THE IMPOSSIBLE THEATRE

**THE CHICHESTER
FESTIVAL THEATRE
ADVENTURE**
by its founder-
Leslie Evershed - Martin
with a foreword by Laurence Olivier

'Impossible'

By T. S. F.

CHICHESTER'S new Festival Theatre will open on Tuesday largely because Mr. Leslie Evershed-Martin did not know that the whole thing was quite impossible.

He had no first-hand experience of the theatre, though he runs one of those businesses which the Press is perpetually anxious to mention because it is supposed to be advancing. But he was content to ask an adviser, and Mr. T. S. F. has been the adviser. He has been the adviser. He has been the adviser.

The Impossible Theatre The Chichester Festival Theatre Adventure:

The Impossible Theatre Leslie Evershed-Martin, 1971 The Chichester Theatre first opened its doors to the public in 1962 In this book the founder himself has set down how he achieved the impossible how he acted on his idea how he got his backing practical and financial how the theatre was designed how he persuaded Sir Laurence Olivier to become its first director and how near disaster the first season was *Geometry and Atmosphere* C. Alan Short, Peter Barrett, Alistair Fair, Monty Sutrisna, 2016-12-05 Drawing on detailed design construction and financial histories of six prominent Performing Arts buildings with budgets ranging from 3 4 million to over 100 million *Geometry and Atmosphere* presents unique and valuable insights into the complex process of building for the arts Each theatre project from tailor made spaces for avant garde companies to iconic and innovative receiving houses yields surprising and counter intuitive findings For each of the six projects the authors have interviewed all those involved Combining these interviews with exhaustive archival research the authors then provide cross case analysis which is distilled into guidance for all stakeholders as they transform their initial vision into built reality In particular the book challenges the technical focus of existing design guides for the Performing Arts by suggesting that current practice in briefing and design does not serve the Arts community especially well It shows that there is a need for an approach in which the focus is firmly rooted in the delivery of the driving artistic vision As well as being of interest to architects urban designers and those involved in theatre studies this book will be useful to other sectors where public money is spent on major building projects *Revived with Care* Peter Malin, 2020-11-29 This book presents a ground breaking comprehensive study of the modern performance history of plays in the John Fletcher canon excluding his collaborations with Shakespeare It examines how seventeen of Fletcher's plays have been interpreted in British productions In addition the book offers a consideration of the contexts in which these productions took place from the early twentieth century Elizabethan Revival to the more politicized theatrical cultures of the 1960s and beyond *Revived with Care* opens a window on some of the theatrical developments of the past 135 years in the context of radical changes in the presentation and reception of early modern drama while for theatre practitioners it provides ideas and inspiration for exploring little known but powerful plays in exciting new productions The book will be of great interest to students scholars and practitioners working in the field of theatre and performance studies *The National Theatre Story* Daniel Rosenthal, 2013-11-07 Winner of the STR Theatre Book Prize 2014 *The National Theatre Story* is filled with artistic financial and political battles onstage triumphs and the occasional disaster This definitive account takes readers from the National Theatre's 19th century origins through false dawns in the early 1900s and on to its hard fought inauguration in 1963 At the Old Vic Laurence Olivier was for ten years the inspirational Director of the NT Company before Peter Hall took over and in 1976 led the move into the National's concrete home on the South Bank Altogether the NT has staged more than 800 productions premiering some of the 20th and 21st centuries most popular and controversial plays including *Amadeus* The

Romans in Britain Closer The History Boys War Horse and One Man Two Guvnors Certain to be essential reading for theatre lovers and students The National Theatre Story is packed with photographs and draws on Daniel Rosenthal's unprecedented access to the National Theatre's own archives unpublished correspondence and more than 100 new interviews with directors playwrights and actors including Olivier's successors as Director Peter Hall Richard Eyre Trevor Nunn and Nicholas Hytner and other great figures from the last 50 years of British and American drama among them Edward Albee Alan Bennett Judi Dench Michael Gambon David Hare Tony Kushner Ian McKellen Diana Rigg Maggie Smith Peter Shaffer Stephen Sondheim and Tom Stoppard

