The Painted Witch How Western Artists Have Viewed The Sexuality Of Women:

The Painted Witch Edwin B. Mullins,1985-01-01 **Reader's Guide to Women's Studies** Eleanor Amico,1998-03-20

The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies. Some 200 scholars have contributed to the project which adopts a multi-layered approach allowing for comprehensive treatment of its subject matter. Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors. *The Painted Witch* Edwin

Mullins,1985 **The Less Noble Sex** M. Jeanne Peterson,1989-05-22 Physically frail badly educated girls brought up to lead useless lives as idle gentlewomen married to dominant husbands and relegated to separate spheres of life these phrases have often been used to describe Victorian upper middle class women. M. Jeanne Peterson rejects such formulations and the received wisdom they embody in favor of a careful examination of Victorian ladies and their lives. Focusing on a network of urban professional families over three generations this book examines the scope and quality of gentlewomen's education their physical lives their relationship to money their experience of family illness and death and their relationships to men brothers and friends as well as fathers and husbands. Peterson also examines the prominent place of work in the lives of these leisured Victorian ladies both single and married. Far from idle the mothers wives and daughters of Victorian clergymen doctors lawyers university dons and others were accomplished and productive members of society who made substantial public and private contributions to virtually every sphere of Victorian life. *Dance, Sex, and Gender* Judith Lynne

Hanna,1988-05-15 Ambitious in its scope and interdisciplinary in its purview. Without doubt future researchers will want to refer to Hanna's study not simply for its rich bibliographical sources but also for suggestions as to how to proceed with their own work. *Dance, Sex, and Gender* will initiate a discussion that should propel a more methodologically informed study of dance and gender. Randy Martin *Journal of the History of Sexuality* **City of Eros** Timothy J. Gilfoyle,1994 Winner of the Allan Nevins Prize of the Society of American Historians and the New York State Historical Association Manuscript Prize

The Emblem in Renaissance and Baroque Europe: Tradition and Variety Alison Adams,Anthony J. Harper,2023-11-27 The volume is a cross section of contributions to the Glasgow International Emblem Conference 1990 and demonstrates the range of research currently under way into the emblem tradition in the Renaissance and Baroque periods and the variety of its development across the centuries in many European countries. The seventeen papers are arranged here in broad national and thematic groupings showing the emblem tradition in France Italy the Low Countries Germany Britain within the field of alchemy and extending into wider European traditions. The volume is generously illustrated and an index is provided for the orientation of the reader. An impression of the richness of the European emblem tradition is given for the general reader whilst the specialist is provided with a comprehensive insight into the many and varied strands of current emblem research and the diversity of approach adopted by scholars internationally. The Films of Larry Buchanan Rob Craig, 2007-04-30 Films such as *The Naked Witch* *Zontar The Thing From Venus* and *Mars Needs Women* have gained large cult followings and movies like *A Bullet For Pretty Boy* *Free White and 21* and *Goodbye Norma Jean* became box office hits Still no other independent filmmaker of the latter 20th century may elicit such a disparity of response from general movie audiences and cult film buffs alike as the late legendary Larry Buchanan This study the first serious examination of Buchanan s body of work addresses consistent themes such as the end of suburbia the rebel outsider the oppressive establishment the curse of fame and creatures of destruction The highly political subtext found in virtually every one of the filmmaker s projects is also explored Chapters are devoted to more than 20 of Buchanan s films information on some of the unfinished unreleased and in at least one case deliberately destroyed projects is offered as well Photographs illustrating nearly all the films are included
