The Other Son Family:

Noah's Other Son Brian Arthur Brown,2014-01-08 Noah's Other Son examines twenty five familiar figures who play major roles in the Qur'an and in both Old and New Testaments of the Bible revealing how understanding the characters in these texts can point the present day Muslim Jew and Christian toward a more mature and tolerant concept of religion Noah's Other Son serves as an introduction to the place of the Qur'an in Muslim and world culture as well as a tool to help equip all moderate religious people to deal with extremism wherever it may be found **The Other Son** Carolyn J. Favors, and Banquets Mayfair Mei-Hui Yang, 2016-12-01 An elaborate and pervasive set of practices called guanxi underlies everyday social relationships in contemporary China Obtaining and changing job assignments buying certain foods and consumer items getting into good hospitals buying train tickets obtaining housing even doing business all such tasks call for the skillful and strategic giving of gifts and cultivating of obligation indebtedness and reciprocity Mayfair Mei hui Yang's close scrutiny of this phenomenon serves as a window to view facets of a much broader and more complex cultural historical and political formation Using rich and varied ethnographic examples of guanxi stemming from her fieldwork in China in the 1980s and 1990s the author shows how this gift economy operates in the larger context of the socialist state redistributive economy Medieval Iberia E. Law, Family, and Women Thomas Kuehn, 1994-06-15

Focusing on Florence Thomas Kuehn demonstrates the formative influence of law on Italian society during the Renaissance especially in the spheres of family and women Kuehn s use of legal sources along with letters diaries and contemporary accounts allows him to present a compelling image of the social processes that affected the shape and function of the law The numerous law courts of Italian city states constantly devised and revised statutes Kuehn traces the permutations of these laws then examines their use by Florentines to arbitrate conflict and regulate social behavior regarding such issues as kinship marriage business inheritance illegitimacy and gender Ranging from one man s embittered denunciation of his father to another s reaction to his kinsmen s rejection of him as illegitimate *Law Family and Women* provides fascinating evidence of the tensions riddling family life in Renaissance Florence Kuehn shows how these same tensions often articulated in and through the law affected women He examines the role of the *mundualdus* a male legal guardian for women in Florence the control of fathers over their married daughters and issues of inheritance by and through women An ambitious attempt to reformulate the agenda of Renaissance social history Kuehn s work will be of value to both legal anthropologists and social historians Thomas Kuehn is professor of history at Clemson University

Gulliver, 1964 Too often accounts of African family life have tended to describe the family in purely static terms The contributors to this book emphasize the developmental or time dimension of the family analysing it as a process In the seven different societies described in East Africa the Congo and the Transvaal the changing nature of the distribution of rights in the family property and resources is directly linked with the growth and change of the family itself First published in 1964
