Pottenger, 2007-07-05 As early as the sixteenth century the liberal democratic state has been forced to confront the question of religion in politics The result has been a tense and uncomfortable balancing act Today in the public square of liberal democracy a number of religious confessions and beliefs compete for attention In the American experience some sense of religious pluralism and relative social harmony has been maintained However for this relationship to prevail a tension must continue to exist one that balances the political and social pursuits of self interest with meeting the objectives of

the common good In *Reaping the Whirlwind* John R Pottenger shows how this process began in the modern world and how societies attempt to manage this ongoing conflict The first part of the book lays the groundwork of his analysis by using examples from history to demonstrate the genesis of political and religious whirlwinds It goes on to explore contemporary case studies such as conflicts between Mormons and Evangelicals in the United States liberation theology in Latin America Islam and the state in Uzbekistan and radical Christian reconstructionism Pottenger believes that the formal institutions of liberal democracy should maintain this turbulence even as religious activism threatens to upset the balance He concludes by advocating religious liberty and recognizing the individual and social need for expression At the same time he maintains that the survival of liberal democracy requires that these religious traditions not dominate the public sphere *Jihad* Ahmed Rashid, 2002-12-31 An essential examination of the roots of fundamentalist rage in Central Asia from the acclaimed author of *Taliban and Descent into Chaos* Ahmed Rashid whose masterful account of Afghanistan's Taliban regime became required reading after September 11 turns his legendary skills as an investigative journalist to five adjacent Central Asian Republics Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan where religious repression political corruption and extreme poverty have created a fertile climate for militant Islam Based on groundbreaking research and numerous interviews Rashid explains the roots of fundamentalist rage in Central Asia describes the goals and activities of its militant organizations including Osama bin Laden's al Qaeda and suggests ways of neutralizing the threat and bringing stability to the troubled region A timely and pertinent work Jihad is essential reading for anyone who seeks to gain a better understanding of a region we overlook at our peril *In the Tracks of Tamerlane* Daniel L. Islam after Communism Adeeb Khalid, 2014-02-08 How do Muslims relate to Islam in societies that experienced seventy years of Soviet rule How did the utopian Bolshevik project of remaking the world by extirpating religion from it affect Central

Asia Adeeb Khalid combines insights from the study of both Islam and Soviet history to answer these questions. Arguing that the sustained Soviet assault on Islam destroyed patterns of Islamic learning and thoroughly de-Islamized public life, Khalid demonstrates that Islam became synonymous with tradition and was subordinated to powerful ethnonational identities that crystallized during the Soviet period. He shows how this legacy endures today and how, for the vast majority of the population, a return to Islam means the recovery of traditions destroyed under Communism. Islam after Communism reasons that the fear of a rampant radical Islam that dominates both Western thought and many of Central Asia's governments should be tempered with an understanding of the politics of antiterrorism, which allows governments to justify their own authoritarian policies by casting all opposition as extremist. Placing the Central Asian experience in the broad comparative perspective of the history of modern Islam, Khalid argues against essentialist views of Islam and Muslims and provides a nuanced and well-informed discussion of the forces at work in this crucial region.

**Power and Change in Central Asia** Sally

Cummings, 2004-01-14 This volume offers the first systematic comparison of political change, leadership style, and stability in Central Asia. **Terrorism and Militancy in Central Asia** Jatin Kumar

Mohanty, 2006 The book is basically an account of the problem of terrorism and militancy in the five newly independent countries, viz. *Islam in World Politics* Nelly Lahoud, A.H. Johns, 2012-10-12 This book examines the influence of Islamist movements in national and international power politics in the equilibrium of the world of finance and the articulation of gender issues in Islamic and non-Islamic countries alike.

*Political Islam in Central Asia* Emmanuel Karagiannis, 2009-12-04

The terrorist attacks in the United States on 9/11 and the U.S.-led military campaign against the Taliban regime in Afghanistan have intensified scrutiny of radical Islamic groups across Central Asia. This book offers one of the first comprehensive studies of the activities of one of the most feared but least understood international Islamist organizations in post-Soviet Central Asia: Hizb ut Tahrir, that is, The Party of Islamic Liberation. By utilizing social movement theory, the book analyses political Islam in Central Asia in general and the phenomenon of Hizb ut Tahrir in particular. It reveals the critical role of its ideology based on a selective interpretation of Islamic theology and history in the party's recruiting success. Using primary sources including the group's publications and documents, official reports, alongside interviews with scholars, security experts, mullahs, journalists, diplomats, government officials, and group members, it covers the rise of political Islam in the post-Soviet Central Asia alongside the origins and current status of Hizb ut Tahrir, its leadership, ideology, political methodology, and party structure, and its rise in the region from Kazakhstan to Russia and China. Although the organization has received

less international examination partly because it has advocated a non violent approach toward its goals this book sketches its prospective future relationship to violence in this key region      **The Middle East's Relations with Asia and Russia**

Hannah Carter, Anoushiravan Ehteshami, 2013-01-11 Carter and Ehteshami consider the significant geopolitical economic and security links between the Middle East and the wider Asian world links which are often overlooked when the Middle East is considered in isolation or in terms of its relations with the West but which are of growing importance Topics covered include Asia's overall geostrategic realities and the Middle East's place within them relations between the Middle East and China Russia central Asia southeast Asia and south Asia Islam in central Asia and southeast Asia and the connections with the Middle East and the important links between the Middle East and India and Pakistan's military and security establishments

*The OSCE and the Multiple Challenges of Transition* Farian Sabahi, Daniel Warner, 2004 In the wake of 9 11 and the US intervention in Afghanistan Central Asia and the Caucasus have moved to the forefront of the international political agenda This volume provides information and expertise in relation to issues such as oil and drug control      Zentralasien und Islam Andrea Strasser, 2002      Joint Force Quarterly , 2008
