Louis Archard

The Hungarian Uprising:

Seven Days of Freedom Noel Barber, 1974 **Hungarian Uprising** Louis Archard, 2018-01-30 When the world held its breath It is more than 25 years since the end of the Cold War It began over 75 years ago in 1944 long before the last shots of the Second World War had echoed across the wastelands of Eastern Europe with the brutal Greek Civil War The battle lines are no longer drawn but they linger on unwittingly or not in conflict zones such as Syria Somalia and Ukraine In an era of mass produced AK 47s and ICBMs one such flashpoint was Hungary Soviet troops had occupied Hungary in 1945 as they pushed towards Germany and by 1949 the country was ruled by a communist government that towed the Soviet line Resentment at the system eventually boiled over at the end of October 1956 Protests erupted on the streets of Budapest and as the violence spread the government fell and was replaced by a new more moderate regime However the intention of the new government to withdraw from the Warsaw Pact and declare neutrality in the Cold War proved just too much for Soviet leader Nikita Khrushchev Soviet forces had intervened at the beginning of events to help the former regime keep order but were withdrawn at the end of October only to return in November and quell the uprising with blunt force Thousands were arrested many of whom were imprisoned and more than 300 executed An estimated 200 000 fled Hungary as refugees Despite advocating a policy of rolling back Soviet influence the US and other western powers were helpless to stop the suppression of the uprising which marked a realization that the Cold War in Europe had reached a stalemate One Day That Shook the Communist World Paul Lendvai, 2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai's breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise One Day That Shook the Communist World is the best account of these unprecedented events Hungarian Uprising 1956 A.J.
