Richard Carr

The Past Masters Politics Politicians 1906 1939:

The Past Masters Harold Macmillan, 1973 **The Past Masters** Harold Macmillan, 1975 *Veteran MPs and Conservative Politics in the Aftermath of the Great War* Richard Carr, 2016-03-03 Between 1918 and 1939 448 men who performed uniformed service in the First World War became Conservative MPs This relatively high profile cohort have been under explored as a distinct body yet a study of their experiences of the war and the ways in which they and the Conservative Party represented those experiences to the voting public reveals much about the political culture of Interwar Britain and the use of the Great War as political capital Radicalised ex servicemen have thus far been considered a rather continental phenomenon historiographically And whilst attitudes to Hitler and Mussolini form part of this analysis the study also explores why there were fewer such types in Britain The Conservative Party it will be shown played a crucial part in such a process with British politics serving as a contested space for survivors interpretations of what the war should mean **The Prime Minister: The Office and Its Holders Since 1945** Peter Hennessy, 2001-10-05 He illuminates often for the first time precise Prime Ministerial attitudes toward and authority over nuclear weapons policy the planning and waging of war and the secret services as well as dealing with governmental overload the Suez crisis and the Soviet threat He concludes with a controversial assessment of the relative performance of each Prime Minister since 1945 and a new specification for the premiership as it meets its fourth century **BOOK JACKET** *A Bibliography of British History, 1914-1989* Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Politics and Conceptual Histories** Kari Palonen, 2016-10-20 The international expansion of conceptual historical research during last 20 years is a remarkable turn in the academia The conceptual confrontation of different approaches themes and forms of research has reached several academic fields in numerous countries From the 1990s to the present Kari Palonen has shaped and supported this change with his emphasis on its role for the study of politics The chapters of this volume offer a testimony of the changing awareness new thematics and multiple research orientations of this story Palonen discusses the works of Reinhart Koselleck and Quentin Skinner as partly competing partly converging approaches to conceptual history He applies both Koselleck s time centred and Skinner s rhetorical perspectives in his own studies on theorising politics Simultaneously he emphasises the heuristic impulse of both approaches for the study of political practices for the reorientation of parliamentary studies in particular The Visible Poor Joel Blau, 1992 Taking an in depth look at the causes of homelessness in the United States Joel Blau disproves the convenient myths that most homeless are crazy drug addicts or lazy misfits who brought their suffering upon themselves He shows that the current crisis was an inevitable result of economic and political changes in recent decades systematically reviewing the explanations offered by researchers

politicians and pundits from the deinstitutionalization of mental patients in the 1960s to the gentrification of urban neighborhoods in the 1970s to the evisceration of federal spending on social welfare in the 1980s Blau argues that current government policies at every level are mired in pointless headcounting and quick fix solutions that only push the homeless out of sight without touching the underlying causes He advocates social reforms ranging from a national standard for welfare benefits a higher minimum wage and establishment of a social sector for non profit affordable housing A powerful contribution to public debate on homelessness *The Visible Poor* must be read by concerned citizens as well as by policy makers and advocates

