The Middle East And North Africa The Challenge To Western Security:

The Middle East and North Africa Peter Duignan, Lewis H. Gann, Hoover Institution on War, Revolution, and Peace, 1981 Companion volume to authors Africa south of the Sahara P x The Middle East and North Africa Peter Duignan, Lewis H. Gann, 1983 **The Middle East and North Africa** Peter Duignan, L. H. Gann, 1981 Africa South of the Sahara: The Challenge to Western Security Lewis H. Gann, 1981 *United States Foreign Policy and the Middle East/North Africa* Sanford R. Silverburg, Bernard Reich, 2015-07-16 This bibliography first published in 1990 is a result of a quarter century professional and personal relationship between two academics interested in Middle East studies The comprehensive bibliography consists of western primarily English language sources published through 1988 and early 1989 concerning foreign policy toward the Middle East and North Africa during the twentieth century Included are materials that deal directly with the topic material that has appeared in published form ie books monographs essays and articles Also included are some non published items most importantly American and British doctoral dissertations and master s theses

Conflict and War in the Middle East Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi s examination of the Middle East wars in the period 1967 91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War *The United States and the Middle East* Hooshang Amirahmadi, 1993-01-01 This book advances a critical analysis of U S Middle East policy and offers alternative perspectives It highlights areas of policy shortcomings in the wake of ongoing global and domestic changes and draws attention to the need for a new and more plausible U S policy The United States and the Middle East evaluates the roots and consequences of post World War II diplomatic and military initiatives including the Arab Israeli conflict the Palestinian question United States relations with Iran following the Iranian revolution Irangate the reflagging of Kuwaiti tankers and the war led by the United States against Iraq The important roles of U S media and Middle East studies and education in influencing U S foreign policy are also emphasized A concluding chapter focuses on the ongoing global restructuring and the U S quest for world leadership in the wake of the Persian Gulf War **Africa** Air University (U.S.). Library, 1982 **West African Studies Global Security Risks and West Africa Development Challenges** OECD, 2012-02-02 This publication explores current global security issues their development in West Africa and their

potential impact on regional stability It takes a close look at issues such as terrorism and trafficking climate change and the links between security and development Spain, Europe, and Western Security Policy David Javier García Cantalapiedra, 2024-11-26 This book analyzes the limitations in the Europeanization of Spanish security and defense policy For various reasons Spain has maintained an amalgamated security system based on agreements with NATO the EU and the US This combination has produced a dysfunctional system as it is not truly able to address some of the country's vital security interests above all in North Africa and the Mediterranean At the same time due mainly to domestic reasons various Spanish governments have been reluctant to pursue autonomy in the country's security policy and defense capabilities Written by a team of scholars and practitioners this book offers policymakers and professionals both a general overview of and deeper insights into the issue Due to the lack of comprehensive studies on Spanish security and defense policy and its ties to Europe this book will be of particular interest
