

A scenic landscape at sunset or sunrise. A winding road leads through a field of tall grass towards a distant horizon. A rainbow is visible in the sky, arching over the landscape. The sky is filled with soft, golden light from the setting or rising sun. The overall mood is peaceful and contemplative.

The Path of Tibetan Buddhism His Holiness The Dalai Lama, 2011-09-01 A remarkable, accessible and rare overview of the key aspects of Tibetan Buddhism provided by His Holiness the Dalai Lama. The Path of Tibetan Buddhism presents a clear and straightforward road map to how we might end our experience of suffering and discover happiness, drawn by the most celebrated spiritual master of Buddhism, His Holiness the 14th Dalai Lama. In this insightful volume, not only does he describe what religion can contribute to mankind, but also accentuates the significance of truly practicing religion and understanding what it is that mankind really needs. Familiar for his ever smiling face and his message of love, compassion and peace, he explains the three turnings of the wheel of dharma, the purpose and the means of generating the mind of enlightenment, and the twelve links of dependent arising among other things. The three principal aspects of the path and the stages of the path to enlightenment, based on Je Tsongkhapa's the famous teacher of Tibetan Buddhism, own experience and realization, have also been beautifully described by the Dalai Lama in great detail. Here's an easily accessible and illuminating glimpse into the core of Tibetan Buddhism.

The Path of Serenity and Insight Henepola Gunaratana, 2016-01-01 In the oldest scriptures of Theravada Buddhism, much attention is given to the jhanas, high levels of meditative attainment distinguished by powerful concentration and purity of mind. Ven. Dr. Gunaratana examines these jhanas within the context of Buddhist teaching as a whole and particularly within the meditation disciplines taught by the Buddha. Beginning with the ethical foundation for meditation, the role of the teacher, the classical subjects of meditation and the appropriateness of these subjects to individual practitioners, the author traces the practice of meditation to the higher reaches of realization. The eight stages of jhana are individually analyzed and explained in terms of their relation to one another and to the ultimate goal of the teaching. The author makes the critical distinction between the mundane jhanas and supermundane jhanas, pointing out that the lower four, while leading to various mental powers and psychic attainments, are not necessary to full enlightenment and may be developed or bypassed as the meditator wishes. The author goes on to explain the place of the jhanas among the accomplishments of an arahant and elucidate their usefulness for a dedicated meditator.
