The Panther And The Lash Poems Of Our Time

John Edgar Tidwell, Cheryl R. Ragar

The Panther And The Lash Poems Of Our Time:

"The" Panther and the Lash Langston Hughes,1987 *The Panther and the Lash* Langston Hughes,1971 **The Panther & the Lash** Langston Hughes,1967 Powerful poems dealing with the most compelling issues of this African American s time American Poetry in Performance Tyler Hoffman,2013-05-29 American Performance Poetry is the first book to trace a comprehensive history of performance poetry in America from Whitman through the rap meets poetry scene and to show how the performance of poetry is bound up with the performance of identity and nationality in the modern period This book will be a meaningful contribution both to the field of American poetry studies and to the fields of cultural and performance studies as it focuses on poetry that refuses the status of fixed aesthetic object and in its variability performs versions of race class gender and sexuality both on and off the page Relating the performance of poetry to shifting political and cultural ideologies in the United States Hoffman argues that the vocal aspect of public poetry possesses or has been imagined to possess the ability to help construct both national and subaltern communities In doing so American Performance Poetry explores public poets confrontations with emergent sound recording and communications technologies as those confrontations shape their mythologies of the spoken word and their corresponding notions about America and Americanness

Montage of a Dream John Edgar Tidwell,Cheryl R. Ragar,2007 Over a forty six year career Langston Hughes experimented with black folk expressive culture creating an enduring body of extraordinary imaginative and critical writing Riding the crest of African American creative energy from the Harlem Renaissance to the onset of Black Power he commanded an artistic prowess that survives in the legacy he bequeathed to a younger generation of writers including award winners Alice Walker Paule Marshall and Amiri Baraka Montage of a Dream extends and deepens previous scholarship multiplying the ways in which Hughes s diverse body of writing can be explored The contributors including such distinguished scholars as Steven Tracy Trudier Harris Juda Bennett Lorenzo Thomas and Christopher C De Santis carefully reexamine the significance of his work and life for their continuing relevance to American African American and diasporic literatures and cultures Probing anew among Hughes s fiction biographies poetry drama essays and other writings the contributors assert fresh perspectives on the often overlooked Luani of the Jungles and Black Magic and offer insightful rereadings of such familiar pieces as Cora Unashamed Slave on the Block and Not without Laughter In addition to analyzing specific works the contributors astutely consider subjects either lightly explored by or unavailable to earlier scholars including dance queer studies black masculinity and children s literature Some investigate Hughes s use of religious themes and his passion for the blues as the fabric of black art and life others ponder more vexing questions such as Hughes s sexuality and his relationship with his mother as revealed in the letters she sent him in the last decade of her life Montage of a Dream richly captures the power of one man s art to imagine an America holding fast to its ideals while forging unity out of its cultural diversity By showing that Langston Hughes continues to speak to the fundamentals of human nature this

comprehensive reconsideration invites a renewed appreciation of Hughes's work and encourages new readers to discover his enduring relevance as they seek to understand the world in which we all live

The Life of Langston Hughes Arnold Rampersad, 2002-01-10 February 1 2002 marks the 100th birthday of Langston Hughes To commemorate the centennial of his birth Arnold Rampersad has contributed new Afterwords to both volumes of his highly praised biography of this most extraordinary and prolific American writer The second volume in this masterful biography finds Hughes rooting himself in Harlem receiving stimulation from his rich cultural surroundings Here he rethought his view of art and radicalism and cultivated relationships with younger more militant writers such as Richard Wright Ralph Ellison James Baldwin and Amiri Bakara Rampersad's Afterword to volume two looks further into his influence and how it expanded beyond the literary as a result of his love of jazz and blues his opera and musical theater collaborations and his participation in radio and television In addition Rampersad explores the controversial matter of Hughes's sexuality and the possibility that despite a lack of clear evidence Hughes was homosexual Exhaustively researched in archival collections throughout the country especially in the Langston Hughes papers at Yale University's Beinecke Library and featuring fifty illustrations per volume this anniversary edition will offer a new generation of readers entrance to the life and mind of one of the twentieth century's greatest artists

