

The background of the cover is a vibrant tropical scene. On the left, a palm tree trunk and fronds lean diagonally across the frame. The sky is a deep blue with wispy white clouds. In the bottom left corner, there is a lush green bush. The bottom half of the image shows the ocean with white-capped waves breaking. A solid orange rectangle is positioned at the top center, containing the year '2024' in black text.

The Maui Traveler:

The Maui Traveler Daniel Hance Page, 2004-07 In this book *Keeping it Real in an Unreal World* Michael Jean Nystrom Schut examines the reality of illusion or the illusion of reality He talks about how we can come to pursue our best efforts at finding something that resembles a path through the foggy haze of an earth dwellers life and the fuzzy twists and turns and convolutions of existence If our voyage is one of expectation our reality will become just that It s a perceptual thing how we each perceive it is a highly individual matter If you keep an open mind Michael s promise is that rewards will come out of your enthusiastic reading participation Don t assume you know anything whatsoever about real life it goes better for us when we think of it like that In reality each day we start out new and each new day presents itself with an entirely new set of illusions In sorting out the illusions we have the chance to make things happen in our lives The book is presented in five sections To begin with in Section One the whole matter of reality and illusion is examined The next section talks about the individual self and what reality means to him The third section explores reality close to home in the lives of our mind and with our friends and family Section Four moves into the outer world where a global view of reality is addressed Finally in the last section Five Michael takes on the great and perennial metaphysical questions doing his best to apply the human notions of God and Universe to the world of the thinking self Michael admits he is only sharing thoughts on how he narrowly see things You will hopefully have your own spin on reality different from everyone else in the world *Keeping it real* comes in many shapes sizes and colors Each of us looks at it uniquely and what you are about to experience in this book is merely one tiny sliver of reality perspective When you are finished reading the book it is Michael s hope that you will have given more consideration to the matter of what s real and not real for yourself And that you will take valuable living information from it Reality It s a funny thing How we negotiate our way through it goes a long ways towards whether we adapt or fail in our experiences and encounters with life Enjoy your journey both through the book and through life *Mini Maui Travel Guide* HowExpert, Dena Gray, 2016-09-05 *Mini Maui Travel Guide* has everything you need to know for a magical trip to Maui without all the excess information to bog you down Maui s motto Maui N Ka Oi Maui is the best is not just a overstated boast Maui s diverse landscape and picturesque beauty are unmatched so you will want to plan ahead to make sure you get to take it all in Detailed descriptions of the best beaches all over the island will help you plan the perfect beach day to remember for a lifetime A concise guide to the Road to Hana will get you out and quickly exploring Maui rather than researching it for hours on end Maui s sometimes perplexing weather is explained and what to do when the best laid plans are foiled by rain or wind The Maui Quick Start Travel Guide was written with one goal in mind to make sure you have the best experience possible while visiting the Valley Isle About the Expert Dena Gray is a writer and graphic artist who lives in Upcountry Maui with her husband and two children After moving to Maui in 2010 she set out to learn all there was to know about this island paradise she now calls home She has put her many exciting adventures and occasional mishaps to use frequently guiding
