

Anna Katharine Green

A high-contrast, black and white image. The top half is a bright, almost white sky. The bottom half is a dark silhouette of a man and a woman standing side-by-side, looking out over a landscape. The man is on the left, wearing a hat, and the woman is on the right. They are positioned in front of a dark, horizontal line that represents the horizon or a distant shore. The overall mood is contemplative and serene.

The Mayor's Wife Anna Katherine Green, 2020-07-28 Reproduction of the original *The Mayor's Wife* by Anna Katherine Green **The Illustrated London News**, 1856 *States at War, Volume 3* Richard F. Miller, 2014-11-04 While many Civil War reference books exist there is no single compendium that contains important details about the combatant states and territories that Civil War researchers can readily access for their work People looking for information about the organizations activities economies demographics and prominent personalities of Civil War states and state governments must assemble data from a variety of sources with many key sources remaining unavailable online This volume provides a crucial reference book for Civil War scholars and historians professional or amateur seeking information about Pennsylvania during the war Its principal sources include the Official Records state adjutant general reports legislative journals state and federal legislation executive speeches and proclamations on the federal and state levels and the general and special orders issued by the military authorities of both governments North and South Designed and organized for easy use this book can be read in two ways by individual state with each chapter offering a stand alone history of an individual state's war years or across states comparing reactions to the same event or solutions to the same problems Orthodoxy and Anarchism Davor Džalto, 2024-03-26 This book brings together essays by contemporary Orthodox theologians and scholars on Orthodox Christianity that analyze various aspects of the complex relationship between anarchism both as a concept and as a political philosophy and Orthodoxy As many studies have already shown the dominant theological approaches in Orthodox political theology have been characterized by the search for some kind of symphonia where a harmonious and mutually beneficial cooperation between the Church and the State has been sought Although one can see many alternative attempts in contemporary Orthodox political theology to move away from traditional monarchical and autocratic symphonic models the fact remains that most of those approaches still tend to provide theological articulations that rationalize and ultimately defend the dominant ideological systems such as those of the nation state or liberal democracy for instance There has been however another marginal and marginalized tradition in Orthodox Christian political theology which can be labelled as anarchist The purpose of this volume is to gather contemporary voices in and on Orthodox theology that explore this tradition in the history of Orthodox Christianity or that themselves employ an anarchist approach to the socio political sphere including the Church in its institutional functioning *The Cartulary-Chronicle of St-Pierre of Bèze* Constance Brittain Bouchard, 2019-11-04 In the early twelfth century a Burgundian monk set out to tell the 500 year history of his monastery embedded within a broader history of early medieval France The Cartulary Chronicle of St Pierre of Bèze is both a history of the monastery and a collection of its 331 charters from its seventh century foundation until the middle of the twelfth century Bèze was a Benedictine house whose history included at least six incidents of sacking and destruction and according to its twelfth century chronicler it always recovered and emerged stronger than ever Combining the history of Burgundy and

Francia with the history of his house John the chronicler created a past for B ze as he wanted it to be remembered Based on John s autograph manuscript The Cartulary Chronicle of St Pierre of B ze is published here in full for the first time While the monks of B ze have often been overshadowed by their more famous neighbours the monks of Dijon this edition recounts the history of one of the oldest houses in Burgundy and gives it its proper due
