The Path To National Suicide An Essay On Immigration And Multiculturalism:

The Path to National Suicide Lawrence Auster, 1990-01-01 *The Founders on Citizenship and Immigration* Edward J. Erler, John Marini, Thomas G. West, 2007-02-23 Working with the underlying premise that America's founding principles continue to be vital in the modern era Erler Marini and West take a conservative look at immigration one of today's most pressing political issues Character the capacity to live a life befitting republican citizens is as the Founders knew crucial to the debate about immigration *The Founders on Citizenship and Immigration* seeks to revive the issue of republican character in the current immigration debate and to elucidate the constitutional foundations of American citizenship Published in cooperation with the Claremont Institute *Immigration and Acculturation* Salman Akhtar, 2010-12-02 Moving from one country to another causes a radical alteration of one's cultural and geophysical surround Separation from friends and family loss of valued possessions and encountering new ways of living result in mental pain and disorienting anxieties In *Immigration and Acculturation* Salman Akhtar examines the traumatic impact of immigration and the acculturation process and the psychological defenses that are mobilized in the immigrant including nostalgia and fantasies of return Akhtar explores each aspect of an immigrant's life shedding light on the complexities of work friendship sex marriage aging religion and politics as well as showing how unresolved conflicts are passed on to the next generation Akhtar provides first hand accounts from immigrants from a variety of backgrounds and countries of origin and he provides clinical strategies for working with immigrant and ethnically diverse patients and their offspring Deftly synthesizing observations from psychoanalysis anthropology literature history and related disciplines in the humanities Salman Akhtar elegantly elucidates postmigration identity change **Selected Papers of Salman Akhtar** Salman Akhtar, 2023-06-01 Salman Akhtar is a Professor of Psychiatry a Training and Supervising Analyst a member of numerous editorial boards winner of many awards including the highly prestigious Sigourney Award a writer of several hundred articles a poet and the author or editor of over one hundred books A modern day Renaissance man his elegant writing is simultaneously scholarly and literary and brings a light touch to profound material Phoenix Publishing House is proud to present his most inspiring works in a stunning ten volume hardback set fit to grace the shelves of collectors and libraries with its high quality finish [World Politics on Screen](#) Mark A. Sachleben, 2014-03-04 Increasingly resistant to lessons on international politics society often turns to television and film to engage the subject Numerous movies made in the twentieth and twenty first centuries reflect political themes that were of concern within the popular cultures of their times For example Norman Jewison's *The Russians Are Coming The Russians Are Coming* 1966 portrays the culture of suspicion between the United States and the Soviet Union during the Cold War while several of Alfred Hitchcock's movies as well as the John Wayne film *Big Jim McLain* 1952 and John Milius's *Red Dawn* 1984 helped to raise and sustain skepticism about the Soviet Union *World Politics on Screen* Understanding International Relations through Popular Culture uses films and television shows like these as well as

contemporary including 24 The Simpsons South Park and The Daily Show to guide readers to a deeper understanding of enduring issues in international politics In this unique and insightful volume author Mark Sachleben demonstrates that popular culture reflects societal beliefs about the world and that the messages captured on television and film transcend time and place Using films such as Secret Ballot 2001 Under the Bombs 2007 and Wall E 2008 he addresses topics such as international relations and diplomacy the study of war nuclear weapons poverty immigration and emigration human rights and genocide An engaging read for students and for anyone with a general interest in politics and popular culture World Politics on Screen succeeds in its argument by illuminating unexplored assumptions about international policy

Race and Classification Ilona Katzew, Susan Deans-Smith, 2009-07-23 This innovative and provocative volume focuses on the historical development of racial thinking and imagining in Mexico and the southwestern United States over a period of almost five centuries from the earliest decades of Spanish colonial rule and the birth of a multiracial colonial population to the present The distinguished contributors to the volume bring into dialogue sophisticated new scholarship from an impressive range of disciplines including social and cultural history art history legal studies and performance art The essays provide an engaging and original framework for understanding the development of racial thinking and classification in the region that was once New Spain and also shed new light on the history of the shifting ties between Mexico and the United States and the transnational condition of Latinos in the US today

