The Painting in the Attic M. Plummer,2001-04 Born on the Caribbean Island of Barbados the Author for thirty plus years made an eventful journey through the corporate world of work This is his story LIMITED SKIES presents a hitherto unrevealed perspective of work life culture and systems in several organizations as seen from a different perspective It is an experiential journey through the Aviation Transportation and Tourism Industries vividly bringing to its pages the people and personalities the plans and plots the joys and pains and the successes and disappointments which he encountered in his quest to reach for the sky Since to date there has been no major paradigm shift in corporate behavior It became necessary for him to write this book so that persons on all sides of the racial divide could be sensitized to the struggles and lifestyle adjustments that people of color particularly males and people who are just different from the mainstream through gender or orientation have to undergo as they navigate the skies of their dreams hopes and aspirations As the story unfolds it reveals the fact that in a very real sense the playing fields are not level and so the skies are limited to minorities Such limitations are so subtle and entrenched within the corporate systems and culture that to the uninformed person it appears to be business as usual If you are experiencing turbulence in your corporate life or in any endeavor just because you are different from the rest we trust that you will draw strength and wisdom from the true stories found herein and that you will be energized to keep pressing forward so that for you the sky will indeed be the limit