The Strange Survival of Liberal Britain Vernon Bogdanor, 2022-10-20 Masterly A fascinating tour d horizon of the Edwardian political scene This must be a definitive account Professor Jane Ridley author of *George V Never a Dull Moment* A tour de force sympathetic in its treatment of the subject eminently wise in its judgement and invariably fair in its verdicts It purrs along like a Rolls Royce engine Professor T G Otte author of *Statesman of Europe A Life of Sir Edward Grey* This brilliant book from Britain s most important constitutional historian upends the orthodoxy about the decadent Edwardians A masterpiece of intelligent history both forceful and subtle which transforms how we view not just those most complex Edwardians but also our own equally complex times Professor Richard Aldous author of *The Lion and the Unicorn Gladstone vs Disraeli* Brilliant Instantly the leading history of this turbulent and critical period in Britain s transition towards a modern democracy Professor Robert Blackburn King s College London Vernon Bogdanor has the habit of unearthing gems that have been missed by others He does it again in this magisterial work on post Gladstonian Britain by challenging some of the long established myths about this period that deserve to be cast aside Professor Malcolm Murfett King s College London Professor Bogdanor argues with conviction and sometimes passion but always with judiciousness and in the light of deep reflection The result is a masterly work which speaks to the politics of our own time Alvin Jackson Richard Lodge Professor of History University of Edinburgh An extraordinary exploration of a political world whose dynamics continue to shape the future of liberal constitutionalism Bruce Ackerman Sterling Professor of Law and Political Science Yale University Crisp authoritative and lucid Nicholas Owen associate professor of politics University of Oxford The turbulent years of 1895 to 1914 changed Britain s political landscape for ever They saw a transition from aristocratic rule to mass politics and heralded a new agenda which still dominates today The issues of the period economic modernisation social welfare and equality secondary and technical education a new role for Britain in the world were complex and difficult Indeed they proved so thorny that despite the efforts of the Edwardians they remain among the most pressing problems we face in the twenty first century The period has often been seen as one of decadence of the strange death of liberal Britain In contrast Vernon Bogdanor believes that the robustness of Britain s parliamentary and political institutions and her liberal political culture with the commitment to rational debate and argument were powerful enough to carry her through one of the most trying periods of her history and so make possible the remarkable survival of liberal Britain In this wide ranging and sometimes

controversial survey one of our pre eminent political historians dispels the popular myths that have grown up about this critical period in Britain s story and argues that it set the scene for much that is laudable about our nation today

Annotated Bibliography of Works About Sir Winston S. Churchill Curt Zoller,Richard M. Langworth,2015-06-01 This unique resource will be an enormous aid and impetus to Churchill studies It lists over 600 works with annotations and includes sections listing an additional 5 900 entries covering book reviews significant articles and chapters from books Separate author and title indexes will allow the user to locate specific entries The book s aim is to direct students researchers and bibliophiles to the entire corpus of works about Churchill

The Ashgate Research Companion to the Politics of Democratization in Europe Tuija Pulkkinen,2016-03-23 Democratization is a concept often used in academic book titles yet not many of them deal with the initial breakthrough of democratization This research companion presents an alternative view to the widespread assumption that Western democracies should be the normative reference for the study of democratization elsewhere Rather it questions the universal validity of such an assumption by searching the history of European politics and by paying specific attention to the struggles of democratization accomplished outside Western Europe The authors apply a comparative approach to analyzing debates in the primary sources in a number of countries and languages and situate the results into a broader European context Focusing on European democratization from different historical and analytical perspectives they discuss the politics concepts and histories involved in democratization as a complex of changes that has altered the conditions of political action and debate in the continent for the past two centuries

Naval War College Review ,1978 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1978 The Austen Chamberlain Diary Letters Sir Austen Chamberlain,1995-08-25 This collection of the diary letters of Austen Chamberlain provides a detailed record of Conservative and national politics in the inter war period *Churchill's Citadel* Katherine Carter,2024-11-05 A major new history of Churchill in the 1930s showing how his meetings at Chartwell his country home strengthened his fight against the Nazis In the 1930s amidst an impending crisis in Europe Winston Churchill found himself out of government and with little power In these years Chartwell his country home in Kent became the headquarters of his campaign against Nazi Germany He invited trusted advisors and informants including Albert Einstein and T E Lawrence who could strengthen his hand as he worked tirelessly to sound the alarm at the prospect of war Katherine Carter tells the extraordinary story of the remarkable but little known meetings that took place behind closed doors at Chartwell From household names to political leaders diplomats to spies Carter reveals a fascinating cast of characters each of whom made their mark on Churchill s thinking and political strategy With Chartwell as his base Churchill gathered intelligence about Germany s preparations for war and in doing so put himself in a position to change the course of history

The Best Books for Academic Libraries: World history ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers *Anglo-French Relations 1934-36* Nicholas Rostow,1984-02-23

