The Path To Love Renewing The Power Of Spirit In Your Life:

Getting Back to Love Joseph Malinak, Sarah E. Malinak, 2008-02 When a man either by hurting or pleasing his woman tries to control her he is a Mama's Boy who believes he gets his power from the women in his life When a woman either by serving or dominating her man tries to take care of him she is a Daddy's Girl who believes she will find fulfillment by taking care of the men in her life Together these personality types have great potential for passion and romance but they're also vulnerable to relationship tragedy *Getting Back to Love* teaches these unique people how to become masters of rather than be mastered by the Mama's Boy Daddy's Girl dynamics that threaten to sabotage their relationships Discover the steps to growing beyond the dysfunction into a relationship that has more love better passion and greater satisfaction *Road to Digital Divine* Hemant Gupta, 2010-12-20 For most of us our current perspective is deeply rooted in the eighteenth century science of materialism The new science of information and quantum computation is bringing a fresh perspective a new understanding about the true nature of us and our universe It has profound implications to the way us humans understand ourselves and our universe Since this newer understanding rests on digital and informational nature of being and has divine like qualities I have referred to this as digital divine A road to arrive at digital divinity has also been my journey to understand this new nature of us and our universe From this perch our universe appears like an informational entity rooted deeply in the nature of silence or zero Broader laws of information seem to describe its nature and behaviors far better than the classical laws of physics Our physical universe emerges as a computing platform engaged in grand act of quantum and binary information processing How does one start from a macro view of our perceptual universe and arrive at the computational nature of matter and mind How do cosmic emotional and rational mind arise from this foundation How does this view impact the concept of my self that I hold deep within in my psyche The informational and computational description of our universe provides a framework to naturally explain many such difficult questions As one realizes that this grand informational and quantum computational entity or digital divine is not only rooted in logic but it is also rooted in love oneness or unity consciousness one embarks on a new understanding of us our universe and our divinity an incredible bridge between science and spirituality This is an amazing know how We can all benefit from this **Different Visions of Love** Brian Griffith, 2008 Griffith's narrative moves like a searchlight over each phase of church history illuminating the visions options and choices behind events He traces the rise of a dominator version of Christianity in which the primary concern was a chain of command to be followed with rewards or punishments according to the degree of obedience And beside this he illuminates another face of Christianity concerned with healing all divisions between loved and unloved people The story Griffith presents is often deeply disturbing as in his unstinting accounts concerning the gospel for women or the age of holy wars and witch hunts But ultimately his story offers solid grounds for optimism He shows that all contention between different religious visions can be a process of building partnership As Griffith points out Jesus himself wished to debate his

opponents openly not to silence or eliminate them He was not afraid of real encounter or the potential of creative conflict I want to congratulate Brian Griffith on this masterful controversial and highly readable account His book offers hope in a divided world where reaction against globalized godless corporate secularism meets with a war on religious fundamentalism I hope to see other writers do comparable work in highlighting the partnership and dominator visions within their religious traditions around the world Riane Eisler author of *The Chalice the Blade Sacred Pleasure Tomorrows Children The Power of Partnership The Real Wealth of Nations* I find it gives me an incredibly clarifying perspective on Christianity way beyond my previous understanding It should be read by everyone with an interest in Western Civilization It is a marvelous companion to *The Great Turning* David Korten author of *The Great Turning From Empire to Earth Community* **What Happened to the Prince I Married?** Sirah Vettese, 1999 The author reveals how she transformed her own volatile marriage into one of mutual love and respect inspiring her readers to improve their own marriages **The Secrets of Love, Health, and Wealth (with Grace and Ease)** Martin Avery, 2008-12-22 *Attracting And Manifesting Love Health and Wealth With Grace And Ease And Finding Your Path To Bliss In The Years Of Unprecedented Natural Disasters And The Era Of The Divine Feminine When Peace Is Breaking Out Despite All The Threats About International Terrorism And Global Warming* *Quest to Live* Carrie Fleharty, 2010-03-15 The *Quest to Live* is not just a memoir The writings are in two parts the first part being the author s background and her near suicide and the second part explains how we can truly change our thoughts The changing of new thoughts for the reader becomes possible through the exercises that examine and reflect on the readers own mind and soul The author has read many readings on how to change to positive thinking and the need to change toward positive thinking This book is different because the author uses examples from her own life to record the process of changing This book represents the struggles of the process and how to overcome them and live Deep down she believes we all want to Live Our Best Life She is one of those people who now understand that living our best life starts where we are right here and right now *Spinoza in the light of spiritual development* Toon van Eijk, 2019-08-03 The famous Dutch philosopher Baruch de Spinoza 1632 1677 is difficult to comprehend Emeritus professor Maarten van Buuren published two books on Spinoza in 2016 in which he analyses Spinoza s philosophy in a meticulous and enlightening way A number of key concepts in Spinoza s philosophy are an immanent nature inhabiting God self determination freedom power reason intuition and self appropriation In this book these key concepts are discussed based on the analysis of Van Buuren and the philosophy of Maharishi Mahesh Yogi the founder of the Transcendental Meditation TM technique The work of the philosophers Ken Wilber and Otto Duintjer also plays a role in this book Although a thorough analysis of philosophical concepts is important practical application of these concepts is paramount Theory and practice should go hand in hand A synthesis of philosophical reasoning and effective practices for spiritual development is needed **If the Buddha Dated** Charlotte Kasl, 1999-02-01 Zen and the art of falling in love At once practical playful and spiritually sound this book is about creating a new love story in your life Drawing from