Who Belongs in America? Vanessa B. Beasley, 2006-07-11 How can the immigrant of yesterday be lionized as the very foundation of the nation's character while the immigrant of today is often demonized as a threat to the nation's safety and stability ask volume editor Vanessa B Beasley in her introduction to this timely book As the nation's

ceremonial as well as political leader presidents through their rhetoric help to create the frame for the American public's understanding of immigration. In an overarching essay and ten case studies, *Who Belongs in America* explores select moments in U.S. immigration history focusing on the presidential discourse that preceded, addressed, or otherwise corresponded to events. These chapters, which originated as presentations at the Texas A M University Conference on Presidential Rhetoric, share a common interest in how, when, and under what circumstances U.S. presidents or their administrations have negotiated the tension that lies at the heart of the immigration issue in the United States. The various authors look at the dual views of immigrants as either scapegoats for cultural fears, especially during trying times, or as people U.S. presidents have had to navigate between these two motifs and they have chosen different ways to do so. Indeed, as these studies show, their words have sometimes been at odds with their deeds and policies. Since 9/11, few issues have more public significance than how America views immigrants. The contributors to this volume provide context that will help inform the public debate as well as the scholarship for years to come.

Vanessa B. Beasley, an associate professor of communication at the University of Georgia, is the author of *You the People: American National Identity in Presidential Rhetoric*, also published by Texas A M University Press. Her Ph.D. is from the University of Texas at Austin.

The Rage of Replacement Michael Feola, 2024-07-30

Tracing how the Great Replacement narrative has shaped far-right extremism and propelled its dangerous political projects and acts of violence, *The Great Replacement* narrative, which imagines that historic white majorities are being intentionally replaced through immigration policies crafted by global elites, has effectively mobilized racist nationalist and nativist movements in the United States and Europe. *The Rage of Replacement* tracks how this narrative has shaped the politics and worldview of the far right, binding its various camps into a community of rage obsessed with nostalgia for a white supremacist past. Showing how the replacement narrative has found significant purchase in recent mainstream discourse through the rise of Trumpism, right-wing media figures like Tucker Carlson, and events such as the 2017 Unite the Right rally in Charlottesville, Virginia, Michael Feola diagnoses the dangers this racist theory poses as it shapes the far-right imagination, expands through civil society, and deforms political culture. In particular, he tracks how the replacement narrative has given rise to malignant political strategies designed to take back the nation from its perceived enemies by force, if deemed necessary. Identifying the Great Replacement narrative as a central force behind the rise and expansion of far-right extremism, Feola shows how it has motivated a variety of dangerous political projects in pursuit of illiberal, antidemocratic futures. From calls for the creation of segregated white ethnostates to extremist violence, such as the mass shootings in Christchurch, El Paso, and Buffalo, *The Rage of Replacement* makes clear that replacement theory poses a dire threat to democracy and safety.

American Patriotism in a Global Society Betty Jean Craige, 1996-07-03

This book argues that the transformation of our world into a global society is causing a resurgence of

tribalism at the same time that it is inspiring the ideology of political holism the understanding of human society as an evolving global system of interdependent individuals cultures and nations Betty Jean Craige examines the patriotic resistance to globalization in the United States by examining a number of recent historical events including the Persian Gulf War the 1988 presidential campaign and the Iran Contra scandal Re-charting America's Future Roy Howard Beck,1994

Democracy The God That Failed Hans-Hermann Hoppe,2011-12-31 The core of this book is a systematic treatment of the historic transformation of the West from monarchy to democracy Revisionist in nature it reaches the conclusion that monarchy is a lesser evil than democracy but outlines deficiencies in both Its methodology is axiomatic deductive allowing the writer to derive economic and sociological theorems and then apply them to interpret historical events A compelling chapter on time preference describes the progress of civilization as lowering time preferences as capital structure is built and explains how the interaction between people can lower time all around with interesting parallels to the Ricardian Law of Association By focusing on this transformation the author is able to interpret many historical phenomena such as rising levels of crime degeneration of standards of conduct and morality and the growth of the mega state In underscoring the deficiencies of both monarchy and democracy the author demonstrates how these systems are both inferior to a natural order based on private property Hoppe deconstructs the classical liberal belief in the possibility of limited government and calls for an alignment of conservatism and libertarianism as natural allies with common goals He defends the proper role of the production of defense as undertaken by insurance companies on a free market and describes the emergence of private law among competing insurers Having established a natural order as superior on utilitarian grounds the author goes on to assess the prospects for achieving a natural order Informed by his analysis of the deficiencies of social democracy and armed with the social theory of legitimation he foresees secession as the likely future of the US and Europe resulting in a multitude of region and city states This book complements the author s previous work defending the ethics of private property and natural order Democracy The God that Failed will be of interest to scholars and students of history political economy and political philosophy **Unwelcome Strangers** David M. Reimers,1998 Charting the history of US immigration policy from the Puritan colonists to World War II refugees this text uncovers the arguments of the anti immigration forces including warnings against the consequences of overpopulation and economic concerns that immigrants take jobs away from Americans *Detained* Michael Welch,2002 Details how American immigration law and policy have increasingly relied on incarceration locking up thousands of immigrants not because they pose any real danger but as a collective expression of moral panic and hostility toward perceived outsiders David Cole back cover **Textbook of Applied Psychoanalysis** Salman Akhtar,Stuart Twemlow,2020-09-10 The Textbook of Applied Psychoanalysis is a unique and original contribution to the field of psychoanalysis Emphasizing and underscoring the need for interdisciplinary discourse in understanding the dialectical relationship between mind and culture this volume addresses a multiplicity of realms These include anthropology

