## **The Later Roman Colonate And Freedom:**

**The Later Roman Colonate and Freedom** Miroslava Mirković, 1997 The aim of the research in this study is not to create a new theory of the origin of the colonate but to show the circumstances surrounding it Tax Debts Coloni Iuris Alieni Indebted Adscripticii Capita without Iugera Barbarians on Roman Territory Inquilini People without Domicile Conclusion Appendix Select Bibliography indices

**Later Roman Colonate and Freedom** Miroslava Mirkovic, 2007-12-01 The aim of the research in this study is not to create a new theory of the origin of the colonate but to show the circumstances surrounding it Tax Debts Coloni Iuris Alieni Indebted Adscripticii Capita without Iugera Barbarians on Roman Territory Inquilini People without Domicile Conclusion Appendix Select Bibliography indices

**Law and Society in the Age of Theoderic the Great** Sean D. W. Lafferty, 2013-07-25 Provides new insights into Rome's collapse challenging long held assumptions that Theoderic's reign was a golden age for Italy

*Constructing Communities in the Late Roman Countryside* Cam Grey, 2011-08-25 This book is the first comprehensive treatment of the small politics of rural communities in the Late Roman world It places the diverse fates of those communities within a generalized model for exploring rural social systems Fundamentally social interactions in rural contexts in the period revolved around the desire of individual households to insure themselves against catastrophic subsistence failure and the need of the communities in which they lived to manage the attendant social tensions inequalities and conflicts A focus upon the politics of reputation in those communities provides a striking contrast to the picture painted by the legislation and the writings of Rome's literate elite when viewed from the point of view of the peasantry issues such as the Christianization of the countryside the emergence of new types of patronage relations and the effects of the new system of taxation upon rural social structures take on a different aspect

*The Civilian Legacy of the Roman Army*, 2024-06-24 The Roman army represented an important social and organizational reference model for the Romano Barbarian societies which progressively replaced the Western Empire in the transition from Late Antiquity to Early Middle Ages The great flexibility of the decision making and organizational solutions used by the Roman army allowed the new lords to readapt them and thus maintain power in early medieval Europe for a long time From a perspective ranging from political social and economic history to law anthropology and linguistic this book demonstrates how interesting and fruitful the investigation of this specific cultural imprint can be in order to gain a better understanding of the origins of the civilization that arose after the fall of the Roman world Contributors are Francesco Borri Fabio Botta Francesco Castagnino Stefan Esders Carla Falluomin Stefano Gasparri Wolfgang Haubrichs Soazick Kerneis Luca Loschiavo Valerio Marotta Esperanza Osaba Walter Pohl Jean Pierre Poly Pierfrancesco Porena Iolanda Ruggiero Andrea Trisciuglio Andrea A Verardi and Ian Wood

**Transfigurations of Hellenism** László Török, 2021-11-29 This book deals with the architecture and visual arts in late antique early Byzantine Egypt as an organic part of the art of the Mediterranean region in the period between the 3rd and 8th centuries The richly illustrated book discusses the survival and transformations of

Hellenistic themes and forms in the Roman and late antique periods It also presents a history of Coptic art history