Christian Buddhist Sufi and other spiritual traditions If the Buddha Dated shows how to find a partner without losing yourself Kasl a practicing psychotherapist workshop leader and Reiki healer for thirty years offers practical wisdom on using the path to love as a means of awakening If the Buddha Dated teaches that when you stay loyal to your spiritual journey you will bring curiosity fascination and a light heart to the dating process **Lovescapes, Mapping the Geography of Love** Duncan S.

Ferguson,2012-12-06 Lovescapes introduces the reader to the various meanings and manifestations of love and its many cognates such as compassion caring altruism empathy and forgiveness It addresses how love and compassion have been understood in history and the religions of the world It goes on to explore the ways that our environments and heredity influence our capacity to love and suggests ways to cultivate love and compassion in one's life The book shows how the values of love and compassion are integral to finding humane solutions to the daunting problems we face as individuals as a human family and as an earth community a world in crisis Lovescapes has the following features Describing how love is the essence of the divine and therefore the ground of reality Understanding the meaning of love and its place in our lives Learning how love and compassion have been understood across history culture and tradition Gaining insight about how to increase our capacity to love and show compassion Discerning how love and compassion can be applied in all aspects of our lives in the regions where we live and in our global setting *The Woman Who Woke Up In The Zen Forest* Martin

The New Age of Soul Ray S. Anderson,2001-11-27 In The New Age of Soul the broad appeal of new age spirituality is identified and defined with special attention to the claim that the soul may be understood as both the repository of divine energy and a source of spiritual healing and hope Through dialogue with sources and perspectives on the spiritual nature of the soul the book attempts to win the respect and appreciation of the reader already persuaded by the claims and benefits of new age spirituality while at the same time convincing the reader who has suspicions and concerns about new age spirituality that a better alternative may be found The book thus has a two fold purpose first to expose the inadequacy indeed the superficiality of new age spirituality through this dialogue and discussion attracting the attention and interest of the reader already influenced by this genre Second the author makes a case for a more traditional orthodox and biblical view of the soul and human spirituality so that the reader who is inclined toward new age spirituality will rediscover the more traditional biblical content of the soul and spirituality while providing the committed more traditional Christian reader a tool by which to communicate a biblical faith with the growing segment of our population attracted toward new age spirituality In

its own way this book is an apologetic for a more traditional Christian theology of human spirituality and self identity presented in a positive dialogue with new age spirituality

My "Plane" Truth Jill Douglas, 2012-02-17 On January 21 2006 my husband Terry and I were enjoying a relaxing couples massage during a romantic getaway and five hours later we were experiencing 15 terrifying minutes of uncertainty as to whether we would live or die Our single engine plane had suddenly lost all its power In those moments of uncertainty flashing before me was my life What had I done What would I miss And most importantly what was the meaning of those blue eyes that superimposed themselves over Terry's eyes minutes before we crashed The physical and emotional healing was intense humbling and gratifying while the spiritual path that I had been catapulted onto was certainly uplifting and unfamiliar to me All my life my soul had been gently nudging me towards my true purpose now it was hitting me over the head with the messages of Love more have less simplify your life Love and forgive myself and others unconditionally This true story is of my spiritual transformation that took me from having the illusion that all my material accomplishments was all there was for a fulfilling life to knowing that life was and had already been planned for me by me well before I incarnated into this body Surviving this plane crash was only a catalyst towards me fulfilling my true purpose in life Having a clean slate to begin all over with is a daunting task Being 47 now widowed and starting over was a daunting task My faith as about to be tested big time For from tragedy comes triumph Having found the owner of those eyes I know I have more work and a much higher purpose in life to fulfill It took a life threatening and frightening plane crash to make me see the truth my plane truth It's truly been a humbling experience and one I consider to be a gift and not a tragedy The hardest part was simply looking in

the mirror and uncovering all my masks that I had thought were protecting me but in fact were keeping me from knowing my true self