Chicorel Index to Poetry in Anthologies and Collections in Print Marietta Chicorel, 1974

Enter the New Negroes Martha Jane Nadell, 2004 With the appearance of the urban modern diverse New Negro in the Harlem Renaissance writers and critics began a vibrant debate on the nature of African American identity community and history Martha Jane Nadell offers an illuminating new perspective on the period and the decades immediately following it in a fascinating exploration of the neglected role played by visual images of race in that debate After tracing the literary and visual images of nineteenth century Old Negro stereotypes Nadell focuses on works from the 1920s through the 1940s that showcased important visual elements Alain Locke and Wallace Thurman published magazines and anthologies that embraced modernist images Zora Neale Hurston's *Mules and Men* with illustrations by Mexican caricaturist Miguel Covarrubias meditated on the nature of black Southern folk culture In the folk history *Twelve Million Black Voices* Richard Wright matched prose to Farm Security Administration photographs And in the 1948 Langston Hughes poetry collection *One Way Ticket* Jacob Lawrence produced a series of drawings engaging with Hughes's themes of lynching race relations and black culture These collaborations addressed questions at the heart of the movement and in the era that followed it Who exactly were the New Negroes How could they attack past stereotypes How should images convey their sense of newness possibility and individuality In what directions should African American arts and letters move Featuring many compelling contemporary illustrations *Enter the New Negroes* restores a critical visual aspect to African American culture as it evokes the passion of a community determined to shape its own identity and image

Beyond the Tyranny of the Text James Henry Harris, 2019-10-15 Preachers and students of preaching need help communicating hope They want their sermons to

communicate the promises of scripture so that people can envision a new world in which their lives will be transformed. Preachers want to experience a new sense of freedom in their preaching and to extend liberation based on their reading and interpretation of the scripture. James Henry Harris introduces interpretation theory and continental philosophy as a resource for preachers to resist and overcome interpretive oppression and lays out a new theory of scriptural interpretation. He analyzes philosopher Paul Ricoeur's hermeneutics as a helpful guide for modern preachers and incorporates in his analysis of the lived experience of the Black church. Harris highlights the preaching of several 19th and 20th century Black women including Jarena Lee, Maria Stewart, and Mary Evans. *Beyond the Tyranny of the Text* develops a five-part method for preaching that stretches from preparation to proclamation and demonstrates how this method for interpretational creativity emerges from fidelity to the text. Harris demonstrates his method with sermonic exegesis of the Book of Jonah. With this new process of reading, rereading, unreading, writing, and unwriting the text, the author offers wisdom and tools for reflection and illumination. At its core, *Beyond the Tyranny of the Text* challenges the field of homiletics and all preachers to unwrite like Jesus Christ to get in front of the text to understand preparation and preaching as a creative and transformative enterprise.

The Oxford Handbook of Modern and Contemporary American Poetry Cary Nelson, 2012. *The Oxford Handbook of Modern and Contemporary American Poetry* gives readers a cutting edge introduction to the kaleidoscopic world of American poetry over the last century. Offering a comprehensive approach to the debates that have defined the study of American verse, the twenty-five original essays contained herein take up a wide array of topics: the influence of jazz on the Beats and beyond; European and surrealist influences on style; poetics of the disenfranchised; religion and the national epic; antiwar and dissent; poetry; the AIDS epidemic; digital innovations; transnationalism; hip hop; and more. Alongside these topics, major interpretive perspectives such as Marxist, psychoanalytic, disability, queer, and ecocritical are incorporated. Throughout, the names that have shaped American poetry in the period—Ezra Pound, Wallace Stevens, Marianne Moore, Mina Loy, Sterling Brown, Hart Crane, William Carlos Williams, Posey, Langston Hughes, Allen Ginsberg, John Ashbery, Rae Armantrout, Larry Eigner, and others—serve as touchstones along the tour of the poetic landscape.