*Transfigurations of Hellenism* is an outstanding addition to this scholarship tracing out in detail the continuity of the Hellenistic tradition in Egyptian art All scholars of late antiquity will find much of interest in this fine work Stanley M Burstein California State University Los Angeles *Romans, Barbarians, and the Transformation of the Roman World* Ralph W. Mathisen, Danuta Shanzer, 2016-04-08 One of the most significant transformations of the Roman world in Late Antiquity was the integration of barbarian peoples into the social cultural religious and political milieu of the Mediterranean world The nature of these transformations was considered at the sixth biennial Shifting Frontiers in Late Antiquity Conference at the University of Illinois at Urbana Champaign in March of 2005 and this volume presents an updated selection of the papers given on that occasion complemented with a few others These 25 studies do much to break down old stereotypes about the cultural and social segregation of Roman and barbarian populations and demonstrate that contrary to the past orthodoxy Romans and barbarians interacted in a multitude of ways and it was not just barbarians who experienced ethnogenesis or cultural assimilation The same Romans who disparaged barbarian behavior also adopted aspects of it in their everyday lives providing graphic examples of the ambiguity and negotiation that characterized the integration of Romans and barbarians a process that altered the concepts of identity of both populations The resultant late antique polyethnic cultural world with cultural frontiers between Romans and barbarians that became increasingly permeable in both directions does much to help explain how the barbarian settlement of the west was accomplished with much less disruption than there might have been and how barbarian populations were integrated seamlessly into the old Roman world **Honorius** Chris Doyle, 2018-08-06 Honorius explores the personal life and tumultuous times of one of the last emperors of the Roman West From his accession to the throne aged ten to his death at thirty eight Honorius reign was blighted by a myriad of crises military rebellions political conspiracies barbarian invasions and sectarian controversies The notorious sack of the city of Rome occurred on Honorius watch and much of the western empire was given over to anarchy and violence This book should interest undergraduates research students and professional scholars Given the enduring appeal of the fall of Rome and the collapse of western Roman civilization the wider public should also find much of interest *Late Antiquity in Contemporary Debate* Rita Lizzi Testa, 2017-03-07 Late Antiquity once known only as the period of protracted decline in the ancient world Bas Empire has now become a major research area In recent years a wide ranging historiographic debate on Late Antiquity has also begun Replacing Gibbon's categories of decline and decadence with those of continuity and transformation has not only brought to the fore the concept of the Late Roman period but has made the alleged hiatus between the Roman Byzantine and Mediaeval ages less important while also driving to the margins the question of the end of the Roman Empire This has broadened the scope of research on Late Antiquity enormously and made the issue of periodization of crucial significance The resulting debate has escaped the confines of Europe and now embraces almost all historiographic cultures around the world

This book sheds new light on this debate collecting papers given at the 22nd International Congress of Historical Sciences CISH ICHS in Jinan China They recall key moments of the discovery of the world of Late Antiquity and show how it is possible to reach a definition of an age analysing different sectors of history using disparate sources and with the guidance of very varied interpretative models *Social and Political Life in Late Antiquity - Volume 3.1* William Bowden,Adam

Gutteridge,Carlos Machado,2006-12-31 This book examines a number of themes relating to social and political life in Late Antiquity The first part of the book considers how the powers of the emperor state and civic authorities were expressed in the physical environment and how coinage and material culture were caught up in the political life of the period The second part investigates the middle classes and the poor who are often less visible in archaeological textual and epigraphic records Other articles consider such topics as long term social evolution and the definition of time in Late Antiquity Two extensive bibliographic essays provide an overview of published literature relating to social and political life **A Companion to**

**Priesthood and Holy Orders in the Middle Ages** Greg Peters,C. Colt Anderson,2015-11-02 In *A Companion to Priesthood and Holy Orders in the Middle Ages* a select group of scholars explain the rise and function of priests and deacons in the Middle Ages Though priests were sometimes viewed through the lens of function the medieval priesthood was also defined ontologically those marked by God who performed the sacraments and conformed the Eucharist While their role grew in importance medieval priests continued to fulfil the role of preacher confessor and provider of pastoral care As the concept of ordination changed theologically the practices and status of bishops priests and deacons continued to be refined with many of these medieval discussions continuing to the present day *Letting and Hiring in Roman Legal Thought: 27 BCE - 284 CE*

Paul Du Plessis,2012-04-19 Building on the pioneering work undertaken by Fiori 1999 on Roman conceptual thought about letting and hiring this book fills an important gap in the current scholarly literature **The Oxford Handbook of**

**European Legal History** Heikki Pihlajamäki,Markus D. Dubber,Mark Godfrey,2018-06-28 European law including both civil law and common law has gone through several major phases of expansion in the world European legal history thus also is a history of legal transplants and cultural borrowings which national legal histories as products of nineteenth century historicism have until recently largely left unconsidered The Handbook of European Legal History supplies its readers with an overview of the different phases of European legal history in the light of today's state of the art research by offering cutting edge views on research questions currently emerging in international discussions The Handbook takes a broad approach to its subject matter both nationally and systemically Unlike traditional European legal histories which tend to concentrate on heartlands of Europe notably Italy and Germany the Europe of the Handbook is more versatile and nuanced taking into consideration the legal developments in Europe's geographical fringes such as Scandinavia and Eastern Europe The Handbook covers all major time periods from the ancient Greek law to the twenty first century Contributors include acknowledged leaders in the field as well as rising talents representing a wide range of legal systems methodologies areas of

