Spiritual Exercises Hans Urs von Balthasar, 2019-03-25 I would like one day Hans Urs von Balthasar wrote in 1952 to write a book on Ignatius of Loyola, the saint of whom I will always consider myself the least of sons. The Jesuit theologian from Switzerland, widely considered one of the greatest thinkers and spiritual writers of modern times, never got the chance to fulfill this dream. Instead, Balthasar's whole theology, from *Theo Drama* to *Dare We Hope That All Men Be Saved*, is imbued with the influence of Saint Ignatius, founder of the Society of Jesus and author of the *Spiritual Exercises*, a multi-week retreat guide that has rejuvenated Catholic spirituality since the sixteenth century. Throughout Balthasar's priestly life, he led countless retreatants in the Ignatian Exercises, accompanying them in their discernment of God's call. This anthology is an aid for those either giving or making an Ignatian retreat. Full of citations and equipped with four indexes as well as many texts never before translated into English, it sifts Balthasar's writings for insights into almost every element of Ignatius' libretto, sometimes diving into themes scarcely explored by others. Moreover, it maps out those hidden strains of Jesuit spirituality that run unnoticed through the theologian's oeuvre. Yet the book may help anyone at all who wants to engage more deeply with Jesus or come to grips with Church doctrine, for as Balthasar himself says, the *Spiritual Exercises* are both a great school of Christocentric contemplation and a genuine interpretation of the deposit of the faith. **The Love of Wisdom** Andrew

Davison, 2013-10-31 From the dawn of Western thought to the present day, *The Love of Wisdom* tells the story of philosophy as something intensely theological, both in its insights and its wrong turns. The book will be invaluable for any student of theology or intellectual history, and for anyone who wants to see the intellectual cogency of the Christian faith at its best. The intellectual tradition of the Church emerges clearly from this book as one of the glories of the Christian inheritance. Andrew

Davison argues that Christian thinkers will be more faithful to Christian teaching not less if they pay attention to philosophy Our thinking is always philosophical since we cannot think without categories or assumption Our philosophy may as well therefore be good philosophy By bringing our philosophy out into the open we can bring them under theological judgement Clear and articulate this book provides the philosophical background to Christian theology down the ages and examines the intellectual climate of our own times She is Everywhere! Lucia Chiavola Birnbaum,2005 She Is Everywhere An Anthology of Writing in Womanist Feminist Spirituality Perhaps the first womanist feminist anthology which includes women s voices from many cultural and spiritual traditions across the globe from past to present This book will be enormously useful and stimulating to women s studies classes and the emerging vibrant study of women s spirituality By venerating Her I am able to salute the divinity in all women and myself Luisah Teish We are at the brink of new age which will be defined by new concepts in science religion and the reclamation of the values of the Dark Mother Necia Harkless In my micro geography she is everywhere in a sweat lodge in Indian Canyon or in the Guadalupe chapel in San Juan Bautista in a field of blue corn in Aromas protected with corn dollies or in the Rodriguez Street Laundry in Watsonville Jennifer Colby In bringing memories of Her to the surface I feel reborn reconnected to the Earth reunited with my Great Mother Sandy Miranda Traveling to lands and sacred sites where evidence of the Goddess is irrefutable gives me a new spark and added hope Sardinia herself is the Great Mother Leslene della Madre The more women s voices I heard the more I came to see the Sacred Feminine as immanent the more I saw women who seemed to be filled with joy even in the midst of adverse circumstances Deborah Grenn

Come, Thief Jane Hirshfield,2013-02-05 A revelatory indispensable collection of poems from Jane Hirshfield that centers on beauty time and the full embrace of an existence that time cannot help but steal from our arms Hirshfield is unsurpassed in her ability to sink into a moment s essence and exchange something of herself with its finite music and then in seemingly simple inevitable words to deliver that exchange to us in poems that vibrate with form and expression perfectly united Hirshfield s poems of discovery acknowledgment of the difficult and praise turn always toward deepening comprehension Here we encounter the stealth of feeling s arrival as some strings untouched sound when a near one is speaking So it was when love slipped inside us an anatomy of solitude wrong solitude vinegars the soul right solitude oils it a reflection on perishability and the sweetness its acceptance invites into our midst How suddenly then the strange happiness took me like a man with strong hands and strong mouth and a muscular unblindfolded awareness of our shared political and planetary fate To read these startlingly true poems is to find our own feelings eloquently ensnared Whether delving into intimately familiar moments or bringing forward some experience until now outside words Hirshfield finds for each face of our lives its metamorphosing portrait its particular memorable singing and singular name Love in August White moths against the screen in August darkness Some clamor in envy Some spread large as two hands of a thief who wants to put back in your cupboard the long taken silver *The Politics of Culture in Soviet Azerbaijan, 1920-40* Audrey Altstadt,2016-06-23 The early Soviet

Union's nationalities policy involved the formation of many national republics within which nation building and modernization were undertaken for the benefit of backward peoples. This book, in considering how such policies were implemented in Azerbaijan, argues that the Soviet policies were in fact a form of imperialism with nation building and modernization imposed firmly along Soviet lines. The book demonstrates that in Azerbaijan and more widely among western Turkic peoples the Volga and Crimean Tatars there were before the onset of Soviet rule well developed forward looking secular national movements which were not at all backward and were different from the Soviets. The book shows how in the period 1920 to 1940 the two different visions competed with each other with eventually the pre Soviet vision of Azerbaijani culture losing out and the Soviet version dominating in a new Soviet Azerbaijani culture. The book examines the details of this Sovietization of culture in language policy and the change of the alphabet in education, higher education and in literature. The book concludes by exploring how pre Soviet Azerbaijani culture survived to a degree underground and how it was partially rehabilitated after the death of Stalin and more fully in the late Soviet period.

Textual Warfare and the Making of Methodism Brett C. McInelly, 2014-05-15

Textual Warfare and the Making of Methodism argues that the eighteenth century Methodist revival participated in and was produced by a rich textual culture that includes both pro and anti Methodist texts and that Methodism be understood and approached as a rhetorical problem as a point of contestation and debate resolved through discourse. Methodist belief and practice attracted its share of negative press and Methodists eagerly and publically responded to their critics and the controversy generated by the revival ensured that Methodism would be conditioned by textual and rhetorical processes whether in published polemic and apologia or in private diaries and letters as Methodists navigated the complexities of their spiritual lives and anti Methodist efforts to undermine their faith. While it may seem obvious to conclude that a controversial movement would be shaped by controversy, Textual Warfare examines the specific ways Methodist belief, practice and self understanding were filtered through the anti Methodist critique, the particular historic and cultural conditions that informed this process and the overwhelming extent to which Methodism in the eighteenth century was mediated by texts and rhetorical exchange. The proliferation of print media and the relative freedom of the press in the eighteenth century, the extent to which society generally and Methodism specifically promoted literacy and a cultural sensibility predisposed to open debate on matters of public interest ensured the development of a public sphere in which individuals came together to deliberate in conversation and in print on a range of issues relevant to the larger community. It was within this sphere that Methodist religiosity, including the intensely private nature of spiritual conversion, became matters of civic concern on an unprecedented scale and that Methodism ultimately took its form.