Modern Playhouses Alistair Fair, 2018-03-16 Modern Playhouses is the first detailed study of the major programme of theatre building which took place in Britain between the 1950s and the 1980s Drawing on a vast range of archival material much of which had never previously been studied by historians it sets architecture in a wide social and cultural context presenting the history of post war theatre buildings as a history of ideas relating not only to performance but also to culture citizenship and the modern city During this period more than sixty major new theatres were constructed in locations from Plymouth to Inverness Aberystwyth to Ipswich The most prominent example was the National Theatre in London but the National was only the tip of the iceberg Supported in many cases by public subsidies these buildings represented a new kind of theatre conceived as a public service Theatre was ascribed a transformative role serving as a form of productive recreation at a time of increasing affluence and leisure New theatres also contributed to debates about civic pride urbanity and community Ultimately theatre could be understood as a vehicle for the creation of modern citizens in a consciously modernizing Britain Yet while recognizing as contemporaries did that the new theatres of the post war decades represented change Modern Playhouses also asks how radically different these buildings really were and what their mainstream architecture reveals of the history of modern British architecture and of post war Britain

Plays, Poems, and Miscellaneous Writings Associated with George Villiers, Second Duke of Buckingham George Villiers Duke of Buckingham, 2007 George Villiers Second Duke of Buckingham was one of the most controversial figures of the late 17th century He was the principal author of The Rehearsal 1671 a burlesque play This edition addresses the difficulties in both attribution and annotation that almost all of his works present

Olivier Philip Ziegler, 2013-09-12 Hollywood superstar Oscar winning director greatest stage actor of the twentieth century The era abounded in great actors Gielgud Richardson Guinness Burton O Toole but none could challenge Laurence Olivier's range and power By the 1940s he had achieved international stardom His affair with Vivien Leigh led to a marriage as glamorous and as tragic as any in Hollywood history He was as accomplished a director as he was a leading man his three Shakespearian adaptations are among the most memorable ever filmed And yet at the height of his fame he accepted what was no more than an administrator's wage to become the founding Director of the National Theatre In 2013 the theatre celebrates its fiftieth anniversary without Olivier's leadership it would never have achieved the status that it enjoys today Off stage Olivier was the most extravagant of

characters generous yet almost insanely jealous of those few contemporaries whom he deemed to be his rivals charming but with a ferocious temper With access to more than fifty hours of candid unpublished interviews Philip Ziegler ensures that Olivier's true character at its most undisguised shines through as never before **An Historical Atlas of Sussex** Kim Leslie, Brian Short, 1999 Sussex East and West has been well served by fine cartographers over the past four centuries but this exciting work is no mere collection of historic maps All 70 maps are completely new and original presenting the history of Sussex in a way never previously attempted Prepared by leading experts they plot a huge diversity of subject matter ranging from prehistoric times to the present day and each is accompanied by a text which places it in context and reveals a remarkable amount of new research From the geological structure of Sussex to the Saxon settlement that gave the county its name and from 17th century inns to the patterns of employment and commuting in the late 20th century including such contemporary issues as the Health Service education and planning so much of the past and the life of the county that can be illuminated by a map has been included This major new work of reference is the result of a partnership between the University of Sussex the Sussex Archaeological Society and East and West Sussex County Councils The editors have worked closely with the University's Cartographic Department to produce maps of high quality and accuracy to ensure that this millennial volume is a landmark publication of which Sussex can be proud *The Divided Laing* Patrick Marmion, 2017-07-05 London 1970 Experimental psychiatrist R D Laing is facing eviction from his pioneering asylum in the East End's Kingsley Hall Local residents are up in arms and to make matters worse Ronnie's revolutionary colleague David Cooper is flipping out on the roof With his personal life going down the pan and his mental state heading the same way Ronnie takes an acid trip to the future His mission is to save his therapeutic collective The Philadelphia Association and secure his professional legacy Will it be a one way ticket to madness or can breakdown sometimes mean breakthrough