religion philosophy history as well as evolutionary psychology medicine race poverty migration and prejudice Dimensions of social praxis such as education health policy and cyberpsychology are also addressed The enrichment of our understanding of the fine arts e g painting sculpture poetry and performing arts e g music dance cinema by the application of psychoanalytic principles and the enhancement of psychoanalysis by bringing such arts to bear upon it also form areas of this book s concern This magisterial volume brings distinguished psychoanalysts philosophers musicians poets businessmen architects and movie critics together to create a chorus of modern anthropologically informed and culturally sensitive psychoanalysis

On Genetic Interests Frank Salter, 2017-07-28 From an evolutionary perspective individuals have a vital interest in the reproduction of their genes Yet this interest is overlooked by social and political theory at a time when we need to steer an adaptive course through the unnatural modern world of uneven population growth and decline global mobility and loss of family and communal ties In modern Darwinian theory bearing children is only one way to reproduce Since we share genes with our families ethnic groups and the species as a whole ethnocentrism and humanism can be adaptive They can also be hazardous when taken to extremes On Genetic Interests canvasses strategies and ethics for conserving our genetic interests in an environmentally sustainable manner sensitive to the interests of others

Between Two Nations Michael Jones-Correa, 2018-09-05 Immigrants come to the United States from all over Latin America in search of better lives They obtain residency status find jobs pay taxes and they have children who are American citizens by birth yet decades may go by before they seek citizenship for themselves or become active participants in the American political process Between Two Nations examines the lack of political participation among Latin American immigrants in the United States to determine why so many remain outside the electoral process Michael Jones Correa studied the political practices of first generation immigrants in New York City s multiethnic borough of Queens Through intensive interviews and participant observation he found that immigrant participation was stymied both by lack of encouragement to participate and by the requirement to renounce former citizenship which raised the fear of never being able to return to the country of origin The hesitation to naturalize as American citizens can extend over decades leaving immigrants adrift in a political limbo Between Two Nations is the first qualitative study of how new immigrants assimilate into American political life Jones Correa reexamines assumptions about Latino politics and the diversity of Latino populations in the United States about the role of informal politics in immigrant communities and about gender differences in approaches to political activity

Chapters of Modern Human Geographical Thought Tomáš Drobík, Monika Šumberová, 2009-10-02 Contemporary human geography provides valuable insights into the political social or cultural transformations of the world The Chapters of Modern Geographical Thought is a compilation of original state of the art essays written by recognized scholars covering a wide range of topics from human geography always paying tribute to the multidisciplinary nature of the field This book will provide students with penetrating analyses of seven fields including critical geopolitics of film and affect the political

economy of the environment ethnic problems in the Caucasus the US and Mexico relations new social movements in Southern Africa or identity politics and the legal recognition of the Silesian minority in Poland All the essays emphasize the interconnectedness of a globalized world The book assumes that every piece of knowledge we gain has to be understood and interpreted in the context of cultural and symbolic phenomena with their own histories and localized in specific spaces places Moreover the authors stress the importance of geography enabling disabling the formation and representation of identities and their mutual contestation

Critical Pedagogy and Predatory Culture Peter McLaren, 2002-03-11 This book is a principled accessible and highly stimulating discussion of a politics of resistance for today Ranging widely over issues of identity representation culture and schooling it will be required reading for students of radical pedagogy sociology and political science
