The Painting Of Modern Life Paris In The Art Of Manet And His Followers:

The Painting of Modern Life Timothy J. Clark, 1985 From T J Clark comes this provocative study of the origins of modern art in the painting of Parisian life by Edouard Manet and his followers The Paris of the 1860s and 1870s was a brand new city recently adorned with boulevards cafes parks Great Exhibitions and suburban pleasure grounds the birthplace of the habits of commerce and leisure that we ourselves know as modern life A new kind of culture quickly developed in this remade metropolis sights and spectacles avidly appropriated by a new kind of consumer clerks and shopgirls neither working class nor bourgeois inventing their own social position in a system profoundly altered by their very existence Emancipated and rootless these men and women flocked to the bars and nightclubs of Paris went boating on the Seine at Argenteuil strolled the island of La Grande Jatte enacting a charade of community that was to be captured and scrutinized by Manet Degas and Seurat It is Clark's cogently argued and profusely illustrated thesis that modern art emerged from these painters attempts to represent this new city and its inhabitants Concentrating on three of Manet's greatest works and Seurat's masterpiece Clark traces the appearance and development of the artists favorite themes and subjects and the technical innovations that they employed to depict a way of life which under its liberated pleasure seeking surface was often awkward and anxious Through their paintings Manet and the Impressionists ask us and force us to ask ourselves Is the freedom offered by modernity a myth Is modern life heroic or monotonous glittering or tawdry spectacular or dull The Painting of Modern Life illuminates for us the ways both forceful and subtle in which Manet and his followers raised these questions and doubts which are as valid for our time as for the age they portrayed **The Painting of Modern Life** T. J.

Clark, 2015-02-17 The Paris of the 1860s and 1870s was supposedly a brand new city equipped with boulevards cafés parks and suburban pleasure grounds the birthplace of those habits of commerce and leisure that constitute modern life Questioning those who view Impressionism solely in terms of artistic technique T J Clark describes the painting of Manet Degas Seurat and others as an attempt to give form to that modernity and seek out its typical representatives be they bar maids boaters prostitutes sightseers or petits bourgeois lunching on the grass The central question of The Painting of Modern Life is this did modern painting as it came into being celebrate the consumer oriented culture of the Paris of Napoleon III or open it to critical scrutiny The revised edition of this classic book includes a new preface by the author

Illuminated Paris S. Hollis Clayson, 2019-05-16 The City of Light For many these four words instantly conjure late nineteenth century Paris and the garish colors of Toulouse Lautrec s iconic posters More recently the Eiffel Tower s nightly show of sparkling electric lights has come to exemplify our fantasies of Parisian nightlife Though we

reflect longingly on such scenes in *Illuminated Paris* Hollis Clayson shows that there's more to these clichés than meets the eye. In this richly illustrated book she traces the dramatic evolution of lighting in Paris and how artists responded to the shifting visual and cultural scenes that resulted from these technologies. While older gas lighting produced a haze of orange, new electric lighting was hardly an improvement: the glare of experimental arc lights themselves dangerous, left figures looking pale and ghoulish. As Clayson shows, artists' representations of these new colors and shapes reveal a turn of the century concerns about modernization as electric lighting came to represent the harsh glare of rapidly accelerating social change. At the same time, in part thanks to American artists visiting the city, these works of art also produced our enduring romantic view of Parisian glamour and its Belle époque.
