The Industrial Age Economy Society In Britain 1750 1985

Francois Bedarida

The Industrial Age Economy Society In Britain 1750 1985:

The Industrial Age Charles More,1993 *The Industrial Age* Charles More,2014-06-11 A new edition of this popular single volume survey of the British economy from industrialisation to the present day This key text has been updated to cover a further decade of Britain s economic and social fortunes In particular the chapters on the industrial revolution have been extensively revised and there is a new chapter on environmental history The Industrial Age marshals a wealth of statistical and other evidence using economic theory to analyse recent British economic change *The Birth of Industrial Britain* Kenneth Morgan,2013-11-14 The Industrial Revolution had a profound and lasting effect on socioeconomic and cultural conditions in Britain The Birth of Industrial Britain examines the impact of early industrialisation on British society in the century before 1850 coinciding with Britain s transition from a late pre industrial economy to one based on industrialisation and urbanisation This fully revised and updated second edition provides a comprehensive range of pedagogical material to support the text including a Glossary of terms people and parliamentary acts new primary source documents and a brand new Chronology and Who s Who section The Birth of Industrial Britain provides an essential up to date synthesis of the impact of the Industrial Revolution on British society for students at all levels **A Social History of England 1851-1990**

Francois Bedarida,2013-06-17 In this the second edition of A Social History of England Francois B darida has added a new final chapter on the last fifteen years The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market Making full use of the Annales school of French historiography B darida takes his inquiry beyond conventional views to penetrate the attitudes behaviour and psychology of the British people

The Industrial Age Charles More,1997 This is a new edition of the popular single volume survey of the British economy from the industrialisation to the present day It contains chapters on the industrial revolution which have been revised to incorporate new thinking **English Media Texts □ Past and Present** Friedrich Ungerer,2000-12-04 This book is among the first to combine a historical view of media texts with a critical look at their textual diversity today The thirteen chapters cover corpora of early news papers and pamphlets present day news stories and commentaries TV talk shows and commercials as well as internet presentations The studies focus on the wide range of text types in 18th century newspapers and the interpersonal strategies of pamphlets they pursue the development of the persuasive potential of headlines and advertisements right down to the sophisticated postmodernist and multilingual examples of today Other topics are the definition and structure of news stories and commentaries the interpersonal and multi modal aspects of talkshows and more radically the questioning of the journalist s role in the age of the internet Generally the stress is on the attention getting side of media texts rather than on the manipulative qualities investigated by critical discourse analysis *A Bibliography of British History, 1914-1989* Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in

the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Longman Companion to Britain Since 1945** Chris Cook, John Stevenson, 2014-09-09 This timely new edition of the Longman Companion to Britain since 1945 compiled by the series editors themselves provides a wide ranging compendium of key facts and figures on British history from the start of the landmark Attlee government in 1945 to the final years of the 1990s The book embraces all major aspects of British history government and society reflecting the massive social political and economic changes that have transformed the face of Britain since the end of the Second World War Fully revised and updated this new edition covers the advent of Tony Blair the electoral victory of New Labour in 1997 and the major constitutional changes currently underway in Britain This book will be invaluable to anyone interested in the history and politics of post war Britain from students and teachers to party activists and lovers of reader friendly reference books **Social Mobility in Nineteenth- and Early Twentieth-Century England** A. Miles, 1999-04-12 This pioneering book provides the first systematic historical analysis of occupational and social mobility in England Using a collection of over 10 000 marriage certificates to examine inter generational change and almost 500 autobiographical texts and abstracts to explore the dynamics of career mobility it shows how the development of the nineteenth century economy was accompanied by rising rates of mobility which made English society more open while at the same encouraging a distinct process of working class formation *Building European Society* Andrew Miles, David Vincent, 1993