The Ashgate Research Companion to the Politics of Democratization in Europe José María Rosales, Professor Tuija Pulkkinen, Professor Kari Palonen, 2013-03-28 Democratization is a concept often used in academic book titles yet not many of them deal with the initial breakthrough of democratization This research companion applies a comparative approach to analyzing debates in a number of countries It discusses the politics concepts and histories involved in European democratization as a complex of changes that has altered the conditions of political action and debate in the continent for the past two centuries

Dinner with Churchill Cita Stelzer, 2013-01-08 This engaging biography invites readers to dinner with Winston Churchill and his political guests in the years surrounding WWII A friend once said of Winston Churchill He is a man of simple tastes he is quite easily satisfied with the best of everything But for Churchill dinners were about more than good food excellent champagnes and Havana cigars Everything included the opportunity to use the table both as a stage on which to display his brilliant conversational talents and as an intimate setting in which to glean gossip and diplomatic insights and to argue for the many policies he espoused over his long political career In this riveting informative and entertaining account Cita Stelzer draws on previously untapped material diaries of guests and a wide variety of other sources to tell of some of the key dinners at which Churchill presided before during and after World War II An acutely revealing and eloquent look at one of Great Britain's most impactful prime ministers Dinner with Churchill offers delicious new insights into the food cocktails and conversations that shaped history The Times Literary Supplement

Appeasement Tim Bouverie, 2020-06-02 A NEW YORK TIMES EDITORS CHOICE SUNDAY TIMES UK BESTSELLER A gripping history of the British appeasement of Hitler on the eve of World War II An eye opening narrative that makes for exciting but at times uncomfortable reading as one reflects on possible lessons for the present Antonia Fraser author of Mary Queen of Scots On a wet afternoon in September 1938 Prime Minister Neville Chamberlain stepped off an airplane and announced that his visit to Hitler had averted the greatest crisis in recent memory It was he later assured the crowd in Downing Street peace for our time Less than a year later Germany invaded Poland and the Second World War began Appeasement is a groundbreaking history of the disastrous years of indecision failed diplomacy and parliamentary infighting that enabled Hitler's domination of Europe Drawing on deep archival research and sources not previously seen by historians Tim Bouverie has created an unforgettable portrait of the ministers aristocrats and amateur diplomats who through their actions and inaction shaped their country's policy and determined the fate of Europe Beginning with the advent of Hitler in 1933 we embark on a fascinating journey from the early days of the Third Reich to the beaches of Dunkirk Bouverie takes us not only into the backrooms of Parliament and 10 Downing Street but also into the drawing rooms and dining clubs of fading imperial Britain where Hitler enjoyed surprising support among the ruling class and even some members of the royal family Both sweeping and intimate Appeasement is not only an eye opening history but a timeless lesson on the challenges of standing up to aggression and authoritarianism and the calamity that results from failing to do so

Neville Chamberlain Robert Self, 2017-03-02 History has not looked kindly

upon Neville Chamberlain Despite a long and distinguished political career his trip to Munich in 1938 and the appeasement of Hitler have forever overshadowed his many other achievements and blighted his reputation his name now synonymous with the futility of trying to reason with dictators and bullies Yet as this biography shows there is much more to this complex and intriguing character than is generally supposed and even the infamous events of 1938 are open to more charitable interpretations than is usually the case Appeasement brought the British government crucial time in which to rearm and in particular allowed the RAF to drastically increase the number of fighter aircraft it could muster for the Battle of Britain during the summer of 1940 Based on the study of over 150 collections of private papers on both sides of the Atlantic as well as exhaustive exploration of British government records held in the National Archives it is no exaggeration to say that the author has surveyed virtually all the existing archival material written by or to Chamberlain as well as a high proportion of that referring to him As such this volume will no doubt establish itself as the definitive account of Chamberlain s life and career and provide a much fuller and fairer picture of his actions than has hitherto been the case

Recognizing the showing off ways to acquire this book **The Past Masters Politics Politicians 1906 1939** is additionally useful. You have remained in right site to start getting this info. acquire the The Past Masters Politics Politicians 1906 1939 belong to that we have the funds for here and check out the link.
