The Mighty Nimrod A Life Of Frederick Courteney Selous African Hunter And Adventurer 1851 1917:

The Mighty Nimrod Stephen Taylor, 1989 *Visualizing Africa in Nineteenth-Century British Travel Accounts* Leila Koivunen, 2008-11-19 This study examines and explains how British explorers visualized the African interior in the latter part of the nineteenth century providing the first sustained analysis of the process by which this visual material was transformed into the illustrations in popular travel books At that time central Africa was effectively a blank canvas for Europeans unknown and devoid of visual representations While previous works have concentrated on exploring the stereotyped nature of printed imagery of Africa this study examines the actual production process of images and the books in which they were published in order to demonstrate how why and by whom the images were manipulated Thus the main focus of the work is not on the aesthetic value of pictures but in the activities interaction and situations that gave birth to them in both Africa and Europe **Warfare and Tracking in Africa, 1952-1990** Timothy J Stapleton, 2015-10-06 During the decolonization wars in East and Southern Africa tracking became increasingly valuable as a military tactic Drawing on archival research and interviews Stapleton presents a comparative study of the role of tracking in insurgency and counter insurgency across Kenya Zimbabwe and Namibia **The Buried Man** Stephen Coan, 2025-06-15 H Rider Haggard 1856 1925 author of King Solomon s Mines Allan Quatermain and She was no stranger to the continent where his bestsellers were set He lived in southern Africa from 1875 to 1881 a period that witnessed Britain s attempted confederation of the sub continent the Anglo Zulu War of 1879 and the final subjugation of its indigenous peoples In this new biography the South African aspect of Haggard s life is explored in hitherto unrecorded detail The success of King Solomon s Mines saw him relinquish a legal career to write full time he also became a respected agricultural expert and social commentator receiving a knighthood for his public service Haggard wrote over seventy books fiction and non fiction His African adventure stories feature strong black characters and the majority of his novels assertive female ones not least She Haggard s unwitting expression of the Victorian sub conscious attracted the interest of both Freud and Jung Haunted by a lost love the tragic death of his only son and frequent bouts of depression he endlessly probed the conundrums of life and death Containing much new material this biography explores Haggard s personal and public life to resurrect the writer whom Graham Greene an admirer called the buried man *Hunting Africa* Angela Thompsett, 2015-10-12 This book recovers the multiplicity of meanings embedded in colonial hunting and the power it symbolized by examining both the incorporation and representation of British women hunters in the sport and how African people leveraged British hunters dependence on their labor and knowledge to direct the impact and experience of hunting **Big Game Hunter** Norman Etherington, 2016-07-08 This book tells the story of an adventurer hunter and naturalist in late nineteenth century Africa who would inspire novelists such as Rider Haggard and Wilbur Smith The book describes Selous extraordinary adventures from elephant hunting and diamond prospecting to an early expedition to found Rhodesia now Zimbabwe in the European scramble for Africa The book also examines Selous

relationships with other influential people of the time including Robert Baden Powell Frederick Russell Burnham Cecil Rhodes King Lobengula of the Ndebele and American President Teddy Roosevelt In Big Game Hunter Norman Etherington paints a skilful portrait of a complex man who started as an elephant hunter but who eventually founded some of the first game reserves in Africa and was acclaimed by both the National History Museum and the Royal Geographical Society for his collections and discoveries Selous who was killed by a German sniper bullet in Tanganyika in the First World War was one of the world's great adventurers *Great Land Rush and the Making of the Modern World, 1650-1900* John C.

Weaver, 2003-04-24 He also underscores the tragic history of the indigenous peoples of these regions and shows how they came to lose possession of their land to newly formed governments made up of Europeans with European interests at heart Weaver shows that the enormous efforts involved in defining and registering large numbers of newly carved out parcels of property for reallocation during the Great Land Rush were instrumental in the emergence of much stronger concepts of property rights and argues that this period was marked by a complete disregard for previous notions of restraint on dreams of unlimited material possibility Today while the traditional forms of colonization that marked the Great Land Rush are no longer practiced by the European powers and their progeny in the new world the legacy of this period can be seen in the western powers' insatiable thirst for economic growth including newer forms of economic colonization of underdeveloped countries and a continuing evolution of the concepts of property rights including the development and increasing growth in importance of intellectual property rights **Church and Settler in Colonial Zimbabwe** Pamela Welch, 2008-08-31 This book examines the history of the Anglican Diocese of Mashonaland Southern Rhodesia virtually co-extensive with modern Zimbabwe in the period 1890-1925 when its institutions took shape and its religious character was formed While work among indigenous communities is outlined the primary subject is the church's work with white settlers A fresh general narrative is provided and an examination of clergy recruitment and finance relates events in Mashonaland to developments in global Anglicanism Among the questions addressed are those of religion and empire church and state and the complexities of relationship between the Church of England and her overseas extensions particularly those covering areas of white settlement Local developments in religious practice are also explored most striking of these was the settler apprehension of the vast landscapes of South Central Africa as a locus of the sacred and their custom of veld burial [Encyclopedia of African Colonial Conflicts](#) Timothy J. Stapleton, 2016-11-07 Two volumes introduce the history of colonial wars in Africa and illustrate why African countries like the Democratic Republic of Congo Nigeria Somalia and Sudan continue to experience ethnic political and religious violence in the early 21st century This sweeping study examines the wars of colonial conquest fought in Africa during the 19th and early 20th centuries From Britain's efforts to wrest control of the Sudan from military leader Muhammad Ahmad al Mahdi to Italy's decisive defeat at the Battle of Adowa in Ethiopia to Leopold II's brutal reign over the Belgian Congo the work surveys the devastation reaped upon the continent by colonization and illustrates how its

combative influence continues to resonate in Africa today Written by scholars in the fields of history and politics this complete reference includes entries on wars campaigns rebellions battles leaders and organizations The work delves into key historical periods including the Scramble for Africa ca 1880 to 1910 early European colonial wars in Africa such as the Dutch in the Cape and the Portuguese in Angola and Mozambique and African rebellions against the early colonial state in the 1890s and early 1900s Entries feature prominent events and personalities as well as lesser known occurrences and players
