Styles for Web Designers surveys eight innovative contemporary visual design styles that break the mold and offer creative  
solutions to a variety of interactive design challenges Readers will learn practical ways to incorporate these design  
approaches into their commercial work using specific online examples as illustration In 2001 Cloninger wrote Fresh Styles  
for Web Designers arguing that beauty actually enhances usability Since then styles and technologies have evolved but  
clients still expect sites that both function well and visually entice This book will inspire web designers and developers to  
deliver sites that do both There are plenty of web design books that teach code There are several books about contemporary  
print design that discuss visual aesthetics This book stands out because it synthesizes experimental web design innovations  
with commercial marketing goals without ignoring usability concerns Peter Paul Rubens Anne-Marie S. Logan,Peter Paul
