The Permanent War Economy American Capitalism In Decline:

The Permanent War Economy Seymour Melman, 1974 **The Permanent War Economy** T. N. Vance, 1970 **US Capitalist Development Since 1776** Douglas Dowd, 2016-09-16 First Published in 1994 This comprehensive work views U S history through the analytical framework of the capitalist process The highlights of the book are it weaves together economic history with the history of economic ideas to give a new perspective on the contemporary connections between the economic and social processes provides an analytical and historical explanation of capitalism as a socioeconomic system discusses the past and present functioning of the business system as a system of power with emphasis on the 1970s 1980s and the stagnation of the 1990s analyses the relationship between structures of income wealth and power and class color and gender and critically looks at the development and nature of the capitalist state **Rethinking Theory and History in the Cold War** Richard Saull, 2001 Rethinking Theory and History in the Cold War focuses on what we mean by politics and international relations and how such assumptions have come to determine our understanding of the Cold War Using an historical materialist method the author criticizes conventional conceptions of international politics that tend to focus on the agency of and relations among states and offers an alternative historical sociology of the Cold War through an analysis of the relationship between formal political authority and socio economic production Seen from this perspective the state the modern conceptions of politics can be seen as products of a capitalist modernity in which politics is based on the separation of the spheres of politics in the state and economics in civil society **BOOK JACKET** **Eyeing the Red Storm** Robert M. Dienesch, 2016-04 In 1954 the U S Air Force launched an ambitious program known as WS 117L to develop the world's first reconnaissance satellite The goal was to take photographic images from space and relay them back to Earth via radio Because of technical issues and bureaucratic resistance however WS 117L was seriously behind schedule by the time Sputnik orbited Earth in 1957 and was eventually cancelled The air force began concentrating instead on new programs that eventually launched the first successful U S spy satellites Eyeing the Red Storm examines the birth of space based reconnaissance not from the perspective of CORONA the first photo reconnaissance satellite to fly but rather from that of the WS 117L Robert M Dienesch's revised assessment places WS 117L within the larger context of Dwight D Eisenhower's presidency focusing on the dynamic between military and civilian leadership Dienesch demonstrates how WS 117L promised Eisenhower not merely military intelligence but also the capacity to manage national security against the Soviet threat As a fiscal conservative Eisenhower believed a strong economy was the key to surviving the Cold War and saw satellite reconnaissance as a means to understand the Soviet military challenge more clearly and thus keep American defense spending under control Although WS 117L never flew it provided the foundation for all subsequent satellites breaking theoretical barriers and helping to overcome major technical hurdles which ensured the success of America's first working reconnaissance satellites and their photographic missions during the Cold War **Defense and the Economy** United
