Barker with the help of his assistant Thomas Llewelyn must crisscross London in order to track the killer As they follow the clues Barker discovers that the victim Vasilios Dimitriadis was not a man worthy of Barker's trust Can the Guv find whoever killed the skilled tobacco blender While he is at it can he find the secret formula Dimitriadis used to make his beloved **Peter Ackroyd** J. Gibson, J. Wolfreys, 2000-04-07 Peter Ackroyd The Ludic and Labyrinthine Text offers the tobacco blend reader the first major critical study in English of one of Britain's most inventive playful and significant writers of the twentieth century This study playfully yet rigorously engages with these aspects of literary stylistics and personal and national identity so important in Ackroyd's work Rejecting the postmodern label previously attached to the author Gibson and Wolfreys provide a consideration of all Ackroyd's writing to date from his poetry and critical thought to his novels and biographies offering an indispensable account to anyone interested in Ackroyd and the condition of the novel at the end of Wilson, Clemenceau, Lloyd George and the Roads to Paris Robert F. Klueger, 2021-05-18 an immense and highly impressive work of historical political scholarship An admirably detailed yet still eminently readable account of the lives of three of the twentieth century s most influential politicians Manhattan Book Review impressively researched with fresh insights that will appeal to even seasoned diplomatic historians Readers will be introduced to myriad rich details about the lives of the early 20th century s most important world leaders Kirkus The three men who met in Paris for the most consequential summit conference of the twentieth century were very different men Georges Clemenceau 77 The Tiger who had spent five decades fighting for the ideals of the French Republic David Lloyd George who grew up in poverty in rural Wales had entered the House of Commons at twenty seven had stood alone in his opposition to the South African War and who rose to become prime minister and become the face of Britain's defiance to the kaiser and Woodrow Wilson the lifelong academic who went from president of Princeton University to the president of the United States in the span of two years They were in many ways much alike They were three of the most brilliant men of their age Each had the ability to charm and sway an audience whether in the House of Commons the French Chamber of Deputies or in a Princeton classroom Yet the document they produced the Treaty of Versailles was the Carthaginian peace that sowed the seeds of the Second World War How did these brilliant men who knew better let it happen For the first time Robert F Klueger traces their tumultuous histories until they reach Paris in 1919 Wilson determined to remake international law based upon the ideals of his Fourteen Points Clemenceau every bit as determined to make France secure against another German invasion and Lloyd George leading a coalition government and a people determined to make Germany pay until at the very last he tried and failed to reverse what he saw would be a tragic result Feminist Perspectives on Law and Literature Laura Schmitz-Justen, Laura A. Zander, Hanna Luise Kroll, Laura Wittmann, 2025-04-21 The interdisciplinary study of law and literature can help us better understand intersectionality and vice versa intersectional feminist perspectives are extremely valuable in the study of law and literature Of course neither feminist nor intersectional approaches are new in and of

themselves for decades literary scholarship has studied the impact of particular constellations of gender race and class when it comes to representations of women in literary texts and has succeeded in shaking monolithic and stereotypical notions of womanhood However research at the intersection of law literature and feminism has so far been limited and insular Bringing together more than twenty international researchers from related disciplines this volume is the first to bring questions of intersectional feminism to the forefront of law and literature scholarship From reproductive and trans gender justice in law and literature to feminist practices that intervene in judicial discourse this volume brings into focus a wide range of cultural and legal phenomena in which gender and the law intersect in literary texts The volume s commitment to intersectionality fittingly extents to its very make up the contributors were selected to represent a diverse range of positions in terms of their gender career stage and nationality A Horror and a Beauty: The World of Peter Ackroyd's London Novels Petr Chalupský, 2016-02-01 Peter Ackroyd is one of the foremost contemporary British London writers He focuses on the capital its history development and identity both in his fiction and non fiction The London of his novels is thus a highly idiosyncratic construct which reflects and derives from its author's ideas about the actual city's nature as well as his concept of the English literary sensibility in general as he outlines them in his lectures and historical and literary studies It is an exceptionally heterogeneous city of enormous diversity and richness of human experience moods and emotion of actions and events and also of the tools through which these are represented and reenacted According to Ackroyd this heterogeneity mostly originates outside the sites and domains of the established or mainstream cultural production and social norms and conventions particularly in occult practices subversive acts and the plotting of radical individuals or groups criminal and fraudulent activities of various kinds dubious scientific experiments and the popular dramatic forms of ritual and entertainment whose permanent encounters with and contesting of the officially approved and prescribed forms instigate the city s vitalising energy for dynamic change and spiritual renewal This book presents the world of Ackroyd s London novels as a distinct chronotope determined by specific spatial and temporal properties and their mutual interconnectedness Although such a concept of urban space in its essence defies categorisation the book is thematically organised around six defining aspects of the city as Ackroyd identifies them the relationship between its past and present its uncanny manifestations its felonious tendencies its inhabitants psychogeographic and antiquarian strategies its theatricality and its inherently literary The Hellfire Conspiracy Will Thomas, 2007-07-10 In the latest adventure in what is fast becoming one of the character genre s best historical mystery series Booklist roughhewn private enquiry agent Cyrus Barker and his assistant Thomas Llewelyn must track down London s first serial killer When Barker and Llewelyn are hired to find a girl from the upper classes who has gone missing in the East End they assume her kidnapping is the work of white slavers But when they discover five girls have been murdered in Bethnal Green taunting letters begin to arrive in Craig's Court from a killer calling himself Mr Miacca Barker fears that Miacca might be part of the Hellfire Club a group of powerful hedonistic aristocrats

performing Satanic rituals He must track the fiend to his hideout while Llewelyn confronts the man who put him in prison Dodging muckrakers navigating the murky Thames under cover of darkness and infiltrating London s most powerful secret society The Hellfire Conspiracy is another wild ride that brings to life a London roiling with secret leagues deadly organizations and hidden clubs Ron Bernas Detroit Free Press **Encyclopedia of London's East End** Kevin A.
