

THE AGE OF PASSIVITY

At last, a seduction strategy for the end of the millennium. Throughout this dramatic century, men have taken a healthy fall from patriarchy to passivity, and women have moved from suffragists to seducers. Women are not simply "equals" anymore; they've become the aggressors. They're the ones who insist on being in control. So, what should a guy do about it? ABSOLUTELY NOTHING. You don't need a line, you just have to be yourself.

Too hokey to be true? Not in this age of the passive man. Franklin Parlamis explains in this amazing new book, **The Passive Man's Guide to Seduction**, how man's embracing his latent passive nature will lure women like moths to a flame. Parlamis taps into the psyche of the woman of the 90's and shows us why attracting women has never been easier.

Gone are the days of pseudo-studs tossing out one-liners and flashing their bills. Effortlessness is cool. Naturalness is in. Parlamis explains how it's all revealed in the unbelievable power of passivity. It's all about letting a woman's natural energy work to your advantage.

Concerned about attracting women without compromising yourself? Don't worry, be passive, and attract women without doing a damn thing!
