The Latin Church In Cyprus 1195-1312:

The Latin Church in Cyprus, 1195-1312 Nicholas Coureas, 2016-12-05 This is a study of the first century of the Latin Church on Cyprus following the island's loss to the Byzantine empire and its conquest by Richard the Lionheart in 1195. It covers both secular and regular clergy and deals with the complex relations between church and crown, the nobility and the urban Latin population within the island as well as its relations with the papacy and the other Latin churches of the East. Not least it analyses the troubled relations between the Latin and the Orthodox churches. An important feature of the book is the new light thrown on the links between the Church of Cyprus and the Latin patriarchs of Jerusalem and Antioch and on the expansion of the Latin Church in the East in the Byzantine territories conquered following the Fourth Crusade. This book is the first in-depth account of the religious history of the Latin kingdom of Cyprus which was the most durable of all the Latin states established by the Crusaders in the Eastern Mediterranean.

The Greek Church of Cyprus, the Morea and Constantinople during the Frankish Era (1196-1303) Elena Kaffa, 2014-06-26 This book provides a concise presentation of the Greek Church of Cyprus, the Morea and Constantinople during the earlier part of the Frankish Era 1196-1303. It examines the establishment of the Latin Church in Cyprus, the Morea and Constantinople and the consequences that followed. Moreover, the text analyses the relations between the Greek Church in Cyprus, the Morea and Constantinople with the Latin Church. At the same time it demonstrates the relationship between the Greek Church of Cyprus, the Morea and Constantinople and the secular authorities.

The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide-ranging in its scope, *The Oxford Dictionary of the Christian Church* is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology, churches and denominations, patristic scholarship and the Bible to the church calendar and its organization, popes, archbishops, other church leaders, saints and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations, for example non-Western European Christianity, as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCC has established itself as an essential resource for ordinands, clergy and members of religious orders and an invaluable tool for academics, teachers and students of church history and theology, as well as for the general reader.

Queens, Princesses and Mendicants Nikolas Jaspert, 2019 The decades between ca 1280 and

ca 1380 were marked by a striking affinity to the Mendicant orders on the part of many female members of royal and princely courts And yet Queens Princesses and Mendicants is both an innovative and comparatively neglected juxtaposition in medieval studies for historical research has generally tended to neglect the relationship between Mendicants and aristocratic women This volume unites twelve articles written by experts from seven European countries The contributions cover a wide array of medieval European kingdoms in order to facilitate direct comparisons Was affinity towards the Mendicants a prevalent phenomenon in the late Middle Ages Can one even term philomendicism a late medieval European movement The collection of essays provides answers to these and other questions within the field of gender religious and cultural history

K. Walsh, Peter W. Edbury, Nicholas S.H.

Coureas, 2016-12-05 There was a time seven centuries ago when Famagusta's wealth and renown could be compared to that of Venice or Constantinople The Cathedral of St Nicholas in the main square of Famagusta serving as the coronation place for the Crusader Kings of Jerusalem after the fall of Acre in 1291 symbolised both the sophistication and permanence of the French society that built it From the port radiated impressive commercial activity with the major Mediterranean trade centres generating legendary wealth cosmopolitanism and hedonism unsurpassed in the Levant These halcyon days were not to last however and a 15th century observer noted that following the Genoese occupation of the city a malignant devil has become jealous of Famagusta When Venice inherited the city it reconstructed the defences and had some success in revitalising the city's economy But the end for Venetian Famagusta came in dramatic fashion in 1571 following a year long siege by the Ottomans Three centuries of neglect followed which combined with earthquakes plague and flooding left the city

in ruins The essays collected in this book represent a major contribution to the study of Medieval and Renaissance Famagusta and its surviving art and architecture and also propose a series of strategies for preserving the city's heritage in the future They will be of particular interest to students and scholars of Gothic Byzantine and Renaissance art and architecture and to those of the Crusades and the Latin East as well as the Military Orders After an introductory chapter surveying the history of Famagusta and its position in the cultural mosaic that is the Eastern Mediterranean the opening section provides a series of insights into the history and historiography of the city There follow chapters on the churches and their decoration as well as the military architecture while the final section looks at the history of conservation efforts and assesses the work that now needs to be done
