The Perfect Male:

Houdini, Tarzan, and the Perfect Man John F. Kasson, 2002-07-02 A remarkable new work from one of our premier historians In his exciting new book John F Kasson examines the signs of crisis in American life a century ago signs that new forces of modernity were affecting men s sense of who and what they really were When the Prussian born Eugene Sandow an international vaudeville star and bodybuilder toured the United States in the 1890s Florenz Ziegfeld cannily presented him as the Perfect Man representing both an ancient ideal of manhood and a modern commodity extolling self development and self fulfillment Then when Edgar Rice Burroughs s Tarzan swung down a vine into the public eye in 1912 the fantasy of a perfect white Anglo Saxon male was taken further escaping the confines of civilization but reasserting its values beating his chest and bellowing his triumph to the world With Harry Houdini the dream of escape was literally embodied in spectacular performances in which he triumphed over every kind of threat to masculine integrity bondage imprisonment insanity and death Kasson s liberally illustrated and persuasively argued study analyzes the themes linking these figures and places them in their rich historical and cultural context Concern with the white male body with exhibiting it and with the perils to it reached a climax in World War I he suggests and continues with us today **National Police Gazette and the Making of the Modern American Man, 1879-1906** G. Reel, 2006-04-03 This book analyzes the National Police Gazette the racy New York City tabloid that gained an audience among men and boys of the late nineteenth and early twentieth centuries Looking at how images of sex crime and sports reflected and shaped masculinities during this watershed era this book amounts to a story of what it meant to be an American man at the beginning of the American Century **Divine Sophia** Vladimir Sergeevich Solovyov, 2009 This personification of wisdom with golden hair and a radiant aura echoes both the eternal feminine and the world soul Rooted in Christian and Jewish mysticism Eastern Orthodox iconography Greek philosophy and European romanticism the Sophiology that suffuses Solovyov s philosophical and artistic works is both intellectually sophisticated and profoundly inspiring Judith Deutsch Kornblatt brings together key texts from Solovyov s writings about Sophia poetry fiction drama and philosophy all extensively annotated and some available in English for the first time with assistance from the translators Boris Jakim and Laury Magnus Amazon website **L'Allogène** Wolf-Peter Funk, 2004 Le trait intitulé L Allogène littéralement d'une autre race étranger est une apocalypse qui raconte la montée dans l'au-delà d'un personnage d'homme Allogène et les révélations qu'il y reçoit de la part de trois divins Ce trait appartient à un courant qui a développé après 220 de notre ère puisque il est inconnu d'Irène et d'Hippolyte probablement en Occident Vers 300 Porphyre dans sa Vie de Plotin déclare que le philosophe s'en prit à certains gnostiques qui produisaient des apocalypses de Zoroastre de Zostrien de Nicothée d'Allogène de Messos et d'autres figures du même genre 16 La plupart des spécialistes pensent que les traits Allogène et Zostrien retrouvés à Nag Hammadi NH XI 3 et VIII 1 doivent être identifiés aux révélations mentionnées par Porphyre L'Allogène appartient à un ensemble de écrits de signes sous l'appellation de traits platonisants sythiens qui comprend

Modernist Literary Collaborations between Women and Men Russell McDonald, 2022-10-27 Major figures including W B Yeats Marianne Moore D H Lawrence Ford Madox Ford and Virginia Woolf viewed cross sex collaboration as a valuable and often subversive strategy for bringing women and men s differing perspectives into productive dialogue while harnessing the creative potential of gendered discord This study is the first to acknowledge collaboration between women and men as an important part of the modernist effort to make it new Drawing on current methods from textual scholarship to read modernist texts as material socially constructed products of multiple hands the study argues that cross sex collaboration involved writers working not just with each other but also with publishers and illustrators By documenting and tracing the contours of their desire for cross sex collaboration we gain a new understanding of the modernists thinking about sex and gender relations as well as three related topics of great interest to them marriage androgyny and genius Gypsy Jessica

Be a Perfect Man Andrew J. Romig,2017-08-28 The life of an aristocratic Carolingian man involved an array of behaviors and duties associated with his gender and rank an education in arms and letters training in horsemanship soldiery and hunting betrothal marriage and the virile production of heirs and the masterful command of a prominent household In *Be a Perfect Man* Andrew J Romig argues that Carolingian masculinity was constituted just as centrally by the performance of *caritas* defined by the early medieval scholar Alcuin of York as a complete and all inclusive love for God and for fellow human beings flowing from the whole heart mind and soul The authority of the Carolingian man depended not only on his skills in warfare and landholding but also on his performances of empathy devotion and asceticism Romig maps *caritas* as a concept rooted in a vast body of inherited Judeo Christian and pagan philosophies shifting in meaning and association from the patristic era to the central Middle Ages Carolingian discussions and representations of *caritas* served as a discourse of power a means by which early medieval writers made claims both explicit and implicit about the hierarchies of power that they believed ought to exist within their world During the late eighth ninth and early tenth centuries they creatively invoked *caritas* to link aristocratic men with divine authority Romig gathers

conduct handbooks theological tracts poetry classical philosophy church legislation and exegetical texts to outline an associative process of gender ideology in the Carolingian Middle Ages one that framed masculinity asceticism and authority as intimately interdependent The association of power and empathy remains with us to this day Romig argues as a justification for existing hierarchies of authority privilege and prestige