expertise and research agendas      Slavery in the Late Roman World, AD 275–425 Kyle Harper, 2011-05-12 Capitalizing on the rich historical record of late antiquity and employing sophisticated methodologies from social and economic history this book reinterprets the end of Roman slavery Kyle Harper challenges traditional interpretations of a transition from antiquity to the Middle Ages arguing instead that a deep divide runs through late antiquity separating the Roman slave system from its early medieval successors In the process he covers the economic social and institutional dimensions of ancient slavery and presents the most comprehensive analytical treatment of a pre modern slave system now available By scouring the late antique record he has uncovered a wealth of new material providing fresh insights into the ancient slave system including slavery's role in agriculture and textile production its relation to sexual exploitation and the dynamics of social honor By demonstrating the vitality of slavery into the later Roman empire the author shows that Christianity triumphed amidst a genuine slave society      *Jurists and Jurisprudence in Medieval Italy* Osvlado Cavallar, Julius Kirshner, 2020-10-01 *Jurists and Jurisprudence in Medieval Italy* is an original collection of texts exemplifying medieval Italian jurisprudence known as the *ius commune* Translated for the first time into English many of the texts exist only in early printed editions and manuscripts Featuring commentaries by leading medieval civil law jurists notably Azo Portius Accursius Albertus Gandinus Bartolus of Sassoferrato and Baldus de Ubaldis this book covers a wide range of topics including how to teach and study law the production of legal texts the ethical norms guiding practitioners civil and criminal procedures and family matters The translations together with context setting introductions highlight fundamental legal concepts and practices and the milieu in which jurists operated They offer entry points for exploring perennial subjects such as the professionalization of lawyers the tangled relationship between law and morality the role of gender in the socio legal order and the extent to which the *ius commune* can be considered an autonomous system of law      **The Roman Colonate** Roth Clausen, 1925      *Local Economies?*, 2016-04-26 The Roman economy was operated significantly above subsistence level with production being stimulated by both taxation and trade Some regions became wealthy on the basis of exporting low value agricultural products across the Mediterranean In contrast it has usually been assumed that the high costs of land transport kept inland regions relatively poor This volume challenges these assumptions by presenting new research on production and exchange within inland regions The papers supported by detailed bibliographic essays range from Britain to Jordan They reveal robust agricultural economies in many interior regions Here some wealth did come from high value products which could defy transport costs However ceramics also indicate local exchange systems capable of generating wealth without being integrated into inter regional trading networks The role of the State in generating production and exchange is visible but often co existed with local market systems Contributors are Alyssa A Bandow Fanny Bessard Michel Bonifay Kim Bowes Stefano Costa Jeremy Evans Elizabeth Fentress Piroska H rshegyi Adam Izdebski Luke Lavan Tamara Lewit Phil Mills Katalin Ottom nyi Peter Sarris Emanuele Vaccaro Agn s Vokaer Mark Whittow and Andrea Zerbini      *Late Antiquity* Glen Warren

Bowersock,1999 In 11 in depth essays and over 500 encyclopedia entries an international cast of experts provides essential information and fresh perspectives on the history and culture of an era marked by the rise of two world religions and political upheavals Schiavitù e servaggio nell'economia europea. Secc. XI-XVIII = Serfdom and Slavery in the European Economy

Simonetta Cavaciocchi,2014 Il volume esamina i rapporti di lavoro non contrattuali schiavit e servaggio che a lungo contraddistinsero l'economia europea sia pure con andamenti assai diversi nelle differenti aree I saggi in esso contenuti esaminano la evoluzione del servaggio visto come il lato economico del regime signorile e delle diverse forme di sottomissione personale fino alla vera e propria tratta degli schiavi di cui i mercanti europei furono protagonisti mettendo in luce una situazione assai pi complessa e articolata di quanto gli schemi interpretativi tradizionali lasciassero intuire

Thought, Culture, and Historiography in Christian Egypt, 284-641 AD Tarek M. Muhammad,Cornelia Römer,2021-03-01 This book contains 15 papers which were presented by specialists from Europe and Egypt at two conferences held at Ain Shams University Egypt in 2014 and 2015 Eight of the articles deal with the history of Late Antique Egypt in its manifold aspects from monasticism and Coptic manuscripts to the organization of the Arab conquest The other seven contributions provide new writings from that historical period published here for the first time or give new readings of texts earlier known as inscriptions papyri and ostraca and offer a close up look at the historical setting outlined in the first part of this book

## The Enigmatic Realm of **The Later Roman Colonnade And Freedom**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary.
