## **The People Of God:**

*The People of God* Paul Basden, David S. Dockery, 2009-08-01 The term Believers Church refers to those who regard the church as the fellowship of regenerate followers of Jesus Christ Membership in these churches is founded on a voluntary confession of Jesus as Lord Each member has access to God in worship and prayer and accepts responsibility for carrying the gospel to the world The Word of God serves as the final authority in all matters of faith and practice Written by capable thinkers in the Believers Church tradition The People of God addresses key issues in the area of ecclesiology The contributions represent a wide variety of mature theological reflection Exploring these ecclesiological concerns from a theological biblical historical and contemporary perspective these essays reflect the unity and diversity of the Believers Church heritage

The Future of the People of God Andrew Perriman, 2010-07-01 At a time when the Western church is having to come to terms painfully and often reluctantly with its diminished social and intellectual status in the world following the collapse of Christendom we find ourselves as interpreters of Paul increasingly impressed by the need to relocate his writings in their historical context That is not a coincidence The Future of the People of God is an attempt to make sense of Paul's letter to the Romans at the intersection of these two developments It puts forward the argument that we must first have the courage of our historical convictions and read the text before Christendom from the limited shortsighted perspective of an emerging community that dared to defy the gods of the ancient world This act of imaginative critical engagement with the text will challenge many of our assumptions about Paul's gospel of God but it will also put us in a position to reconstruct an identity and purpose for the people of God after Christendom that is both biblically and historically coherent

**The People of God** Markus Barth, 1983-01-01 It makes no sense to do theological work in an ivory tower The necessity of defining the concept people of God may be illustrated by at least four elements of present day experience the baffling fate and often shocking politics of the State of Israel since the six day war in 1967 the anti Jewish elements which still shame many books written for the church and many Christian declarations about Israel the stuttering progress in matters of Jewish Christian unity and finally the need for a united and unequivocal testimony to Jesus Christ who is a Jew and the Son of God and as such the saviour of the world Markus Barth combines Pauline exegesis church history and dogmatics in this provocative contribution to an important contemporary debate

*The People of God Concept* Wilhelm Haller, 2024-08-27 The members of the new People of God do not live in the struggle against and in the separation from the others the evil ones the enemies but in an all connectedness that includes and accepts everyone so that at some point separation division and enmity may be abolished for them as well

**God's People in God's Land** Christopher J. H. Wright, 1990 In recent sociological approaches to the Old Testament Christians have been finding unexpected resources for their ethical reflection and action relative to the modern world's pressing social and economic dilemmas This unique survey by Christopher Wright examines life in Old Testament Israel from an ethical perspective by considering how the economic

facts of Israel's social structure were related to the people's religious beliefs. Observing the centrality of the family in social, economic, and religious spheres of Israelite life, Wright analyzes Israel's theology of land, the rights and responsibilities of property owners, and the socioeconomic and legal status of dependent persons in ancient Israel, wives, children, and slaves, showing the mutual interaction between such laws, institutions, and customs and the nation's covenant relationship with God. While primarily exegetical, *God's People in God's Land* contains many useful insights for Christian social ethics. Wright suggests how the ethical application of his findings might proceed as Christians with different theological perspectives and cultural contexts seek to work out the relevance of the Old Testament for today.

**Redemptive Kingdom Diversity** Jarvis J. Williams, 2021-09-28 This book provides a comprehensive biblical and theological survey of the people of God in the Old and New Testaments, offering insights for today's transformed and ethnically diverse church. Jarvis Williams explains that God's people have always been intended to be a diverse community. From Genesis to Revelation, God has intended to restore humanity's vertical relationship with God, humanity's horizontal relationship with one another, and the entire creation through Jesus. Through Jesus, both Jew and gentile are reconciled to God and together make up a transformed people. Williams then applies his biblical and theological analysis to selected aspects of the current conversation about race, racism, and ethnicity, explaining what it means to be the church in today's multiethnic context. He argues that the church should demonstrate redemptive kingdom diversity for it has been transformed into a new community that is filled with many diverse ethnic communities.

Scripture and the People of God John DelHousaye, Jeff T. Purswell, John J. Hughes, 2018-10-15 Scripture is the foundation for all of Christian life and ministry, but in our current age, it is being challenged, doubted, and in many cases, simply ignored. Wayne Grudem, one of evangelicalism's best-known theologians and authors, has worked tirelessly throughout his life to demonstrate the necessity, sufficiency, and centrality of Scripture. In his honor, Grudem's friends and colleagues, including John Piper, Thomas R. Schreiner, Sam Storms, Vern S. Poythress, John M. Frame, Gregg R. Allison, Erik Thoennes, and John DelHousaye, have compiled a series of essays on various topics central to Grudem's life and teaching. Exploring topics such as the nature of Scripture, the relationship between Scripture and doctrine, and the role of Scripture in life and ministry, this volume stands as a testimony to the enduring worth of God's Word.

**Serving the People of God's Presence** Terry L. Cross, 2020-10-27 Leading theologian Terry Cross articulates the doctrine of the church's ministry from a Pentecostal perspective, demonstrating how Pentecostals can contribute to and learn from the church catholic. This companion volume to Cross's previous book *The People of God's Presence* proposes a radical revision of the structural framework of the local church within the often-overlooked corporate priesthood of all believers. Cross explores principles for leadership and ministry from the New Testament and the early church, helping all believers to do the work of ministry.
