watson's most striking arguments on the creation of the gospels Their contributions focus in particular on his argument for a fourfold gospel rather than four separate gospels his argument against Q but for an early sayings collection and on the larger landscape of Jesus studies gospel reception and interpretation The contributors ask whether and in what ways Watson's reorientation of gospel studies is successful and explore its implications for research Leading scholars including Jens Schröter Margaret Mitchell Richard Bauckham and many others provide a close critical and creative engagement with Watson's work More than merely a critical review of Watson's writing this book carries forward his work with fresh treatments and provides an essential volume for students and scholars seeking to understand the landscape of gospel studies and to explore new directions within it

*Saving Face* Stephen Pattison, 2016-04-01 Faces are all around us and fundamentally shape both everyday experience and our understanding of people To lose face is to be alienated and experience shame to be enfaced is to enjoy the fullness of life In theology as in many other disciplines faces as both physical phenomena and symbols have not received the critical appreciative attention they deserve This pioneering book explores the nature of face and enfacement both human and divine Pattison discusses questions concerning what face is how important face is in human life and relationships and how we might understand face both as a physical phenomenon and as a series of socially inflected symbols and metaphors about the self and the body Examining what face means in terms of inclusion and exclusion in contemporary human society and how it is related to shame Pattison reveals what the experience of people who have difficulties with faces tell us about our society our understandings of and our reactions to face Exploring this ubiquitous yet ignored area of both contemporary human experience and of the Christian theological tradition Pattison explains how Christian theology understands face both human and divine and the insights might it offer to understanding face and enfacement Does God in any sense have a physically visible face What is the significance of having an enfaced or faceless God for Christian life and practice What does the vision of God mean now If we want to take face and defacing shame seriously and to get them properly into perspective we may need to change our theology thought and practice changing our ways of thinking about God and about theology

**The Evangelical Universalist** Gregory MacDonald, Robin A. Parry, 2012-05-11 Can an orthodox Christian committed to the historic faith of the church and the authority of the Bible be a universalist Is it possible to believe that salvation is found only by grace through faith in Christ and yet to maintain that in the end all people will be saved Can one believe passionately in mission if one does not think that anyone will be lost forever Could universalism be consistent with the teachings of the Bible Gregory MacDonald argues that the answer is yes to all of these questions Weaving together philosophical theological and biblical considerations MacDonald seeks to show that being a committed universalist is consistent with the central teachings

of the biblical texts and of historic Christian theology This second edition contains a new preface providing the backstory of the book two extensive new appendices a study guide and a Scripture index
