

THE PERFECT MACHINE

TELEVISION AND THE BOMB

JOYCE NELSON

The Perfect Machine Television And The Bomb

Marjorie Garber, Rebecca Walkowitz

The Perfect Machine Television And The Bomb:

The Perfect Machine Joyce Nelson,1992 *The Perfect Machine* Joyce Nelson,1987 Leaving Springfield John Alberti,2004 Since its first appearance as a series of cartoon vignettes in 1987 and its debut as a weekly program in 1990 The Simpsons has had multiple even contradictory media identities Although the show has featured biting political and social satire which often proves fatal to mass public acceptance The Simpsons entered fully into the mainstream consistently earning high ratings from audiences and critics alike Leaving Springfield addresses the success of The Simpsons as a corporate manufactured show that openly and self reflexively parodies the very consumer capitalism it simultaneously promotes By exploring such topics as the impact of the show s satire on its diverse viewing public and the position of The Simpsons in sitcom and television animation history the commentators develop insights into the ways parody intermixes with mass media to critique post modern society In spite of the longevity and high cultural profile of the show The Simpsons has so far attracted only scattered academic attention Leaving Springfield will be of importance to both scholars of media and fans of the show interested in the function of satire in popular culture in general and television in particular **Television Studies: The Basics** Toby Miller,2009-12-04 Television Studies The Basics is a lively introduction to the study of a powerful medium It examines the major theories and debates surrounding production and reception over the years and considers both the role and future of television Topics covered include broadcasting history and technology institutions and ownership genre and content audiences Complete with global case studies questions for discussion and suggestions for further reading this is an invaluable and engaging resource for those interested in how to study television **Secret Agents** Marjorie Garber,Rebecca Walkowitz,2013-10-18 When the American Bar Association recreated the trial of Ethel and Julius Rosenberg on the fortieth anniversary of their execution the jury acquitted the mock Rosenbergs finding that in today s courts they would not have been convicted of espionage The 1950s trial of the Rosenbergs on charges of Atomic Spying and stealing the secrets of the Atomic bomb was a major event of Cold War America galvanizing public opinion on all sides of the question Secret Agents presents essays by lawyers cultural critics social historians and historians of science as well as a reconsideration of the Rosenbergs by their younger son Robert Meeropol Secret Agents gives new resonance to a history we have for too long been willing to forget Rebel Without a Cause J. David Slocum,2005-09-27 Five decades after the production and initial release of Rebel Without a Cause this book examines both the complicated historical moment in which the film was made as well as its continuing and pervasive influence on film today The contributors track how the film continues to speak to diverse audiences as a touchstone for imagined anxieties over adolescence and coming of age traditional values of family and community threats from abroad and the provocations of mass or consumer society Although the specific sources and motivations for rebellion have shifted what has persisted is the film s singular power to represent rebellion in what could otherwise be seen as the everyday and to move viewers to ponder its causes **Beclouded Visions**

Kyo Maclear,1999-01-01 The trauma of Hiroshima and Nagasaki demonstrates the limits of dominant visual models such as photography for providing adequate historical memory The author argues that collective traumas suggest the need for a prolonged gaze such as can be provided by expressive art The Autobiography of a Schizoid Personality Larry Polin,2019-09-18 This is the remarkable story of an individual who experienced severe stress starting in the womb Growing up in a highly dysfunctional family he used intellectualization as a defense against overwhelming emotional pain A high academic achiever this young man was on the Dean s List at Brown University when he suffered a catastrophic neurological collapse Labeled as schizophrenic he was on the verge of death as his twentieth birthday approached Starting to jog he avoided his demise Four years later this individual found psychoanalyst Erich Fromm s The Sane Society while browsing in a bookstore Unable to work or communicate normally with people he began a long intellectual odyssey which ultimately involved the reading of thousands of books about American society Miraculously transformed by a bodywork technique developed by Moshe Feldenkrais he continued to live with severe stress due to his lack of social skills and the crazy making institutions of an aggressive society Nine years after relearning to use his body properly this man discovered psychoanalyst Alice Miller s For Your Own Good Hidden Cruelty in Child rearing and The Roots of Violence Reading many other books about child abuse and human development he began to understand the reasons which had caused his ordeal This engrossing story is a unique combination of memoir and academic study People interested in psychology education human development American culture and social criticism will find much to ponder in it Towers of Deception Barrie Zwicker,2006-09-01 A dozen carefully researched books have exposed the official story of 9 11 to be a terror fraud Yet the mainstream media have monolithically failed to ask elementary questions about anomalies in this story So called alternative media have been little better Towers of Deception explains why and prescribes actions to break out the truth Authored by a lifelong journalist who was for thirty five years a media critic Towers of Deception provides twenty six exhibits of evidence proving beyond a reasonable doubt that 9 11 was an inside job It then presents case histories of de facto censorship by mainstream media and examines the psychological phenomenon of denial False flag operations and psychological warfare are dealt with in detail as is the invisible government the powers pulling strings behind the scenes Following a profile of Dr David Ray Griffin as an authentic prophet of the 9 11 truth movement Towers of Deception urges people to speak truth to power and challenge all media Interspersed with photographs diary entries and inspiring profiles of those who see 9 11 truth as the Achilles heel of the neocon agenda Towers of Deception includes a professional quality DVD produced by the author The Great Conspiracy The 9 11 News Special You Never Saw **A Conspiracy of Images** John J. Curley,2013-12-03 An important new look at Cold War art on both sides of the Atlantic
